WM. HALL, Esq. was then called upon to address the meeting. He stated at the outset that eternal vigilance is the price of liberty Watchfulness is demanded. The war had not been fought in vain, we will yet reap the fruits of our toils. The whole Government a few years ago was in the hands of the slave power, we the conservatives bore it, rather than cause any difficulty. The object of this war was not the subversion of slavery. He thanked God that slavery was done away with. The object of the war, however, was the permanency of this Union. The abolition of slavery was only an incident. We now have a united people with the institution of slavery forever done away with. There is now a serious effort being made by persons who opposed the war, to make slavery a prac tical institution of this country. The moderate ground is the true ground. In medio tutisimus ibis. This is a Union Meeting, and we want a platform upon which every true Union man can stand. We remember in 18-63, when the dark clouds of war hovered over us, Pennsylvania stood as a great breastwork to this rebellion. The rebels were driven back at the battle of Gettysburg. We have nominated a candidate, who fought with Sherman, who all his life time was a Democrat who took the side of his country. We are now invited to support Heister Clymer a man who never shouldered a musket in defence of his country. He voted against admitting Andrew Johnson to a seat in the halls of our Legislature. The Democrats now hang out the banner of Andrew Johnson. He did refrain here also was negro equality. These not know whether the Democrats would get any great thing if they did get Andrew Johnson. We lost Bedford county last fall through asserters' votes-of this we will have no trouble in the future. The speaker was opp osed to universal manhood suffrage. So was the reconstruction Committee. He favor ed the Civil Rights Bill, the right to sue and and be sued, although very few cared much about the latter. It was an incident of this war that the negro had been freed, and now it was the duty of the Government to use all its power to protect them. There is no difference between Union men ; we have a true man, the hero of two wars, a man whom all can safely support.

Col. JORDAN, was the next speaker and sures against the following accidents: All upon his appearance he was greeted with a forms of dislocations, broken bones, ruptured storm of applause. Sharpe of Chambersburg made a dullspeech, in which, though he acknowledged the justice and propriety of the Civil Rights Bill and proposed to endorse it he still emphatically sustained the Pres ident in all his acts siding with rebels, and was greatly exercised in fear of Negro equaling during the coming year. ity. Next in the order of exercises came the man of the troubled conscience, who with his
