REPUBLICANS, ORGANIZE.

The County Committee have issued a call for a county meeting, to be held on Tuesday night of Court week, in which is is announced that the campaign of 1868 is to commence. Republicans, do you realize that this is the case? Whether you realize it or not, it is nevertheless only too true. The campaign is upon us and you must go t work at once in good carnest to put the Republican hosts in battle array. The fight is likely to be a long and desperate one, and it may be much more desperate than many of you are willing to believe. The Copper head organs from Maine to Texas, are threat ening civil war already. Of course these croakers who skedaddled to Canada or hid in caves when drafted, are of very little acthe South with promises of assistance untithe time for action came, and then, coward like, stole away and left their Southern friends to fight it out. They may do the same thing again. They may get somebody else into a fight, never themselves. Let the party thoroughly organize and prepare for the worst. Let the soldiers be organized in every township and borough throughout

The Spring election will be upon us in a few weeks, commence the work of organization at once. Let every borough and township in the county have a regularly nominated Republican District ticket, non inated at least ten days before the 3rd Friday in March. Let the Vigitance Committees that were appointed last Fall, stir up their sub School District Committees, so that every man in a district who votes the Republican ticket will be seen and induced to attend the election. Many of the minor borough and township, officers, though of very little consequence in a general way, have much to do in advancing the interests of the party, and no opportunity should be left slip to elect Republicans where Republicans can be elected. This is by far the safest plan. Many persons come to the conclusion, because an office is trifling within itself, that there is no use paying any attention to it, the office of Assessor for instance. This is all wrong. Our Copperhead friends never leave an opportunity of

The County Committee has also been called together. This call is made for the purpose of selecting a Delegate to the State vention, which assembles in March, as will be seen by notice given in this issue. We desire the Committee to fully anderstand the duty which devolves upon them and to act intelligently The selecting of a Delegate to the State Convention is of much Delegate will have much to do in shaping District in the coming campaign. The State Convention will select an Electoral ticket, to voted for at the Presidential election The Delegate will have much to do with The Delegate will have much to the his selection. PRATTLEUM. Congressional nomination. If the Elector should be taken from the lower end of the labor and success of the campaign in this county. Who is to fill this position? We such an organization as will sweep Copperheadism out of existence. We have no personal interest in the different applicants for Delegate, but we would like very much to know their views in regard to the selection of persons to fill these various positions. We expect to do our share of the work, which is generally about one half, and sometimes considerably more, and we hope we will not be asked to "go it blind" for any body. Let the Committee look at this mat mer gravely, and do the best for the party. Let the first step toward the incoming campaign be taken judiciously, and without any regard to persons, and if this is done we can expect to triumph.

On Wednesday the 11th day of March, 1868, at ten o'clock, a. m., to make nominations for Auditor General and Surveyor General, and also to form an Electoral Ticket, and to choose four delegates at large to represent the State in the National Convention to be held at Chicago on the 20th of May next for nomination of candidates for President and Vice President, it being understood that each Congressional District will choose two delegates to said National Convention.

As heretofore, the State Convention will be composed of Kepresentative and Senatorial delegates chosen in the usual way, and equal in number to the whole of the Senatorial delegates to represent the State of the National Convention to be asked to "go it blind" for any body. Let the Committee look at this mat mer gravely, and do the best for the party.

Let the first step toward the incoming campain be taken judiciously, and without any regard to persons, and if this is done we can expect to triumph.

Gen. Hancock has issued an order, in which he declines to set aside the registration in Texas, on the ground that certain classes had been excluded and others admitted to the registration wrongfully. He will not assume to revise or correct any action of the Boards of Registration in matters which, by the Reconstruction act, are submitted to their judgment and discretion. This is perfectly right, and shows that the General is not fully demoralized by Johnson's perfidy and nonsense.

THE PITTSBURGH COMMERCIAL.

It is unnecessary to occupy time or space in setting forth the character of the Commercial. Its standing as the leading newspaper in Pennsylvania—although the most recently established of the first class papers of the country—is already assured. At no time an experiment, it has steadily grown in circulation, strength and patronage, until it has become recognized everywhere not only as the leading jearnal in this State, but the favorite with the reading public in a large part of Ohio, west Virginia and even beyond their borders. It employs the telegraph on a scale qualled only by the great papers of the larger cities. As a Commercial caper it has a recognized standing at home and shroad, and is read by the most intelligent of all classes, among whom it exerts an influence second to

is rend by the most intelligent of all classes, among whom it exerts an influence second to no other in the State. Its Market Reports are carefully prepared by competent reporters and we employ every means to insure completeness and reliability.

Republican in politics, the Commercial does not scruple to be independent and criticises freely the leading men of the party. Adhering firmly to the fundamental principles of that party, it helieves success is most surely achieved by freely discussing propositions and measures, with the view of assisting the reader to arrive at correct conclusions. Entering, as we now are, on the Presiden-Entering, as we now are, on the Presiden-tial year, a preference for Gen. Grant for the Presidency has already been expressed. In this respect, the Commercial was one of the first to take a decided stand; and it has the satisfaction of having already seen its favorite the accepted of the great majority of the Re-publican party.

the accepted of the great majority of the Republican party.

In State affairs the Commercial is the unflinching advocate of a Free Railrond Law and a Liberal System of improvements for the development of the vast resources of our State, whereby she will be enriched and the welfare of her citizens advanced.

Our aim from the first has been to make the Commercial second to none as a General Newspaper. We leave nothing untried to accomplish this object. So well have we redeemed our promises that we deem it useless to make new ones in this or any other particular.

PROSPECTUS. 1868. "THE AGE." 1868.

A Democratic Daily and Weekly Journal in Philadelphia.
