THE DRAFT.

The Franklin Repository of Nov. 16th says:-The draft was commenced on Monday for the deicencies in the whole five counties of this district, at the office of Capt. Eyster in this place. The draft in Somerset Bedford and Fulton was supplementary, quota for deserters, exemptions, &c. In Adams and Franklin the draft was the first under the call for 500,000 men as those counties almost entirely filled their quotas by volunteers. The following is the

number draited in ea	Quota.	No. Drafted
Adams	42	84
Bedford	150	300
Franklin	38	76
Fulton	66	132
Somerest	80	160

The above is only for deficencies on the last call for 500,000 men. All of the counties are still some what in arrears on the former call for 700,000 men: but no draft has yet been ordered at all. The total deficency under that call in the district is but 291. and the surplus of certain districts is 108, so that there are but 183 men due the government in the whole five counties under that call, and they could be exempted on the payment of commutation in accordance with the law under which the draft was or-

What is meant by deficiency is this-Franklin, for instance, has a surplus on the first call in all the subdistricts but three; Southampton, Hamilton and Warren-making an aggregate deficiency of 6 to 44 of a surplus. Each district is entitled to its own credit for its surplus, and it cannot be given to defaulting districts-The districts are entitled to a credit for their surplus or any, future call, and the deficient districts msut make up their quotas regardless of the surplus in neighboring districts.

It is worthy of remark that in the intensely Democratic counties the response to the calls of the gov. ernment is most feeble. Bedford has some 350 defaulting conscripts; but we are glad to learn that active measures are in progress to bring them into service- A number of them are now reporting. They see that the country is not going to be given over to anarchy, and they have wisely concluded that prompt obedience is the better part of valor. Quite a contrast did Somerset present. Capt. Eyster furloughed 250 of them for five days, and they reported on the day almost to a man. About 160 of them left for Carlisle with huzzas for Lincoln, and they will make the best of soldiers.

ARMY THE JAMES Nov. 9th 1864 EDITOR INQUIRER :-

The enlisted men of Company H 208th Regiment, purchased a beautiful horse, saddle and bridle, from Capt. Wishart, of Wells Valley, and presented them to Major Bobb of the 208th reg. P. V.

The presentation was made by John E. Satterfield of Co. K. in a short but a very appropriate speech, which was replied to by the Major by way of a stering and patriotic address to the soldiers of the company-Holding up to them the cause of our country, thanking them for the honor they had conferred on him. while he is always willing to stand by then whether in battle or on the tented field; hoping that none will shrink from their duty. The Major is worthy of the gift conferred upon him by them as

SNYDER .- In the Hospital at Winchester, Va., Oct.

SNYDER.—In the Hospital at Winchester, Va., Oct. 22d, A. D., 1864, JONATHAN SNYDER, Orderly Sergeant of Company D, 128th Regiment, P. V., aged 32 years, 8 months amd 3 days.

The deceased feli mortally wounded at Bell Grove, near Cedar Run, Va., on Wednesday, October 19th, during the rebel flank attack upon Gen. Sheridan's forces, on the morning of that day. Amidst much intense suffering from his fatal wound, he was carried four miles to the rear by his comrades, and there placed in an ambulance and conveyed to Winchester, where he lingered until the morning of the 22d, and then passed into eternity, falling asleep, as we fondly hope, in the Lord Jesus, the only Sariour of sinners. According to a requst made by him a short time prior to receiving his mortal wound, his body was disinterred at Winchester and brought by a relative, a member of the same company and regiment, to his paternal homo in Monroe township, this county, and there again committed to the earth by the sepulchral rites of the church of which he was a member. On Monday afternoon, Nov. 7th, his mortal remains were consigned to the silent grave, amidst much weeping, there to slumber amidst the mouldering ashes of his ancestry. He served in the ranks of our country's brave defenders for upwards of two years, and finally fell a victim to this most unnatural and unjustifiable rebelliom. He was not only a brave and faithful soldier, but also a very successful teacher, an estimable citizen, a generous friend, a kind and affectionate brother, and a worthy member of the German Reformed Church.

CRAIN.—David Craix, aged 20 years and 4 months, a member of Co. E. 138th Regiment, P. V., was killed at Cedar Creek, on the 19th of October, 1884. He fell in the charge of the enemy made on the morning of that day. His death was instantancous. Without a straggle or a groan he passed into eternity. After the repulse of the foc, and the return of the army to their first position, the body of this dear youth was recovered, and carefully interred by his comrades. His

terred by his comrates. His less was deeply left, and at was generally admitsed that a nobler youth and timer so dier did not survive him in the regiment to which he was attached. He has been in the service two years, but though expised to all the temptations incident to such a life, he was free from all the vices into which many of our soldiers so readily fall, and attentive to the private duties of religion, although he had never made a public purpossion of faith. FOUTZ'S CELEBRATED HORSE AND CATTLE POWDERS.

THESE Powders have proved, after a trial of several years, to be superior to any preparation of the kind in use. The chief superiority of these powders arises from the fact that they are composed of medicines that have Lazative, Tonic and Purifying properties. The lazative ejects crudities from the stomach and intestines, exactive ejects crudities from the stomach and intestines, be tonic gives strength to the system of the Horse, and he purifying medicines contained in them cleanse the lood, and lay the foundation for a vigorous and healthy ironlation. The use of them improves the wind, strengthes the appetite and gives the horse a fine, smooth and glosvy skin.—thus improves the skin-thus improving the appearance, vigor and sport this noble animal.

sy skin—thus improving the appearance, vigor and spirit of this noble animal.

These powders are not intended, as most powders are to bloat the azimal, so as to give him the appearance of being fat when not really so—but to remove the disease and promote his general health.

These powders will strengthen the stomach and intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure prevention of Lung Fever, and a certain remedy for all diseases incident to the Horse, as Glanders, Vellow Water, Distempers, Founder, Heaves, Slavering, Coughs, Fevers Loss of Appetite and Vital Energy, &c.—These powders, if used two or three times a week, through the winter and spring, your horses will never get the Lung Fever Coric or Botts. A few doses of these powders will remove the worst cough, on any horse. Were owners of horses to feed a few of these powders every year, they might save the lives of many valuable horses.

MILCH COWS.

The properties this powder possesses in increasing the quantity of milk in cows, gives it an importance and value which should place it in the hands of every person keeping a cow. In fattening cattle, it gives them an ap-petite, loosens their hide, and makes them thrive much

these powders in a barrel of swill, the above diseases can be cured or entirely prevented. By using these powders the hog cholera can be prevented.
