The members of the Union County Committee are requested to meet at the Washington Hotel in Bedford on Tuesday. April 23d inst., at 2 o'clock, P. M. A full attendance is requested, as business of importance will be transacted—election of delegate to State Convention for

J. B. CESSNA, Chm'n. Union Co. Committee.

A LARGE STEAM TANNERY .- Certain par ties from Huntingdon county have purchased a site for a large Steam Tannery at the Foot of Dry Ridge, on the line of the projected railroad, which they intend to erect during the coming season. This position has been selected with consummate judgment; there is certainly no better site in the county.

SHAD ON THEIR WAY UP .- Thomas Mullinix of Snake Spring township, caught a shad at Hartley's Spring Run, about six miles below Bedford, on Wednesday of last week.— This is the first shad that has been caught in the Raystown Branch of the Juniata since the completing of the canal. So much for the bill passed last winter to remove the obstructions in the Susquehanna and its tributa

An enterprising citizen has lately erected a very fine building in this place, which has attracted crowds of citizens to inspect and feast their eyes upon the novelty It is so long since the people of Bedford have had the pleasure of seeing a building erected, that it has been suggested, if the enterprising gentleman above alluded to were to charge a small fee a head for the permission to gratify the desire of the public to see and inspect, that the fund which would thus accumulate would fully pay all the expenses incurred in the erection and construction of his edifice.

A MISTAKE.—Michael Naugle, Esq., re-quests us to say that he did not write, as ma-ny supposed, nor had be hand in getting up the "Take Notice," calling for the "organization" of a "new party," at his house, published in our last week's issue. On the con-trary, he asserts and confidently assures us, that he has never even suggested the remo-test sympathy for such a movement, and that his name was used in connection with the plot by some unscrupulous persons with an apparent intention to injure him politically. We are compelled to say this much in vindication of a much injured man.

STATE CLEARED UP.—The readers of the Incanvass, exhibited to them the indebtedness of Bedford county to the State which was then some \$16,742. Since then the Commissioners have labored assiduously to pay up this deficiency. A few days ago their Attorney, E. F. Kerr, Esq., handed us the following statement from the office of the State freasurer, which we publish with pleasure :

A PROCLAMATION APPOINTING A DAY OF THANKS-GIVING.

WHEREAS, the R. W. Grand Lodge of the United States, of the Independent Order of Odd Fellows, at its late September Session, 1866, in grateful 'recognition of the unerring hand of God in rescuing the genius of Odd Fellowship from the ruin which desolated so many of the benevolent and charitable institutions of our common Country, as the indispensable effects of civil war,—and of the unmistakable prosperity which has crowned its labors during the year which has just passed, did, by unanimous vote, direct the M. W. Grand Sire to issue his Proclamation appointing a Day of Thanksgiving for these and countless other blessings vouchsafed to our beloved order: n connection, the appetite is restored.

Schenck's Pulmonic Syrup is nutritious as well as medicinal, and by using the three remedies all impurities are expelled from the system, and good wholesome blood made, which will repel all disease. If patients will take these medicines according to directions, Consumption very frequent by in its last stages wild; readily a table. ording to directions, Consumption very frequent y in its last stage yields readily to their action Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhosa they are necessary. The stomach must be kept healthy, and an appetite stomach must be kept heatery and a secreted to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation. Then all that is required to perform a permanent cure is, to prevent taking cold. Exercise about the roome as much as possible, cat all the richest food-fat meat, game, and, in fact, anything the appetite craves; but be particular and masticate well.
