Resolved, That in presenting the name of the Hon. John Cessna, as the choice of the Republican party, of Bedford County, for Governor of Pennsylvania, we offer a eandidate in every respect fully qualified for the important and honorable position. His neighbors who have long and intimately known him, present him to their Republican brethern throughout the State as a genuine patriot,

NEW YORK, Jan. 10,-The time for the reception of applications for space at the Paris Universal Exposition, has been extended from the first of January to the first of March next. Our producers, mechanics and artisans will have further opportunity to send in their applications for space to the agent in New York before the closing of the books. The Commercial's Washington special says that an early withdrawl of the French troops from Mexico is looked upon as certain by all who have pursued the correspondence sent in by the President yesterday. The steamer now about due, will bring Napoleon's speech to the Chambers, and this may contain the important announcement that the troops are to be withdrawn.

When the grant was made, not one-half the public lands in that State had been disposed of but now, after a lapse of only fifteen years, scarcely an acre is left in the State. The grants to Mississippi, Alabama, Missouri, Arkansas, Iowa, Florida, Michigan, Louisiana, Wisconsin, Minnesota, Kansas and Illinois amount to over forty millions of acres. The concessions to the Union Central route amount to thirty five millions of acres. The Northern route—from Lake Superior to Olympia, on Puget's Sound—is entitled to over forty-seven millions when built, and in the porportion of the construction of the road. The Union Central road has already constructed a few miles—sufficient to entitle the company to forty-five thousand acres, the title to which they now possess. John Cessna possesses in an eminent degree all the elements of availability and personal popularity, qualities not to be overlooked in the selection of a candidate, and if nominated, we pledge for him such a majority as has never been known in Bedford county since the days of 1840.

Resolved, That Mr. Cessna is hereby authorized to appoint his own delegate to the State Convention, or to appoint Senatorial and Representative conferees to meet Senatorial conferees from the counties of Somerset and Fulton, if such conference should be desired by him, and the delegates and conferees so appointed, shall have the right of substitution only by consent of Mr. Cessna.

Given under my hand at Bedford, on the 19th o January, in the year of our Lord, 1866. JOHN ALSTADT, Sheriff. Sheriff's Office, Bedford, Jan. 19, 1806. NEW YORK TRIBUNE.

1866-Our-most momentous, arduous struggle having

sulted in the triumph of American Nationality the utter discomfiture and overthrow of Secession and Slavery, THE TRIBUNE, profoundly rejoicing fruits of this grand, benignant victory by render ing Liberty and Opportunity the common heritage of the whole American People now and ever-Discountenancing all unmanly exultation over

or needless infliction of pain or privation on the upholders of the lost cause, it will insist on the

upholders of the lost cause, it will insist on the earliest possible restoration of the Southern States to their former power and influence in our Union on the basis of All Rights for All their People.

It will labor in hope to prove that the substitution of Free for Slave Labor must inevitably and universally conduce to the increase of Industry, Thrift, Prosperity and Wealth, so that the South, within the next ten years, must look back amazed on her long persistence in a practice so baleful as the chattelizing of Man.

It will labor for the diffusion of Common School Education, Manufactures, the Useful Arts, &c., &c., throughout every portion of our country, but especially throughout the sections hitherto devoid and worthy class promoted.

It will urge the Protection of Home Industry by discriminating duties on Foreign Products imported, with a view to drawing hither the most capable and skillful artificers and artisans of Europe, and the naturalizing on our soil of many branches of production hitherto all but confined to the Old World, while it would strengthen and extend those which have already a foothold among us.

It will give careful attention to progress and

extend those which have already a local among us.

It will give careful attention to progress and improvement in Agriculture, doing its best at once to bring markets to the doors of our farmers and teach them how to make the most of the opportunities thus afforded them.

It will devote constant attention to Markets, especially for Agricultural Products, with intent to save both producer and consumer from being victimized by the speculator and forestaller.

And, giving fair scope to Current Literature, to the proceedings of Congress, and to the general News of the Day, it hopes to retain its old patrons and attract many new to bear them company.

We rarely employ traveling agents, as so many impostors are habitually prowling in the assumed capacity of solicitors for journals. We prefer that our subscribers shall pay their money to persons they know and of whose integrity they are assured. Any friend who believes he will do good by increasing the circulation of the Tribune is authorized to solicit and receive subscriptions. Specimen coyies will be promptly sent without charge to those requiring them, and we trust many friends will be moved to ask their neighbors and acquaintances to join in making up their clubs.
