

TO OUR FRIENDS.

The war has drawn rapidly to a close, and public questions are becoming more profoundly important and interesting than ever they were before. Not only the adjustment of the terms of peace, and the future constitutional relations of the states, but all the momentou measures of finance and taxation will need to be discussed within the next four years. No citizen will be able to make up his mind intelligently on these subjects without the aid of the newspapers, which have now become the great forum of public discussion.

On all public questions the INQUIEER ha clear, decided, well established principles, which it means to utter with its usual bold ness and freedom. The preservation of our National Integrity at all hazards; Universal Liberty for all men; Freedom of Speech, and of the Press; the Limitation of the Powers of the Government; Economical and Equal Legislation; and the Just Distribution of Taxes-these are among the leading prin iples that it designs to maintain with all its ability and zeal, yet with moderation and judgment. Its tone, as beretofore, will be outspoken, candid and fearless, but in strict bservance of all the recognized courtesies of public debate.

We trust that the principles and aims of the INQUIRER will ensure from its old friends he same generous support and encourage ment which they have given it in years past, and that its usefulness will be greatly increas ed by a large accession of new names to its st of subscribers.

RAILWOAD .- The engineers on the eastern nd of this important work, left here last week to make the necessary surveys between this point and Chambersburg. The surveys

between this place and the summit of the Allegheny mountain have been perfected. Three different routes have been thoroughly examined; the Northern, or Deeter's run, the cen tral, or Dry Ridge, and the Southern or Bridgeport. The latter route leads through the celebrated Sand Patch Tunnel. This route t is said, can be graded with less expense than either of the others. Whether this is pared to say. Should it be adopted, and the road built, there will not be much less than forty miles of railroad in this county. If this does not open up the hidden treasures in our vallies, hills and mountains, we are not pre

pared to say what will. It will take the engineer corps, which left here, at least two months to complete the survey to Chambersburg. Until this is done, we cannot expect anything to be done, in the

way of putting it under contract. We had ought, in all probability, the short distance etween this point and Mount Dallas, would have been put under contract immediately

upon the opening up of Spring, but the Company have determined otherwise. It must be evident to the Company that Bedford, until the completion of the work, will be one of the most important points along the road.

The completion of the Bedford railroad, by EDITOR OF INQUIRER: this Company, at an early moment, would remove all the doubts of those who have per-

McClure, whose property was destroyed by the rebels, at the burning of Chambersburg, offers a reward of \$1,000 for the arrest and delivery to the anthorities of Franklin county, of F. W. Smith, the son of the renowned "Extra Billy," and a Cap-tain of the rebel army. This F. W. Smith is the man who ordered the destruction of Colonel McClure's property last summer.

A NATIONAL cemetary is to be established at Antietam, and the Legislature of Mary-land has appropriated 37,000, expecting each State whose soldiers tell in the fight to appropriate as much. FROM MISSISSIPPI.—A New Orleans dis-patch mentions that the rebel Governor of Mississippi has called the State Legialature together, and has announced that the laws of the State will, for the present, remain in force. We think he will soon find that his services are no longer needed, and that prob-ably his presence will be required at Wash-ington or Fort Lafayette. THE PLUNDER .--- Nothing is said of the

gold Jeff. Davis was supposed to have ta-ken with him from Richmond, and the imession is that none of it fell into our pos-sion. There was a rumor some time ago that a considerable portion of the money had been left in North Carolina, and still another rumor that it had been divided among his escort.

THERE is on duty at Fort Washington, on the Potomac, a veteran soldier, Sergeant Joseph Cameron, who has been in the ser-vice since 1806, two years longer than Gen. Scott. He has been on duty at Fort Wash-ington constantly during the last thirty-six veters. Sergeant Cameron was born on the 19th of April, 1790.

A SENSIBLE CONCLUSION .- The London *Times* has come to the conclusion that much mischief has been caused by the utterance in England of "loose ideas" respecting the United States. It seeks, therefore, to make binted States. It seeks, increases, to make some amends for its own delinquencies, by devoting a leader to unqualified praise of the statesmanlike qualities of which Presi-dent Johnson, in its judgment, shows himself possessed

A movement has been put on foot at Boston to carry the plan into effect.

The New York *Herald*, the great organ of Democracy, is out in favor of negro suf-frage, and insists that the negro must be enfranchised "as the last clinching blow to treason." How are you, Copperheads? You may *follow*, but you are a little two late to lead

During along and tedious session of Congress, pressing and onerous duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his ad-vice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be sim-ilarly advantaged if they desire to be. Truly your friend, <u>THOMAS B. FLORENCE.</u>

From John B. Wickersham, Esq., firm of Wick-ersham & Hutchison, the celebrated Manufac-turers of Fancy-Iron Works, 259 Canal St. I am the recipient from you of one of the great-est favors that can be conferred upon man, viz: that of health. For many years have I suffered from one of the most annorize and debilitations

that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhea. During the long time I was suffering from this disease, I was attended by regular physicians, giv-ing me but temporary relief. The cause seemed to remain until I was induced to try Hooftand's Ger-man Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated. I often inwardly thank you for such a valuable specific and, whenever I have an opportunity, cheerfully recommend it, with full confidence in its reliability.
