SERIOUS ACCIDENT .- On Saturday after oon last an accident, resulting in very seri ous injuries to Mrs. Harriet Baker, wife of Samuel Baker, lately of this place, and Miss Laura Hassler, daughter of Maj. Hassler, Treasurer of Franklin county, occurred near this borough. The particulars, as we have been able to gather them, are as follows The two ladies above named, in company

with William Gordon, a lad of 12 or 14 years of age, son of Mr. Gordon, of Chambersburg, were approaching this place from Fort Little on, with a horse and buggy. When about a mile west of this borough, on the Peach Or chard road, the party stopped on the top of Scrub Ridge, and the boy alighted and walk ed down the ridge gathering moss and evergreens. While absent, and at a little distance rom the carriage, the horse became frighten ed and dashed at a furious rate down the ter ribly rocky roadway leading from the top of the Ridge to the turnpike at its foot. proceeding about 400 yards, the buggy dashed to pieces against the boulders that project from the mountain on the upper side

PRESETTERIAN CHURCH,-As announc last, week Revs. Mitchell, West and Fitzger ald preached in the Presbyterian church du ring the latter part of the week, and on Sun day installed the Rev. A. V. C. Schenck a pastor of the congregation. On Sunday forenoon a communion service was held, an an appropriate sermon was preached at night The whole series of services was one of un usual interest and the sermons were powerfu and instructive exhibitions of truth. They will be long remembered by those who had ussed. In this connection the whole work the pleasure of hearing them. The exercise were attended by large audiences and the church has marked it as "a good day." A the result of the pastoral relations now es tablished a future of unusual prosperity and

usefulness is anticipated by the church The following, from the Richmond Ex

UNION MASS MEETING .- On Tuesday evening last, the Court House, was filled with an intelligent and appreciative audience of Union men, to hear the political issues of the day discussed and to congratulate each other on the glorious results of the recent campaign, and the victories throughout the loyal States. The meeting had not been announced in the paper, and had not been contemplated until Monday noon, yet the people came out in large numbers and the meeting was characterized by the greatest enthusiasm. The Union Republican Brass Band, of Bedford, which did yeoman service for the party in the recent memorable campaign, and adhered to us amid our varying fortunes, was present with its complement of performers, and under the leadership of our genial friend E. M. Alsip, Esq., discoursed its sweetest strains. The meeting was called to order by J. B. Cessna, Esq., on whose motion the following officers were selected to serve for the occasion :

developed to change the original opinion that oil exists in Somerset county, and as we be-lieve, can be reached at a less depth at the points our company are now boring, than perhaps any other point in the county. At Wellersburg in this county, in the same geological formation, oil was struck on Friday evening last, in considerable quantity, at a depth of 800 or 000 foot, and the Commany expect, (reasonably, too,) that as soon as they get through the rock they will get oil in much rger quantities. Two wells have been commenced on leases

Two wells have been commenced on leases of the Company, one on the North Fork of Laurel Hill creek in Turkeyfoot township, and the other on Flaugherty in Larimer. Notwithstanding the many breaks we had in the Turkeyfoot well, it is at present going down rapidly, and having already reached a depth of 500 feet. In the Flaugherty well the tools are fast at a depth of about 400 feet, but we are expecting tools daily, with which we hope to be able to get them loose. The amount of money paid in on subscrip-tion is about \$3,000 all of which, (and more too.) has been expended for tools. machinery was built by Reese, Slagle & Foust, of this place, is 25 horse power, and was set in motion on Monday last, and found to be an excellent piece of workmanship, complete in all its parts. tion is about \$3,000 all of which, (and more too,) has been expended for tools, machinery and expenses of boring. It will be seen at once that very little of the capital stock has been paid in, and of course it could not be expected that the offi-cers of the Company should complete the wells at their own expense.
