was reparted by Senator Landon, chairman of the Committee on Kailroads, which night with propriety be entitled, a bill to present the making of railroads. This report was manifestly made in the interest of the Penn-sulvania Road—it was probably madeat the special instance and request of that road. The provisions of that bill are utterly obnox-

minimizing made in the interest of the Permy in Railword Company to commence their in Railword Company to the Railword Company to commence their in Railword Company to the Railw

Also that the survey of the route must be begun within thirty days thereafter, and must be entirely finished, and a map there-of filed in the office of the Secretary of the Commonwealth within size months. Also that each stockholder shall be indi- subject, so that there seemed to be no figures

Also that the charge for the debts of the company. Also that the charge for freight shall not exceed sco cents per ton for each mile, (the Pennsylvania Road charges four cents per per ton mile.) to extend the provisions of an act regulation to extend the provisions of an act regulation the fees of district attorney in the court of grain, meal, fruit, &c. Hereafter there will be less difficulty experienced among farmers and the public in general, when selling or per ton mile.)

Also that at any time the Legislature commend to your readers a careful perusal of the following standard weights just fixed by of three hundred preachers on its rolls may repeal the charter without regard to the Legislature, and advise each and every

Amendments were offered by Senators Bigham, Lowry, and others, to strike out and abare these the same for future reference. It will be convenient when most needed. Here are the figures, per hushel: Wheat, and change these objectionable features, 60 pounds ; rye, 55 ; shelled corn 56 ; cob which, as will readily be perceived, are such as that never a mile of road would be made ground sait, 62; fine sait, 47; barley, 47 under the law.

And against these amendments, every one, Senator Stutzman voted. What shall we peak, 56; unlt, 38; unslacked lime, 80 say more ! The facts speak louder than anthracite coal, 80 ; bitaminous coal, 76 words, and make up a record such as many coke, 40; potatoes, 56; sweet potatoes, 54; a man would not have against him for  $d\mathcal{R}$  flax seed, 56; bran, 20; heans, 56; dried apthe money the agents of the Pennsylvania ples, 25 dvied peaches, 38. Railroad spend at Harrisburg in a whole Phonographic reporters can hereafter winter.

## PARTURIUNT MONTES, NANCITUR RIDICULUS MUS.

Precisely what mountains it was, that, of | evidence taken before courts that cannot be old time, labored to such strange purpose, we don's now remember, if we ever know : but the thing that has been, will be, and a trial of the new measure. there is no new thing under the sun. Yet who would have thought that the virtuous at granting the courts power to appoint road looking Bald Hill, half way between Bed- viewers, &c., which extends the powers of ford and Mt. Dallas, over which we have all been traveling, was travailing under us, and was about to be delivered of a very small inge, to all public and private roads, streets and alleys, in any planet for any private roads, streets and alleys, in any planet for any or which may nouse ! Such we are assured has been the fact. The great Southern Pennsylvania Rail-road—the President of which is so rich that

PERSONAUM V. NARBY-Mr. D. R. Loeke is one of the many present wonders of Assington. His presence on the floor of the House created as much excitament as that if a triumphant general. As he sat sur-panded by visitors, and hored for his auto-raot, he suggested to a very observer that are sun's brain devated to a good cause can tork bureadible results. Mr. Locke's genins at also proved that, while some destroy prej-dice and 'indicate trath by argument and the etrive, others are equally successful by em-loying the weapons of will and sattre. And an any one of his letters. Each points a more to some great idea, and adorns the le of some great event. Tax suffering at Chattanoogs and other laces on the Tennessee River is amoulting.

The of some great event. The suffering at Chattanooga and other places on the Tennessee River is appalling. At Chattanooga on the 12th the water was from twelve to twenty feet deep in the city. At Chattanooga on the 12th the water was from twelve to twenty feet deep in the city. The Mayor, with a posse of citizens and soldiers, was foraging among the landed curs for food. The agents of the room protested, but the Mayor, with a posse of citizens and soldiers, was foraging among the landed curs for food. The agents of the room starving. Twenty-five dead bodies were seen foating down the river at Bridgenort. Ala.. tarving. I wonty-nve dead bodies were seen outing down the river at Bridgeport, Ala., n the 12th. The loss of property is estima-ed at a million of dollars. General Carlin, t Nashville, was making efforts to send rh-ons through to Chattanooga.

The tunnel has at last, says the Chiu ast of Tuesday, been completely filled ater, which is now being pumped out ag (ter which an inspection will be made. hich an inspection will be made. knesses in the masonry are develop

arrangements have been so made that tunnel will be put in immediate commun-tion with the old water works, the city tion with the old water works, the city sup-plied with the pure water so long expected. Preparations being nearly completed for hy-ing the conner stone of the new water works, the Board of Public Works propose to set apart Monday for the celebration of that event. The time is well chosen, as it will complete a period of precisely three years from the time of lifting the first showeful of dirt on the shore end of the new tunnel.
