POPULAR EDUCATION.

Thoughtful minds were never more actively or anxiously engaged on this subject than at the present moment.

It is, shall be recorded in history as scarcely less than a miracle, and historians shall put their genius to the proof to account for it.

If, then, popular education is a subject that has heretofore been worn threadbare, it has now assumed a phase, such cardinal relations to the future of our republic, that we cannot, in reason, deny it a rehearing.

We speak of popular education, mainly because the two words are so associated to the ears that they seem to belong together.
