A bill for the incorporation of the Morrison's Cove Railroad, is now pending in the Legislature. This road is to run from Pattonsville, in this county, to Newry, Blair county. We hope that the bill may pass and that the "Covers" will go to work without delay to construct the road.

BRIDGE SWEPT AWAY. -- The old Hopewell bridge, at Hopewell, this county, was swept away on last Thursday or Friday night by the gorging of a large quantity of ice on the Fur nace dam, which swept everything in its way. The piers of the bridge gave way below it, ng a wide gap which will have to be replaced before Hopewell can resume commu that it will cost \$3000 to replace the bridge in a substantial and safe condition.

Here is something worth studying If any of our readers can solve it, and feel the point, they are at perfect liberty to do so.

TEMPERANCE LECTURE. - The great popular Temperance Lecturer, UNIAC, of Boston, paid s place a visit on last Saturday, and lectur ed to a crowded Court House on Saturday ing and a still more densely crowded Church on Sunday evening. He was about thirty years old, and has een in the employ of Lowry, Eichelberger & Co., since the winter of 1861, and his servies, and his devoted attention to their interes was highly appreciated by them.

Harry, as he was familiarly called, had en leared himself to every man, woman and child in the community, by his genial disposition, kindness of heart, and in short all the noble qualities that constitute one of "na-ture's noblemen," and we all feel as if we had lost a brother. To say we regret his sudden death, but feebly expresses the deep sadness, which seems to have settled on all and child to mourn his untimely end. He was a model son, husband and citizen.
