

UNION COUNTY CONVENTION.

The Union voters of Bedford county will The Umon voters of Bedford county will meet at their respective places for holding elections, in the various townships, for the purposes hereinafter mentioned, on Saturday, June 23, 1868. It will be the duty of the several Vigilance Committees to hold an election on said day, between the hours of 2 o'clock, P. M. and 6 P. M., for the election of two Dolestes, from each election of o'clock, P. M. and 6 P. M., for the election of two Delegates, from each election district, who shall assemble in Convention, at the Court House, in Bedford, on Tuesday, June 26, next, at 2 o'clock P. M. for the selection of conferees to meet similar ones from the other Counties of the District, to nominate a members of Congress, State Senator, and members of the State Legislature; also to place in nomination one person for Prothonmembers of the State Legislature; also to place in nomination one person for Prothonotary of Bedford county; also persons to fill the offices of Sheriff, Associate Judge, Commissioner, Poor Director, Auditor and Coroner, to be supported by the voters of Bedford county at the next General Election; to appoint a County Committee for the current year, and take such other action as may be deemed essential to the success of the nexts. year, and take such other action as may be deemed essential to the success of the party in the present political campaign. A faithful and hearty compliance with the above request is respectfully and earnestly enjoined upon the friends of the Union and the Constitution.

On last Sabbath evening the Rev. ROBERT F. SAMPLE, Pastor of the Presbyterian Church of this place, delivered a farewell discourse to his congregation. For some time past his health has been feeble, and in September last, hoping to recruit it, he visited Minnesota and remained there for several weeks. Whilst there he preached to the congregation of St. Anthony, and, of course, they, like every other people that have heard him, were pleased with him. The result was that a unanimous call was given him, which, however, he declined. During his stay there his health was much better than it had previously been, and, the call having been renewed this spring, he concluded to accept it -his experienced and eminent physician advising him to do so-and he requested Presbytery to dissolve the pastoral relation between him and the church here, a request in which the church joined, and to which Presbytery consented solely for the reason that they believed that his health would be amproved by the change. Mr. Sample has been the Pastor of the church here for more than ten years and has served it with great faithfulness and acceptableness, and during all that time his walk and conversation have been such as to commend the religion of the Bible to his fellow men. "Christ and him crucified" have been, through all that period, the prominent theme of his discourses. The text of his valedictory was Acts 22 c. 31st and 32d v., changing the word "three" to "ten," and eldom do we see in Bedford such a crowd in the house of God as was assembled to hear present, and we do not suppose that there was an individual in the house who does not regret that this faithful minister, christian gentleman, and good man has left us. Although we are attached to a different branch could have remained with us, for he did much good here. He has gone to a wider field of usefulness, where we trust his health may be restored, and his labors abundantly blessed.

DISENFECTANTS .- In cleaning up their prem lime is an active antiseptic frequently used in sick rooms, especially in diseases considered contagious. If every housekeeper would keep on hand and frequently use these simple preventives, days and weeks of weary suffering, innumerable doctor bills, and many valuab'e lives would annually be saved.

SAD ACCIEENT-DEATH OF A FORMER CITI-ZEN OF THIS BOROUGH.-It Becomes our painful duty to record the death, by accident, at Monroeville, Indiana, on the 30th ult., of our friend and former townsman Wilson P. Mower, son of John Mower, Esq. of this place. We clip the following account of the accident and the accompanying tribute of respect, from the Ft. Wayne Daily Democrat of the 31st ult.

THE ACCIDENT YESTERDAY.—It is told us that Mr. Mower, who was killed at Monroethat Mr. Mower, who was killed at Monroe-ville, yesterday, was standing on the side-track, and a freight train backing down struck some loose cars which by the concussion were propelled back struck Mr. M. so as to knock him over on the track, cutting him nearly in two. The citizens of Monroeville held a meeting and the following resolution of condolence was passed:

HERALD OF HEALTH. - We have just receiv d the June number of this excellent journal. A new volume begins with July. The publishers promise not only to keep up to the old standard but to improve the new volume as will be seen from the following prospectus

"We intend to make the Herald of Health a first-class journal, whose pages shall be scat-tered like the leaves for the healing of the nations. It will be valuable not only for its the house of God as was assembled to hear him. Not only were the members of the Presbyterian congregation there to listen to the last words of their beloved Pastor, but covery other denomination was strongly represented for he has won as well the love of the vigor and purity of its diction. We have added to our list of contributors the names of the following dicting distinguished writers. resented, for he has won as well the love of his own people as the esteem of the members of other churches and of our citizens generally. The sermon was a most excellent and impressive one that will be long remembered by all who heard it. A deep feeling of saderal of these writers will appear in the July

We want the help of all our old subscribers and friends everywhere to extend our list. We do not believe there is a parent in the land, who has children to rear to manhood in strength, beauty, and purity, who will not find the Herald a most valuable assistant; an invalid who will not receive form the many contractions. of the church we cannot but wish that he could have remained with us, for he did much pages, or a student who will not learn much to assist him in preserving and properly edu-cating his body. It has a vinous flavor, very grateful to the palate is without chalybeate taste and will not discolor the teeth.

It excites languid appetite, gives zest to food, improves digestion, increases the strength, steadies the circulation, takes off muscular flabbiness, removes the pallor of debility, gives firmness and precision to the actions of the nervous system, with

precision to the actions of the nervous system, with power to endure fatigue and resist disease.

MAGNETIC CITRATE OF IRON is new and peculiar, differing from the ordinary Soluble Citrate, in containing an equivalent of Protoxide of Iron, in place of the Ammonia. It is neutral, tasteless, without astringency, as prompt and energetic as the Chloride, and unlike that, induces no local inflamatory action or headache.

CALISAYA BARK is pre-eminent among vegetable tonics, has no equal as a strengthener or restorative, nor rival as an anti-periodic.

The Grover and Baker Elastic-Stitch sewing fachines are superior to all others for the follow-

and less liable to derangement than other machines.

3. They are capable of executing perfectly, without change of adjustment, a much greater variety of work than other machines.

4. The stitch made by these machines is much more firm, elastic, and durable, especially upon articles which require to be washed and ironed, than any other stitch.

5. This stitch, owing to the manner in which the under thread is inwrought, is much the most plump and beautiful in use, and retains this plumpness and beauty even upon articles frequently washed and ironed until they are worn out.

6. The structure of the seam is such that, though it be cut or broken at intervals of only a few stitches, it will neither open, run, or ravel, but remains firm and durable.

7. Unlike other machines, these fasten both ends of the seam by their own operation.

8. With these machines, while silk is used upon the right or face side of the seam, cotton may be used upon the other side without lessening the strength or durability of the seam. This can be done on other machine, and is a great saving upon all articles stitched or made up with silk.

These machines, in addition to their superior merits as instruments for sewing, by a change of adjustment, easily learned and practiced, execute the most beautiful and permanent embroidery and adjustment, easily learned and practiced, execute the most beautiful and permanent embroidery and
