IMPORTANT TO THE PUBLIC. The Correction of the Enrollment.

The correction of the National Enrollment is of the first importance. Where it is excessive, quotas are increased and unjust burdens imposed.

HOW THIS SHOULD BE DONE. In a matter of this kind, organization is what is wanted to insure success.

DECEASED PERSONS. These will be stricken off on the certificate of the proper enrolling officer on the affidavit of two citizens stating the time of death as nearly as possible.

PERSONS IN MILITARY SERVICE. Committees will please confine their attention to such as have entered the service otherwise than through this office.

PERSONS REMOVED. All persons who have removed permanently and in good faith from the District, or from one Town or Township in the District to another, will be stricken off on the application of two citizens whose sworn statement of the time and manner of removal, together with the present residence of the party, if known, should be filed.

TWO YEARS' SERVICE. Those that have served two years in the present war are entitled to be stricken off. The discharge of such with an oath of identity is sufficient.

OVER OR UNDER AGE. Persons who claim to be stricken off on account of being over 45 or under 20 years of age, must bring their own affidavits, stating the day of their birth.

ALIENS. These must file an affidavit setting forth the date and place of birth; the port at which they were landed, as well as the time; their several places of residence since in this country, with the length of time at each; and that they have never filed a declaration of intention to become citizens, nor have voted or attempted to vote at any election in any State.

man entitled to credit, and believe his statement to be true.

PHYSICAL DISABILITY. The Board is allowed to strike off, for manifest permanent physical disability. It is impossible to make this term any plainer. The infirmities for which the Board are permitted to strike off, must be both manifest and permanent.

PERSONAL APPEARANCE. Those claiming exemption for two years' service, over or under age, and physical disability should appear in person. But a cursory examination will be given the last class. Those that do not feel themselves permanently and manifestly disabled should not appear.

GENERAL OBSERVATIONS. A copy of the enrollment may often facilitate and curtail the work of Committees. This will be furnished the Townships in the remoter Counties on application. Only Committees, not individuals, need apply.

So soon as the present draft is completed the Board of Enrollment, or a part of it, will visit the several County seats of the District, for the purpose of correcting the lists. Due public notice of the time of visiting each County will be given. The citizens are urged to hold themselves in readiness to attend.

Persons of unsuitable age, those afflicted with permanent ailments, those that have seen two years' service, and all others who can attend should be urged to do so.

Where it is desired to have a person enrolled who has escaped enrollment, moved into the Township, or become twenty one years of age, application in writing should be made by one or more citizens.

The appropriate government stamps must be affixed to all affidavits. The Board is instructed to say that if the opportunity now offered to correct enrollments is neglected, no attention will in future be given to complaints about excessive quotas.

THE BOARD IS INSTRUCTED TO SAY THAT IF THE OPPORTUNITY NOW OFFERED TO CORRECT ENROLLMENTS IS NEGLECTED, NO ATTENTION WILL IN FUTURE BE GIVEN TO COMPLAINTS ABOUT EXCESSIVE QUOTAS.

HEADQUARTERS, PROVOST MARSHAL, SIXTEENTH DISTRICT, PENNSYLVANIA, Chambersburg, December 6th, 1864.

I have been directed to make public the following advertisement. The Board of Enrollment will be in session daily at Chambersburg for the purpose of striking off the names indicated below, unless absent under orders or engaged in the more urgent duty of examining drafted men. It is desired that enrolled men, calling with the view of having their names stricken off, present themselves in the afternoon, between one and four o'clock. The Board will cheerfully inform applicants by letter of the quantity and character of proof required in special cases.

GEORGE BRYER, Capt. and Pres. 14th Dist. Pa.

In order to secure the assistance and co-operation of the people in the endeavor to keep the enrollment lists continually correct, the Enrollment Boards have been directed to have copies of said lists kept open to the examination of the public at all proper times, and shall give public notice that any person may appear before the Board and have any name stricken off, if he can show, to the satisfaction of the Board, that the person named is not properly enrolled, on account of,

1st. Alienage. 2d. Non-residence. 3d. Over age. 4th. Permanent physical disability, of such a degree as to render the person not a proper subject for enrollment under the laws and regulations.

5th. Having served in the military or naval service two years during the present war, and been honorably discharged. Especially civil officers, clergymen, and all prominent citizens are invited to appear at all times before the Board to point out errors in the lists, and to give such information in their possession as may aid in the correction and revision thereof.

They should understand that it is plainly for the interest of each sub-district to have stricken from the lists all names improperly enrolled, because an excess of names increases the quotas called for from each sub-district; and that it is equally for the interest of each person enrolled in a given sub-district to have upon the lists all persons in the sub-district liable to do military duty, because the greater the number to be drawn from the list the less chance that any particular individual will be drawn. It is the personal interest of every enrolled man that the quota in which he is concerned shall not be made too large, and that his own chances for draft shall not be unjustly increased; both these objects will be attained if all parties will aid in striking out the wrong names and putting in the right ones. Especially is this the interest of those drafted men who by putting in substitutes themselves liable to draft, have secured exemption, which, by the terms of the law, holds good only until the present enrollment is exhausted in their sub-districts. Men who are over 40 years of age, and in consequence exempted by law from the performance of duty in the field, owe it to the cause and to the country to take a zealous and active part in the correction of the enrollment lists, a military service of the first importance. The law requires that be assigned in proportion to the enrollment, and the fairness and justice of the mode of determining the amount of military service due from each and every section of the country, cannot be doubted, if the enrollment is made as nearly perfect as it is possible to make it. The amount of service due to the nation from every town and county, is thus laid fairly and squarely before the citizens, and it is expected that a higher motive than a selfish interest, will prompt all to do their share in perfecting the enrollment, and securing a just and efficient execution of the laws for raising troops, whenever it becomes necessary to apply them. By order of

MAJ. RICHARD I. DODGE, A. A. P. M. Gen'l. WILLIAM SCHEFFLER, Capt. and A. A. Gen'l.
