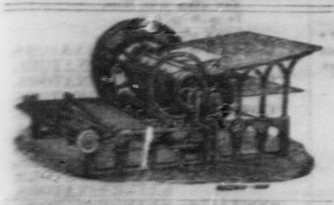
Bedford Inquirer.



BEDFORD, PA., FRIDAY, AUGUST 10, 1866.

CAMPAIGN INQUIRER

The INQUIRER will be issued as a campaign paper from and after the 1st of July to the 12th of October, 1866, to accommodate those who are not regular subscribers.

The importance of the campaign should stimulate the Republican party to place the INQUIRER in the hands of every friend of Republican principles in this county. The canvass will not only be important in view of the election of a Governor, but it will be recollected that a member of Congress, Senator, two Representatives, and a full county ticket from Prothonotary down to Auditor are to be elected. Every member of the Republican party should be alive to the necessity of promptly distributing healthy reading matter among the masses. Bedford county must be carried against Copperheadism at the coming election. We were only beaten on an average from 130 to 140 last fall. At least 160 deserters voted to make this majority. Since then the bill disfranchising deserters has become a law and they will be excluded from voting at the next election. This gives the Republican party a majority of a few votes. Now then is the time to wrench the political ascendency from the party which, as a body, has so terribly abused its power in this county for the last four years, and to accomplish this much desired result the INQUIRER will labor earnestly and deal most vigorous blows. **Every Union Man in the County, without an exception, should have a Copy.** Let our friends see that this is the case. A little exertion will do it.

REGULAR TERMS:

The INQUIRER will be sent, one year, for $2.00, if paid in advance; $2.50 if not paid within six months, and $3.00 if not paid within the year.

The Campaign Inquirer

Will be sent to subscribers at the following remarkably low rates:

1 copy, in advance	$ 50 cents
10 copies " "	4.50
20 " "	8.00
50 " "	10.50
100 " "	20.00

Additions to the clubs may be made at any time at the same rates.

Money may be forwarded by mail at our risk, where drafts or post-office orders, payable to our order, cannot be obtained.

Specimen copies sent free.

EPISCOPAL SERVICES next Sunday in the Lutheran church at 10½ A. M. and 4 P. M.

Rev. Dr. A. Nevin, of Philadelphia, will preach in the Lutheran church on Sabbath evening next.

We published the bounty bill last week. Those entitled to bounty under its provisions can get it by applying to the editors of this paper.

CAMP MEETING.—There will be a Camp Meeting for the Bloody Run Circuit (commencing August 24th), south-east of Bloody Run. A fine road leads from Bloody Run to the ground. The ground is well selected there being three Springs on either side, with a suitable place for watering horses close at hand. One of the springs is well known for its medical properties. It is expected the meeting will be the largest held near Bloody Run for years.

The Quarterly Convention of the Independent Order of Good Templars for the West Juniata District, will be held in this place, on Wednesday and Thursday, of next week. A large number of delegates have been elected and are expected to attend. A lecture will be delivered on Wednesday evening by Rev. J. S. McMurray, R. W. C. T. of the Grand Lodge of Penn'a. A number of the Grand officers are expected. We expect the Convention to be one of the most interesting which has ever assembled in this district.

LAYING OF THE CORNER STONE OF THE EPISCOPAL CHURCH.—This ceremony will take place on Thursday the 16th inst., at 10 o'clock in the morning, the Right Rev. Alfred Lee, Bishop of Delaware and several clergymen officiating. Seats will be provided on the ground. The Bishop is also to preach in the Lutheran church next Tuesday evening and Services are to be held on Wednesday morning and evening, and on Thursday evening when there will be a confirmation service and communion.

EQUALIZATION OF BOUNTIES.—Persons, or the heirs of persons, who enlisted for three years, and served the term of enlistment, unless sooner discharged on Surgean's certificate of disability, and only received one hundred dollars, are now entitled to $100 additional bounty. DURBORROW & LUTZ, Bedford, Pa., are prepared to make immediate application.

DISCHARGE PAPERS.—Soldier's discharge papers may be of more value in the future than present appearances indicate. They are subject matter for record, and we advise soldiers who have no safe place to keep them to have them placed on record, in the Recorder's office, where they can procure a certified copy at any time when needed. A discharge paper is a specific under the following act of Assembly:

AN ACT to exempt persons who have been in the military service of the United States and been honorably discharged therefrom, from the payment of bounty or per capita tax and militia fines.

SEC. 1 *Be it enacted &c.*, That all persons who have been mustered into the military service of the United States and have served therein for the period of nine months in the war to suppress the rebellion and their property, and those persons who have been discharged from said service on account of wounds or physical disability contracted in such service and their property and the widows and orphans of such persons and their property shall be exempt from the payment of all bounty and per capita tax *levied and for paying bounties to volunteers* in the several counties of this commonwealth, and such persons are exempt from the payment of militia fines. Approved by the Governor, March 30, 1866.

BASE BALL.—The match game played between the Social Club of Huntingdon, and the Juniata of this place, on the 26th ult., has been made the subject of considerable unkind comment by the Huntingdon papers. The *Monitor's* account of the affair contains not only a flagrant perversion of facts, but abounds with the most offensive billingsgate. With the public journal that insults ladies and abuses its friends after having partaken of their hospitalities, we decline to bandy words. The statement of the *Globe* is a respectable report of the game as viewed from the Social's stand-point. The fact that the Social was the challenged club gave it no right to select an umpire contrary to the rules of the game. The statement that the Juniata had the choice of the ground is true, but the whole truth is that the Social, wishing to visit Bedford, solicited the challenge, and thus made the use of the grounds of the Juniata a necessity. It is also true that many of our citizens, and some of the club, out of feelings of hospitality and a desire to cultivate friendly relations, wished the Juniata to play the Social with the umpire they had brought, though in violation of the strict rules of the game. The Captain of the Juniata, an old Base Ball player, refused, very properly we think, to consent to any infringement of the rules. The statement that the Juniata must [illegible] after the Resolute had beaten the Social, is both unkind and unfair, as the Juniata was all the time ready and willing to play whenever the Social would comply with the rules of the game. The refusal of the Social to do this is the true and only reason why the Juniata did not play them in the morning. We are sorry that unkind feeling has been exhibited on either side, as the object of these tests of skill is not to destroy but to cultivate social relations. The hospitable treatment of the Resolutes on the 2d inst., by the Spartan of Huntingdon has already done much to allay any ill feeling that may have existed among our people.

IMPORTANT POSTAL CHANGES.—The Law of Congress, approved June 13th, 1866, and which went into operation on the 1st inst., makes several important changes which we note below:

1. Letters sent in which there is an order to return, if not called for, are returned to the writer free of charge—such letters have been charged three cents heretofore.

2. Letters forwarded from one post office to another are not charged additional rates of postage, and are returned to the writer from the dead letter office free of charge—heretofore letters forwarded were charged a single rate of postage from each post office from which they were forwarded to him from the dead Letter Office.

3. The sum for which money orders can be issued has been raised from $30 to $50; and the rate hereafter charged will be 10 cents for all orders under $20, and 20 cents for all over $20 and under $50. Also, that any money order shall be valid and payable when presented to the deputy postmaster on whom it is drawn within one year after its date, but for no longer period, and in case of the loss of a money order, a duplicate thereof shall be issued without charge, on the application of the remitter or payee, who shall make the required proofs; and postmasters at all money order offices are hereby authorized and required to administer to the applicant or applicants, in such cases, the required oath or affirmation free of charge.

BOUNTIES.—The act equalizing bounties has become a law. Persons who enlisted in 1861-2, and who were only entitled to, and received $100, are now entitled to another $100 in addition. The heirs of all deceased soldeirs of this class are entitled to $100. All applications to DURBORROW & LUTZ, Bedford, promptly attended to.

RESOLUTES v. SPARTANS—SPARTANS THE VICTORS.—Appended find report of the interesting game of Base Ball between the Resolute B. B. C., of Bedford and Spartan B. B. C., of Huntingdon, as furnished by the scorer of the Resolute Club. The game was a most exciting one and "Our Boys" struggled nobly against fate and the odds, but lost by a score of 2. We are assured, however, that the score would have been with the Resolutes had not their Short Stop met with a serious accident in the second inning; his hand was badly cut by a "strong" ball, and bled throughout the entire game. The player bravely (or rashly) refused to be relieved, and held his post.

In the fifth inning the Spartans made the unprecedented score of 18 runs, at least such a score was never made before in the annals of the Resolute play, by an opposing club. This inning would have closed with 6 Spartan runs, had not "Short Stop" of the Resolutes muffed three beautiful "fly's" in seven strikes from first hand; (S. S. muffed five balls in the inning.) The Captain's call of "Tate on the fly," which heretofore had always been equivalent to a "take," was without avail, as the player could not hold the ball because of his wound. Adverse fortune thus gave the game to the Spartans.

It will be seen that when the Spartans closed their ninth inning, they led the score by 17 runs, and amid the cheers of their partisan friends, were declared the victors, by a large score; but the vim and spirit of the Resolute club is shown by consulting their "tallies" on the last inning, when they made the brilliant and unusual score of 15 runs without a hand lost. Through all the exciting contest the "Boys" played cooly and composedly, and only when they had two to make a tie, and seemed certain to win, did they appear to realize that they were strangers in a strange place, were playing muscular men, with the sympathies of the crowd adverse to their success, and on grounds irregular and in all respects unlike their own. They seemed only to note these odds at the critical moment, and the next player at the bat struck out, with a fair chance of making the first Base, which advantage was not taken until too late; the charm was now broken and the next striker went out on "foul fly." The score now stood 15 tallies with two hands lost. Center Field to the bat took first base, when Alsip went in and made a beautiful hit to center, which gave him second base with King on third. The game was now intensely exciting, even thrilling, and amid painful suspense 'Frank,' the gallant captain, took the bat; just then a passed ball by the Pitcher gave third base an opportunity to make home, which was not taken, and unfortunately the striker went out on a "foul tip." The game closed, and the laurels of the Resolutes drooped for the first time, as victory was theirs always hitherto. However, when we know that the R. B. B. C., is composed of young effeminate boys; that they went among strangers alone and for the first time; that they found in the opposing club strong athletic young men, and not boys of their own size, age and "muscle," as represented, and that the Spartans were a chosen "nine," selected from the best players of the community, and gotten together especially for the match, we can only wonder the score was not doubled against the Resolutes, and with pride we say "all honor to our noble boys."

The Resolutes desire in this connection, and through this medium, to return their willing thanks to the Base Ball fraternity of Huntingdon in general, for their kindness shown personally, and to the Socials and Spartans particularly, for their warm reception and hospitable treatment while with them. They also take this method of publicly thanking H. G. Fisher, Captain of the Socials for his elegant gift of a willow bat. They also remember the kindness of Mr. Ayers, Superintendent H. B. T. R. R. Co., and the attention of the landlord of the "Jackson House."

Their visit was one of pleasure, individually, and the Resolutes shall ever bear it in grateful remembrance.

Score of Match Game of Base Ball played Thursday, Aug., 2, between the Resolute B. B. C. of Bedford and the Spartan B. B. C. of Huntingdon.

ROLLING MILL.—He is said to be a public benefactor who makes two blades of grass to grow where only one grew before. That this great fact is true in the useful industrial arts, as well as in agricultural economy, appears self evident. Hence, where a single man or company of men, by the judicious application of capital and labor, produce or increase the production of materials required in the section of country in which their enterprise may be located, they are not only benefitting that region specially, but are contributing to the aggregate industry and wealth of the whole country.

The benefits of such an enterprise will be more fully appreciated when it is known that the produced article is manufactured from materials native to the section embraced in the operations. It is true that parties entering on such an enterprise expect from the general benefits conferred by it to realize, by careful and economical management, a liberal return on their investment.

Appreciating the above facts, a few gentlemen have united to canvas portions of the counties of Huntingdon, Bedford, Fulton, Blair and Somerset to solicit subscriptions of Stock for the purpose of erecting a merchant bar Rolling Mill at the town of Hopewell or Saxton, or such other point as a majority of the Stockholders may deem most eligible.

It is proposed to issue 700 shares of Stock of $100 each, making the capital $70,000. It is not intended to begin operations until the Stockholders decide not only the location of the mill, but also its general capacity, and cost, for which purpose, it is proposed that after organization the Stockholders appoint a committee to report on the most economical machinery, its cost, capacity, expense of working, and estimated revenue, with other matters pertinent to the enterprise—after which the stock will be called in to meet the expenses of the work as they accrue. The mill is intended to roll ordinary bar iron for general country use, giving special attention to the scantling of iron required by the coal operators in the Broad Top Coal Region. It is not designed to anticipate the report of the committee to be appointed by the Stockholders, but to briefly advert to the fact of the general prosperity of the rolling mills of the country. One instance, well authenticated may be adduced—a rolling mill and nail manufactoring company in a small town, realized during the past year, a net profit of $41,000 on an investment in machinery and mill of about $70,000. It is reasonably claimed for the present enterprise that it can obtain a portion of its supply of pig iron from the Hopewell Furnace and the balance from furnaces in the district embraced in its operations. Hence if a liberal profit can be made, say at Pittsburgh, by manufacturing bars from pig iron, a large portion of which is procured from furnaces in the Juniata district, a much larger profit *should* be realized by the manufacture of iron bars in the vicinity where the pig iron is produced, as the freight of the pig iron to Pittsburgh and the return freight on manufactured bars is saved, thus:

Freight on 1½ tons of pig iron to Pittsburgh to make one ton of Merchant bar	$15.00
Freight on 1 ton of Merchant bar from Pittsburgh to Broad Top	$10.00
Total freight and expenses	$25.00

Estimating $10 to cover all freight charges on pig metal to and manufactured bar from the proposed works, it shows a saving of $15.00 per ton on manufactured iron. The demand for iron in the Broad Top Coal region is estimated at 1000 tons per year, which at the mere saving in freight of $15 per ton will give $15,000.

It may be claimed that in Pittsburgh and other manufacturing towns skilled labor is easily procured—this it is believed will be fully compensated by the advantages offered to such workmen by cheap rents in a country location. When it is considered that the Broad Top region abounds in all the elements required for the successful manufacture of iron—excellent coal coke and its justly celebrated Juniata pig iron to work on, the success of such an enterprise can scarcely be doubted. It is confidently believed that the quality of iron manufactured will not, with ordinary care and skill, be inferior to any in the country. It can therefore be offered in market with full reliance that it will give the purchaser entire satisfaction and thus secure a permanent demand. Should the new Tariff Bill, as recently passed by a large majority in the popular House of Congress, become a law, it would undoubtedly stimulate and foster this great branch of the National industry, and give *more* than full work to all the rolling mills in the country to supply the home demand.

Believing the statements thus submitted to be substantially correct, they respectfully and earnestly invite the co-operation of their fellow citizens in establishing the proposed works. They entertain no doubt that an industrial enterprise of this kind presents a safe and reliable opportunity for investing capital where it will not only be remunerative to the subscribers, but will confer a permanent benefit on their own section of the country—stimulating other branches of industry and commerce in its limits, and increasing its population and wealth. This is no wild speculation, anticipating fabulous dividends, but a matter of industrial fact of supply and demand—looking to fair profits alone on a careful investment in a manufacture demanded by the wants around it, in a region of country where as yet no such works have been established.

The opportunity, thus presented, is now open to the citizens to secure its advantages amongst themselves. It requires little acumen to anticipate the fact that if there is not sufficient enterprise to secure so desirable a result, the citizens of some other more enterprising section will promptly avail themselves of the evident *want* of such a manufactory and erect it—thus leaving the region now contemplated "out in the cold."

IT is rather a novel sight to see masses of ice in July, but nevertheless they are to be seen at the Devil's Hole, at Niagra Falls, piled up the shore. The immense ice jam of last winter drove large quantities of ice high up on the bank, where the overhanging rocks shut out the sun.

In St. Clair tp., July 27th, MARY E., daughter of Joseph Ferguson, aged 25 years, 5 months and 14 days.

Though we shall never meet again on earth, there is a brighter shore where we shall meet.

Peace hath its Victories.

To prevent or conquer disease is a grand achievement; and as surely as bullet and bayonet will destroy, so surely will HOSTETTER'S BITTERS *preserve* and *prolong* life.

This is the most trying period of the year. The stamina of the strongest yields more or less to the consuming temperature of midsummer. Vigor oozes from every pore. The strength of man passes away in invisable vapor, and weaker woman becomes relaxed and nerveless. It was to meet such difficulties that Hostetter's Bitters were given to society. It is to prevent the evil consequences to which an unbraced, depleted, debilitated organization is liable, that they are recommended as a SUMMER TONIC for both sexes. Old people die of exhaustion every day, who might have kept death at bay for years to come by an occasional resort to this powerful and harmless vegetable stomachic.

Nine-tenths of the community, rich as well as poor, *work* continually. If their hands are unemployed their brains are busy, and head work is as depressing to the vital energies as muscular toil. But tone the system with Hostetter's Bitters and the wear and tear of business life will be comparatively unfelt even in the most oppressive weather. No languor will be experienced, for as fast as the vital forces are expended they will be recruited and renewed by this healthful restorative. As a summer Invigorant it is indispensable to young and old. Sold everywhere. 1m

A COUGH, COLD, OR SORE THROAT
Requires immediate attention and should be checked. If allowed to continue,
Irritation of the Lungs, a Permanent Throat Affection, or an Incurable Lung Disease
IS OFTEN THE RESULT.
BROWN'S BRONCHIAL TROCHES
having a direct influence to the parts, give immediate relief.
FOR BRONCHITIS, ASTHMA, CATARRH, CONSUMPTION & THROAT DISEASES,
Troches are used with always good success.
SINGERS AND PUBLIC SPEAKERS
will find *Troches* useful in clearing the voice when taken before Singing or Speaking, and relieving the throat after an unusual exertion of the vocal organs. The Troches are recommended and prescribed by Physicians, and have had testimonials from eminent men throughout the country. Being an article of true merit, and having *proved* their efficacy by a test of many years, each year find them in new localities in various parts of the world and the *Troches* are universally pronounced better than other articles.
Obtain only "BROWN'S BRONCHIAL TROCHES," and do not take any of the *Worthless Imitations* that may be offered.
