STATE TICKET. AUDITOR GENERAL GEN. JOHN F. HARTRANFT, OF MONTGOMERY COUNTY. SURVEYOR GENERAL CCL. JACOB M. CAMPBELL, OF CAMBRIA COUNTY.

THE VICE PRESIDENCY.

We have heretofore refrained from any the party, all to their own desires of person-al preferment and bringing their personal quarrels into the party to distract and di-vide it they deserve the emphasic relation of *American*. vide it they deserve the emphatic rebuke of the people of the State. There is no better way of doing this than by ignoring both until they learn that while the people have applauded the services of both in various offices of honor and trust there will get here to offices of honor and trust, they will not brook being made servile tools for the promotion

has been the great and almost only obstruction in the two most difficult tasks imposed upon our legislators, the reconstruction of the lately rebellious States and the collection of the whiskey tax. If he is removed both tasks will soon be easily and successfully accomplished.

DEMOCRATIC THREATS OF ASSASSINA

TION .- The "Rev." C. Chauncey Burr, seussion of the merits of the various can- editor of the Old Guard, openly advocates didates in this State for the nomination of in that magazine the assassination of the the Republican National Convention for Radical members of Congress as the readiest Vice President. The course of our delegate to the State Convention and the persistent "A hundred men," he says, "of the pluck effort of the managers of the Cartin ring and patriotism of Wilkes Booth, at the seem to call for a plain statement of the condition of public sentiment in this county. Our people, with the exception of a few partisans, have become thoroughly disgus-ted with the Curtin and Cameron fight and and wish to have nothing further to do with either faction. As far as the merits of the two men are concerned they both have many good qualities and some bad ones. two men are concerned they both have many good qualities and some bad ones. We have no ill will toward either of them except that we think that for their conduct these infamous tyrants (Grant, Sherman, in sacrificing State and National interests and Schofield, and the Radical members of devotion to the principles and success of Congress)have lived since they began their

This is amusing. The Copporheads op-posed the adoption of the whole financia] policy of which the Banks are a part; and of mere personal ambition nor the cata paws to fight-out personal quarrels and rivalries. The Services of Gov. Curtin during the tion. As they were powerless to prevent war have been fully appreciated and for the creation of the system, they will be powerless to destroy it, for the men who saved and praise from our people. All this how- the country are the men who are to rule itever has not nor will it buy for him or any Judge Woodward tried to stop the War other public favorite immunity from the by stopping the draft, but the draft went other public favorite immunity from the stern rebuke of the people when he at-tempts to force himself into position in de-fiance of their expressed will. This seems to be the character of the effort now making to be the character of the effort now making to compel all the delegates of the state to country by it.-The Judge is after a third cast their votes for Curtin at the Chicago Convention. It is true Curtin got the Ma-Banks. But they have weathered heavier

it may be an expression of the will of the THE Bedford and Bridgeport Railroad bill majority of the party, but we are quite has passed both Houses and gone to the Govsure that it is not a fair expression in the recorded vote. We sent a delegate there instructed first by the unanimous vote of two County meetings and afterward by a three-fourthavote of the County Committee, and decome a law. It will then be for our people to see to it that the road is made. We will publish the bill as soon as

will carefully scrutinize the acts of the last few sessions of Congress they will find that, though much time has been taken up in ex-amination and investigation, when a matter has been thoroughly sifted and a course of action determined upon Congress has acted promptly and energetically. The President has been the great and almost only obstrue-

proficient in the Euglish branches. LIBET suits are no longer profitable literga-tion, as the *Slate Guard* says. Judges and juries imbued with common sense, begin to recognize the fact that without the outspoken independent action of the press, rascals can-not be uncovered preparatory to being brought to justice. Hence it is that in differ-ent courts of the country, by a singular coin-cidence, many prosecutors for libel are being non-suited.

non-suited. The House of Representatives of Mas-sachusetts has passed to a third reading a bill which forbids for three years the taking or shooting of quails, partridges, woodcock and snipe under a penalty of five dollars for each offence. Any person having a dead bird of that kind in his possession will be fined five dollars and costs for each bird, providing he cannot show that it came from another state.

Seward. THE State Historian at Harrisburg a short time ago sent a circular around to the officers of the different Pennsylvania regiments which have seen service in the late war, re-questing them to furnish him with all im-portant dates, facts and incidents connected with their military record. His object, of course, is to enable him to prepare an accurate history of "Pennsylvania in the War," as Ohio and some other States have already done.

War," as Ohio and some other States have already done. Thus friends of Col. Dan Rice have issued a long address to the delegates to the Demo-cratic National Convention, which they are spreading broadcast over the country. It re-cites the causes which have enabled the Re-publicans to retain power for so long a period, argues that none of the candidates named for the Democratic nomination can be successful, and arrives at the stanning conclusion that Dan Rice is the only man whose name can lead the party on to victory. GEN, BUCHANAN has issued an order for an election in Louisiana for members of the House of Representatives of the United States, and such State, Judicial, parish and municipal officers as provided for by the con-stitution to be submitted. This election is to be in all respects part of the election hereto-fore ordered in special orders of March 11th, subject only to such modifications as may be required by act of Congress, under which it is ordered; that ballots for or against the con-stitution shall have on them the names of the several officers voted for, and returns of elec-tions shall be made to the commanding Gen-eral.

Bedford and Bridgeport Railroad bill seed both Houses and gone to the Gout for his signature. There is no doubt is seen the bill will be speedily signature at the total is the vote brought out was: For Lincoln, 13, 1692; for McClellan, 8,470. As Major General Burnaide again heads the Republicant ticket this year, there is no reason to believe that the vote will materially differ from that of 1866 and 1867.
