

OUR TERMS, as we have published conspicu ously for more than six months, are \$2,00 strictly in advance, \$2,25, if three months or more in arreas \$2,50 after the close of the year. No considerat n who wishes our and his paper to prosper, wil ask it for less. It costs us more than three times a much to print it now, than it cost our predecesso three years ego. Paper, the chief item of expense cost him 325.00 a year. It is now costing us for paper, at the rate of \$1313.76 a year! Our other expenses are happily not increased in this propor-tion, but they are more than double what they were, at the time we speak of. These facts may be taken as an ungent request for every subscriber to pay up his arreas, and if convenient make an advance payment. We need money! WE ARE VERY MUCH IN NEED OF MONEY!! WE MUST HAVE MONEY!!!

AN APPRENTICE to learn the art of Printing, will be received in this office. Application should be made immediately.

The Democrats in Council.

The remnant of the forlorn Democracy held a meeting in the Court House, on Monday evening. The constant process of purging the party of "rene gades" is becoming perceptible in the thinned ranks of the unterrified. The Court House on this occasion was but moderately filled with a melancholy and sorrowing audience.

O. E. Shannon, Esq., was the first speaker. His remarks were based upon Greenbacks, Negro Suffrage, and Gen. Coffroth's vote on the amenda to the Constitution. He said the greenback system was dangerous to the laboring community, as s many men turned their attention to speculation. The country was flooded with paper currency, and everybody was turning speculator, and consequently the farming interest suffered. He could not see now the farmers would get their grain harvested, owing to the scarcity of hands; that the scarcity of aborers could not be attributed to the number of men in the army, but owing to the speculation that absorbed the attention of so many; and the cause of all this speculation was attributable to the Green back currency. He next turned his attention to Negro Suffrage. The admission of a colored attorney to practice in the Supreme Court of the United States, a few days since, gave him great fears that the day was not far distant when the negro would step up to the polls and vote with the white men with whom he was talking, which he was not ready for, and hoped the Democracy would yet get into power to prevent such an outrage upon intelligent eople. He was particularly severe upon Gen. Coffroth for his late vote in favor of the amendment to the Constitution abolishing slavery. He could not tell why this vote was given, as he was elected on the principle of the Constitution as it is, and the Union as it was. May be money had something to do with it, and may be he (Gen. Coffroth) expected by giving this vote that he might be assisted in his contest with Gen. Koontz. He told the Democracy that they must be more careful in the future in the selection of candidates, and nominate none but the simon-pure men who would not betray them in the hour of need. Again, he would prefer Gen. Koontz to Coffroth at this time, and one would suppose from his remarks in relatiou to this particular case, that he regretted that he ever gave his vote to the recreant member of Congress from Somerset. He (Shannon) declared that he was neither Pro-Slavery or Anti-Slavery, and did not care three continentals which way it was settled; but he did not believe we had the authority or power to amend the Const. tution. He gave several illustrations to show that

Mr. Meyers, of the Gazette, was the next speaker. He commenced by saying that there was no issue before the Democracy at this particular time. He appeared before them for the purpose of placing himself right before the people on the proposed amendment to the Constitution. It had been remarked by some of his good friends (who lately left the Democratic party) that he (Meyers) favored the vote of Gen. Coffroth. He declared once for all that he did not favor the course of Mr. Coffroth. and, further, that he believed the proposed amendment to be Unconstitutional. He wished the Democracy purified; and men who refused to subscribe to the tried principles of Democracy thrown overboard. He finally concluded that the Democracy had a great work before them. The question of negro suffrage was now, or soon would be, upon them, and then it was necessary to have a perfec organization of their party, in order to defeat fanat-

he was right, which illustrations his hearers could

If Gov. Curtin hears of the proceedings of this If Gov. Curtin hears of the proceedings of this meeting, and the speech of Mr. Meyers, he will certainly conclude that his friends are to be found in the Democratic party of Bedford. Mr. Meyers applauded him for his manliness in showing the administration its faults and rascality, in the number of men it required of Pennsylvania to fill our defiof men it required of Pennsylvania to fill our deficiency on former drafts. He was searcely applauded during his remarks, and one would suppose, from his manuer of speaking, that he still fears that the simon-pure Democracy of this county refuse to endorse his sayings, owing to his former political

OUR QUOTA.-Present appearances indicate that the Borough's quota (20) will not be filled by volunteer enlistments, for the reason that the bounties are not forthcoming by subscription. The amount necessary to be raised is \$9,000; which if equally distributed among those liable to draft in the borough, would be \$100 each-there being ninety-two on the list. Thirty-five hundred dollars was subscribed a few days ago, and the matter came to a stand. It seems to us that if a concerted effort be made, the

The property of this company is all owned in fee simple and is all paid for, and consists of the following tracts:

1st. That valuable island, known a the "Lower Stamp
Creck Island," containing 2 acres and 93 perches, situated in the Allegheny river, at the mouth of the Clarion river.

Og this sisland a derrick was erected in the spring of 1861, and an engine placed on the grounds, but the war breaking out, the parties sold off and enlisted.

2d. The "Upper Stump Creck Island," situated but a few rods above the lower island, containing 4 acres and 30 perches, 4 acres of which are owned by this company, on which are erected a house, stable, &c. Neither of these islands is liable to overflow, and both are well protected by steene, and trees against washing. By reference to the map of Pennsylvania, it will be observed that the Clarion river, empties into the Allegheny at a point due south from Oil Gregt, and as oil is found at Freeport, on this line turther south, we have every reason to believe that these islands are in the very centre of the great oil belt of Pennsylvania. Besides all this, they lie for below the coal measures.

Gentlemen.—Having stated it verbally to you, I have no hesitation, in writing the fact, that I experienced marked benefit from your Hoofland's German Bitters. During along and tedious session of Congress, pressing and onerous duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be similarly advantaged if they desire to be.

Truly your friend,

TROMAS B. FLORENCE.

From John B. Wickersham, Esq., firm of Wickersham t Hutchison, the celebrated Manufacturers of Fancy-ron Works, 259 Canal St.

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz: that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhea.

During the long time I was suffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain until I was induced to try Hoofland's German Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely cradicated.

I often inwardly thank you for such a valuable specific and, whenever I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Truly yours,

Truly yours, John B. Wickersham.

From the Hon. JACOB BROOM,

Philadelphia, Oct. 7th, 1863.

Gentlemen: In reply to your inquiry as to the effect produced by the use of Hoofland's German Bitters, in my family, I have no hesitatien in saying that it has been highly beneficial. In one instance, a case of dyspepsia of thirteen years' standing, and which had become very distressing, the use of one bottle gave decided relief, the second effecting a cure, and the third, it seems, has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual use of it 1 find it to be an unequalled tonic, and sincerely recommend its use to the sufferers.

Truly yours,

JACOB BROOM,
