

BEDFORD, PA., FRIDAY, MAY 12, 1865.

RELIGIOUS NOTICE .- The Sacrament of the Lord's Supper will be administered in the Lutheran Church, in Bedford, on Sunday morning, May the 14th, at half-past ten o'clock. Preparatory services on Saturday afternoon at 2 o'clock.

Persons handing in advertisement will be charged with them, unless otherwise directed. Professional gentlemen handing in Auditor's Notices will be charged with them, and in no instance will we depart from this rule. When they collect their own fees they must also collect printers' fees, or do as we have done, time and again, loose them.

Found DEAD .- While a gentleman name Border was fishing about one mile above Hopewell, on last Saturday, in the Raystown Branch, he discovered a small child floating in the water. He took proper steps to have it recovered. The child was supposed to be several months old and to have been in the water for several days. The widow of a soldier had stopped in the neighborhood a short time previous with a small child, answering the description of the one found. The clothes were identified as the same. The mother has isappeared.

LATER.-Since the above was put in type the mother, named Imler, has been lodged in jail for the murder of the child. She states that she gave an Irish woman two hundred dollars to raise the child and that she had left it with her. We refrain from comment

Within the last few days several papers marked about thus: "Stop myah papersir; returned to the editor," have been received through the Post Office, without giving us the least imaginable idea in regard to the office returned from. We circulate between twelve and thirteen hundred copies of the INRUIRER, and there are hundreds of names on our list that are strangers to us. How is it possible. then, for us to know where a paper is returned from in such an instance, unless the Post Office is named? In the future, if it becomes necessary to return papers to us, we hope the Postmaster will have sufficient foresight to give the name of the subscriber and his Post Office addres.

SLANDER .- I have known a country society which withered away all to nothing under the dry rot of gossip only. Friend ships once as firm as granite dissolved to jelly and than ran away to water, only be

cause of this love that promised a future as enduring as heaven and as stable as truth, evaporated in morning mist that turned to a day's long tears, only because of this a father and a son were set foot to foot with the fiery breath of an anger that would never cool again between them, only because of this; and a husband and his young wife, each straining at the hated leash which in the beginning at the nater least which in the beginning had been the golden bondage of a god-blessed love, sat mournfully by the side of the grave where all their love and all their joy lay buried, also because of this. I their joy lay buried, also because of this. have seen faith transformed to mean doubt ope give place to grim despair, and charity take on itself the features of black malevol ence, all because of the spell words of scandal

and the magic mutterings of gossip. Great crimes work great wrongs, and the deeper tragedies of humanlife spring from its larger passions; but woful and most melancholy are the uncatalogued tragedies that issue from gossip and detraction; most mournful the shipwreck often made of noble natures and lovely lives by the bitter winds and dead salt watere of secondal. So easy to say, yet so hard to disprove—throwing on the innocent all the burden and the strain of demonstrating theirinnocence, and punishing them as guilty if unable to pluck out the stings they never see, and, to silence words they never hear-gossip and slander are the deadliest and the

immediately opposite this property, with excel-lent prospects of success. The presenting the above basis to the public, it is confidently believed that it cannot be excelled by that of any other company yet organized. The two leases on Cherry Run are themselves worth more than the territories of many companies which profess to be based upon a million capital. The Cherry Run region has proved to be the sur-est oil-producing territory 'yet discovered. Nine-tenths of the wells bored on this stream have been successful. The great "Reed" well, flowing 375 and in fact nearly all of the large wells yet strack, are located on Cherry Run. It is proposed to sell a sufficient number of storiby for the territory and to raise work-ing capital for its development, at the low price of *isoriber to this fund on the ground-flow*, and gir-*ing each subscriber a pro rata interest in the ter-ritory, engines, and other property of the company,* as well as the shares of stock remaining unold after the purchase money and working expital are raised. FROM THE HON. THOS. B. FLORENCE:

Washington, January I, 1864. Gentlemen.—Having stated it verbally to you, I have no hesitation, in writing the fact, that I ex-perienced marked benefit from your Hoofland's German Bitters. During along and fedious session of Congress, pressing and onerous duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his ad-vice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be sim-ilarly advantaged if they desire to be. Truly your friend, THOMAS B. FLORENCE.

From John B. Wiekersham, Esq., firm of Wiek-ersham & Hutchison, the celebrated Manufac-turers of Fancy-Iron Works, 269 Canal St. I am the recipient from you of one of the great-est favors that can be conferred upon man, viz: that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhes. During the long time I was suffering from this disease, I was attended by regular physicians, giv-ing me but temporary relief. The cause seemed to remain until I was induced to try Hoofland's Ger-man Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated.

DEATH OF "OLD HANNIBAL,"-The world renowned performing animal, "Old Hannibal," who for almost half a century has been the greatest wonder of the animal kingdom. died at Centreville, in this county, on last Sunday morning, the 7th inst., at 7.51 o'clock A. M. Hannibal was attached to the combined Menagarie and Circus which exhibited here on last Friday. He displayed evidences of indisposition and feebleness several days previously at McConnellsburg, and it required House. When, oh when, will the people great labor and perseverence to get him across the mountains to Bloody Run. On Fridayhe was very ill, having steadily refused food for several days. He left here on Saturday morning, with a very unsteady step, for Centreville, where he died on Sabbath morning Hannibal was the largest animal ever exhibited on this continent. His hight was 11 feet 8 inches, and his weight was ascertained to be 15,000 pounds, or seven and one-half tons. He consumed 300 pounds of hav. 3 hibited to the wondering and admiring millions. Many interesting and instructive an-

ecdotes are related of this wonderful quadru ped which we would most willingly relate did space permit, but we can only give hima passing notice and leave others to record his history as it merits to be.

The watchman who spent the last night with the living Hannibal, reports him as having been very restless during the night, frequently shifting his position, lying down and little paper called the Sixth Corps, printed at position half an hour. When it became ap- cept our thanks. parent that his end was approaching, a crowd

of persons assembled to see this ponderous and tremendously vigorous animal expire. Fears were entertained lest in his dying agonies some one might be hurt, but all precau tion was unnecessary. Hannibal at the time above stated, stretched himself to full length and died without a struggle, without a quiver, as if faintly sleeping. So ends 'Old Hannibal;' a sadness came upon us at the solemn anacement. His proprietors were telegraph ed from Camberland, who gave orders that he should be interred without robbing him of any of his natural ornaments.

USTICES ELECT.

From the Hon. JACOB BROOM,

Yours truly

JULIUS LEE.

From the Hon. JACOB BROOM, Disawamen: In reply to your inquiry as to the effect produced by the use of Hoofland's German Bitters, in my family, I have no hesitatien in say-ing that it has been highly beneficial. In one in-stance, a case of dysepsis of thirteen years' stand-ing, and which had become very distressing, the use of one bottle gave decided relief, the second effecting a cure, and the third, it seems, has con-firmed the cure, for there has been no symptoms of its return for the last six years. In my individ-ual use of it 1 find it to be an unequalled tonic, and sincerely recommend its use to the sufferers. Truly yours, JACOB BROM. Truly yours, JACOB BROOM, 1707 Spruce St.

1707 Sprace St. Rev. W. D. Seigfried, Pastor of 12th Baptist Church Philadelphia, December 26th, 1863. Messes, Jones & Evrans-Gentiemen:--I have for indigestion, accompanied by a prostration of the nervus system. Numerous remedies were recommended by friends, and some of them tested, but without relief. Your Hoodfand's German Bit-ters were recommended by persons who had tried them, and whose favorable mention of the Bit-ters induced me also to try them. I must confess the "thousand and one" quack "Bitters" whose only aim seems to be to palm off sweetened and yay; and the tendency of which, I far, is to make many a confirmed drunkard. Upon learn-ing that yours was really a mediciae preparation to only the stomach, but upon the nervous sys-tem your system, and gratifying. I feel that f have derived great and permanent benefit from the us of a few bottles. Ver respectfully yous, No. 354 Shuckamaxon St. Farina: Extracts for flavoring and Spices of all

From the Rev. Thos. Winter, D. I have for years, at times, been troubled with great disorder in my head and ner-vous system. I was advised by a friend to try a bottle of your German Bitters, I did so, and have exprienced great and unexpected relieft my health has been every materially benefited. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects. Respectfully yours, T. WINTER, Roxhorough, Pa.
