All who stood by the county in her struggle with rebellion and defended her against her organized enemies, whose sympathies have been with the nation and against her foes, and who now prefer loyalty to treason, all who are opposed to the treacherous acts of the present National Executive; who wish for the early return of law and order throughout the entire country, with the speedy and permanent harmony of the whole Union under the Congressional plan of reconstruction, are earnestly solicited to attend.

RELIGIOUS.—A series of meetings will be held at M. Smith, commencing Friday evening, Sept. 6th. Several Ministers will be in attendance. J. F. CRAIG, Pastor. POST OFFICE RE-ESTABLISHED.—The Post Office at Mann's Choice, which had been discontinued for some time, has been re-established, and Jacob Bollitz appointed Post Master.

The attention of farmers is called to the "Hooper Grain Drills" and "Clover Millers" advertised in another column. These articles are said not to be surpassed or even equaled by any other articles of the kind in use.

PERSONAL.—Rev. Dr. Conrad, of Philadelphia, one of the editors of the Lutheran Observer, a brilliant writer and an eminently successful divine, is stopping at the Mengel House. He preached an excellent and interesting sermon in the Lutheran Church on Sabbath evening, to a large and attentive audience.

ATTENTION is called to the advertisement of F. Gardner & Co., cautioning the Farmers of the several counties of Bedford, Somerset, Huntingdon and Blair, not to purchase Gum Roller Grain Drills from any but Messrs. Harshy & Metzger, the sole agents for the sale of the Drills in the above named counties.

SCHOOL FOR YOUNG LADIES.—This School, to be resumed on Monday next under the superintendance of Mrs. Bonney, is advertised in another column, and to it we call the attention of all who are interested in female education. Its purpose is to prepare the way for a Seminary for Young Ladies of such a character that it will be a blessing and an ornament to Bedford. The brief experience of the school has been marked with eminent success, achieved by a lady whose acceptance of another position is met by parents and scholars with profound regret. That success, however, we take as a pledge for the future, and we hope to see such a sustaining interest in the enterprise on the part of the community, that a speedy realization of its ultimate end may be enjoyed.

The gentlemen named as references are representatives of those who appreciate a refined and thorough female education, and who desire and purpose to see Bedford crowned with an Institution of a high order. A combined effort, assisting their endeavors, cannot fail to secure the result so greatly to be desired. The refinement of manners, the accomplishments of an educated lady and a zeal for the work controlled by scriptural principles, are requisite in those who are to train young ladies. Of these Mrs. Bonney, we are informed, is possessed, as well as of a large and successful experience, having been for years at the head of one of the best Female Seminaries in our country. The effects of an association with and of instruction from such a teacher, must commend themselves to every intelligent parent.

It is the purpose of this school to afford advantages in polite and mental literature of the most advanced character to those who may desire them, and who have already completed the ordinary course of education. And, generally, it is its purpose to meet all grading demands for the appropriate instruction of young ladies; by a corresponding supply of the best instructors, until it shall be second to no other in its complete equipment and thorough establishment. Let us hasten the day.

NEIGHBORHOOD POLITICS.—The Republicans of Franklin county have nominated the following ticket: Assembly—Joseph W. Frank, Col. Theodore S. Gowen. Associate Judge—W. W. Paxton. Treasurer—S. F. Greenwalt. Commissioners—A. H. Egan. Director of the Poor—John E. Heater. Jury Commissioner—Addison McBrye. Auditor—N. W. Witherow.

The Republicans of Huntingdon county met in convention on Tuesday, the 18th inst., and nominated the following ticket: Senate—Samuel M'Vity [subject to the decision of the Conference]. Assembly—John A. Barton [subject to the decision of the Conference]. Treasurer—Michael M. Logan. County Commissioner—Samuel Cummins. Jury Commissioner—Geo. W. Shontz. Director of the Poor—Adam Heater. Auditor—A. P. White, 3 years; M. L. Rex, 1 year. Resolutions were adopted endorsing Congress, the State Administration, and denouncing in the strongest terms Johnson's act relieving Secretary Stanton.

WANTED.—We would remind all who owe us for subscriptions, advertising, &c., that court week will be a good time to call and settle. We are not getting as much money as pays current expenses, though we have several thousand dollars scattered in small sums over the county. Call, friends, and pay up old scores and enable us to pay our debts. We will be glad to welcome you all, and on presentation of the greenbacks, to give you receipts in full. Those who cannot come themselves can send by their neighbors the wherewithal to liquidate their little bills, and consider themselves as having received our blandest smile and politest bow.

The promised light steals through the mist of alabaster lamps, And every air is heavy with the breath Of orange flowers that bloom 'neath the roof of roses."

Such was the flowery land filled with healing arts and life-preserving products, where Dr. Drake discovered the chief ingredients of his wonderful Tonic Medicine—PLANTATION GINGER—the enchanted tropical island of St. Croix. THE PLANTATION BITTERS, combining all the medicinal and tonic virtues of the healing and life-sustaining products of that famed clime, are without doubt, the World's Great Remedy for Dyspepsia, Low Spirits, and all other Stomachic difficulties.

The Harriburg Telegraph has the following horrible item: A young girl, about seven years of age, was found in the huckleberry woods, near Lackawanna, on Sunday last, dead. She had gone out on the Saturday before to get berries, and, not returning at night search was instituted. When found the body was terribly bloated, and had marks of seven-teen stings of rattlesnakes.

MAGAZINES for September. HARPER'S MONTHLY.—If any one desires to have full measure, running over, of adventure and sensation, let him get the large and liberally illustrated instalment of "The Dodge Club," in the new number of Harper's Magazine. It relates how an American party got on, in Italy, during the stirring events of 1850, and begins and ends with a battle-royal with brigands—An American pluck triumphing each time against fearful odds. The various views of Florence given here are finely executed as well as accurately drawn. On the cover of Harper we read with deep regret, the following notice: "In our last number was announced the approaching commencement of a series of papers to be entitled 'Rides in Montana; by Col. Cornelius O'Keefe, late of the Irish Brigade.' On the very day, July 1, when this notice was written, the author, General Thomas Francis Meagher, was drowned at Fort Benton, on the Upper Missouri. The first paper of the proposed series was then in our hands. It will appear in the next number of this magazine. We know, from his correspondence, that he had made abundant preparations for succeeding papers. It is barely possible, but not probable, that he had written a second 'Ride,' and that the manuscript will be found among his papers. We fear, however, that this first 'Ride in Montana' will be the last written or of the brilliant career of the author."

THE LADY'S FRIEND.—"The Village Doctor," an expressive picture, is the title of the Steel Engraving in the September number of this popular magazine. A beautiful Steel Fashion Plate, with numerous other Engravings of the Fashions, follow, and the usual piece of popular Music, worth of itself the price of the number. Among the Literary matter we have an article on Skeleton Leaves, or the Phantom Bouquet; a fine story by Louise Chandler Moulton, How a Woman Had Her Way; Orville College; Dora Castle; How to Make Wax Flowers, &c. Deacon & Peterson, 319 Walnut Street, Philadelphia.

THE GALAXY, contains some Reminiscences of Dr. Anthon, the late distinguished classical scholar and teacher, by Dr. Robert D. Neschmitz; A Carol of Harvest, for 1867, by Walt Whitman; Jean Ingelov's New Voyage, by Harriet Prescott Spofford; The Ladies of Langlois, by Rev. W. R. Alger; Brigham Young and Mormonism, by E. M. Tullidge; a Mormon Elder; Aunt Madeline's Trial, a short story, by F. L. Curtis; Steven Lawrence Yeoman, by Mrs. Edwin; Waiting for the Verdict, by Mrs. R. H. Davis; and Nebula, by the Editor. The price of the Galaxy is \$3.50 a year. Single copies may be obtained of the newsmen, or they will be sent post paid on receipt of 30 cents. Address W. C. & F. P. Church, No. 39 Park Row, New York.

THE NATURAL LAWS OF MAN.—There are several remarkable articles in the Herald of Health for August. One of these is from Rev. Henry Ward Beecher, on the natural laws of man, which ought to be read by everybody. This monthly grows better and better every month. \$2 a year—20 cents a number. Address, Miller, Wood & Co., No. 15 Laight street, New York.

BLACKWOOD'S MAGAZINE contains the Brownings; The Social Era of George III; Life and Letters of Gov. Winthrop; Intemperance and Intolerance; an interesting article on Maximilian; The Bill as it is, &c., all of which are highly entertaining and instructive. Published by the Leonard Scott Publishing Company, 140 Fulton street, N. Y.

THE ELECTRIC comes filled with a variety of articles, leading off with The Imagination; Its Functions and Its Culture; Edgar Quinet's Revolution; Religious Liberty; A Book About Lawyers; A Dutch Political Novel; Donald G. Mitchell, (with portrait.) &c. Published by W. H. Bidwell, at No. 5, Beckman street, New York.

OUR YOUNG FOLK.—An advance copy of Our Young Folks for September enables us to say that children (yes, and their elders too,) will be delighted with the new number. There is song and music by Emily Miller, and music by J. R. Thomas, illustrated by H. Fenn, with eleven other original engravings, including a full-page one by Fenn, from a Sketch in Color by F. E. Church. Among the letter-press contributors are Mrs. Stone, Elijah Kellogg, J. T. Towbridge, Louise E. Chollet, Susan N. Carter, Isaac I. Hayes, and others. The closing articles, published monthly, severally entitled "Round the Evening Lamp" and "Our Letter-Box," are as worthy of being studied by juvenile readers as any other portions of this their own magazine.

THE ATLANTIC MONTHLY has been received. This best of American monthlies always comes to us freighted with interesting and profitable reading upon topics ever fresh. Its brilliant corps of contributors never fail to enlist the interest of all readers. The present number is fully up to the standard of its predecessors, if we may judge from the following table of contents: The Guardian Angel, J. X., by Oliver Wendell Holmes; Prophetic Views about America, by Chas. Sumner; Sunshine and Betrach, by T. W. Higginson; Canadian Woods and Waters, by Chas. Dawson Shively; The Nightingale in the Study, by James Russell Lowell; Hospital Memories, II., by Eudora Clark; My Italian Travels, by W. D. Howells; The Mystery of Nature, by Theodore Tilton; A Wife by Wager, by E. H. House; The Jesuits in North America, by George E. Ellis; The Blue and the Gray, by F. M. Finch; Fugitives from Labor; Reviews and Literary Notices.

FACTS FOR THE PUBLIC. Easily verified by examination, which we respectfully invite. 1. We have the largest establishment for the manufacture and sale of Clothing in Philadelphia, extending through from 51st Market street to 511 Minor street, and occupied exclusively by ourselves. 2. Our building, having been constructed by us for our own exclusive occupancy, and for the business to which it is entirely devoted, unites all the conveniences and appliances which have been found necessary or are desirable. 3. We have an ample cash capital, enabling us to make all purchases for cash and giving us a selection at the most favorable prices, from the markets of the entire world. IN THIS PARTICULAR WE HAVE ADVANTAGES SHARED BY NO OTHER HOUSE IN THE TRADE. This fact is well known to the entire business community. 4. We sell goods for cash only, which, though it restricts our business to those prepared to purchase in that way, enables us to give them such advantages as no house doing a different business can possibly offer. 5. A business experience of a quarter of a century has informed us fully of the wants of the public and of the best way to meet them. 6. We employ the best and most experienced

Cutter and Workmen in making up our goods—the style, fit and make of which are unsurpassed. 7. All persons, whatever may be their physical peculiarities (unless deformed), can be accurately fitted at once from our stock, in most cases better than by goods made to order, and at prices 25 to 50 per cent. lower. 8. Our business is large and constantly increasing, enabling us to keep the largest, best assorted and most complete stock of Men's, Youth's and Boys' Clothing in Philadelphia, to which large daily additions are made of fresh goods, replacing those sold. 9. For reasons already enumerated, we can and do sell at prices guaranteed in all cases lower than the lowest elsewhere, or the sale cancelled and money refunded. 10. All goods when offered for sale are represented to be exactly what they are. 11. When purchased, for any reason, dissatisfied with a purchase made, if reported within a reasonable time, we pledge ourselves, by exchange, refunding of money or otherwise, to give full satisfaction in every case, and request that all such may be reported to us for adjustment.

HALF WAY BETWEEN BENEVOLENT CO., FIFTH AND SIXTH STREETS. TOWER HALL, 515 MARKET STREET, PHILADELPHIA. AND 600 BROADWAY, NEW YORK. May 17-3m.

Spread the Truth! Some medical men insist that it is unadvisable to advertise a remedy, however valuable it may be. Querer reasoning this. It is like saying that an article which the world needs should be hid in a corner—that benefits and blessings may be too widely diffused—that the means of protecting and restoring health should be a close monopoly, and not accessible to all. The argument is bad. It is worse than that it is *inhuman*. Suppose HOOPER'S STOMACH BITTERS, an absolute specific for dyspepsia, biliousness and nervous debility—had never been known beyond the precincts of the faculty, what would have been the consequence? Instead of curing and invigorating millions, the good effects of the preparation would have been confined to a comparative few. There is the highest authority for saying that light should not be hid under a bushel; that whatever is excellent should be placed as a city on a hill, where all men can take cognizance of it. It is upon this principle that the BITTERS have been advertised in connection with the Herald of Health, a newspaper of any prominence in the western hemisphere, and that the spontaneous testimonials in its favor have been translated into all written languages. Thousands enjoy perfect health to day who would be languishing beds of sickness if the newspapers had not spread the truth with regard to this unequalled invigorant and corrective far and wide. Suppress profit has been reaped from this publicity. Is not any argument against it? If the public health has been promoted; if lives have been saved; if the feeble have been strengthened and the sick restored, great good has been accomplished; and who so mean as to grudge to exertions that directed their fair reward?

Dr. Schenck's Mandrake Pills.—A Substituted for Calomel, &c. These Pills are composed of various roots, having the power to relax the secretions of the liver as promptly and effectually as the bile pill or mercury, and without producing any of those disagreeable or dangerous effects which often follow the use of the latter. In all bilious disorders these Pills may be used with confidence, as they promote the discharge of vitiated bile, and remove those obstructions from the liver and biliary ducts, which are the cause of bilious affections in general. SCHENCK'S MANDRAKE PILLS cure SICK HEADACHE, and all disorders of the liver, indicated by yellow skin, coated tongue, costiveness, drowsiness, and a general feeling of weariness and lassitude, showing that the liver is in a torpid or obstructed condition. In short, these Pills may be used with advantage in all cases when a purgative or alterative medicine is required.
