Baick MACHINE .--- Messrs. Benedict & S roat have put in operation their new brick machine in what was formerly the "Shuck yard.²² and we understand it is working very successfully. From eight to twelve thousand brick can be made in a day, with six hands and one horse. John Herring, of Bloody Run, an experienced brick maker has the management of the yard.

Locusts .- The seventeen year locusts have made their appearance among us in large numbers, and the air is made discordant with their cries of "Pharaoh." We see it stated that wherever they have appeared many of the hogs that were permitted to run at large died. It is supposed by many that the death of the hogs was occasioned by the eating of locusts. Our farmers might do well to bear this fact in mind. H. Longenecker. Jos Dull nominated Geo. S. Mullin, and William Stuckey nominated

ATTENTION .- The GRANT and COLFAX Campaigh Club will hold its first regular meeting on Saturday evening the 20th inst. Persons wishing to add their names to the organization should do so at once. Let some one in each portion of the town endeaver to get every Republican in his neighborhood to join the club and send their names to us before our next issue, as we desire to publish a roll of embers. Then to work, at once. Let there be no lagging.

THANKS.-Our soldiers desire us to tender their thanks to the ladies, who, with true patrictic and commendable zeal cheerfully contributed flowers and aided in making wreaths for the decorating of the soldiers' graves on the 30th ult. They brought their richest floral offerings, and most tastefully did they accomplish their work. Our ladies were true to the soldier while living; they honor accomption their work. Our ladies were true to the soldier while living; they honor him dead, and beautify his grave. This return of thanks should have been made in our last week's issue but was overlooked. Resolved, that the Hon. John Cessna, be the unanimous choice of the Republicans of Bedford county for Congress and that he be empowered to select his own conferees to the congressional conference of this Distribution of the congressional conference of this Distribution.

A STEP IN THE RIGHT DIRECTION.—The borough authorities have, within the past few days, begun the work of macadamizing the southern end of Juliana street. This is well enough in its way: but the work should well enough in its way; but the work should have been begun at the other end of the Conference. street. Will not the council at once proceed to the grading and macadamizing of the whole the following gentlemen were named as the street so as to have it done before the open-ing of the watering season? The chief diffi-culty has been removed, now let us have the Unit of the watering season? The chief diffi-culty has been removed, now let us have the you city Fathers, deliver us from the pesti-lential dust and mud that have so long been the characteristics of Juliana street.

DESTRUCTIVE STORM .- On Saturday aftertoon the 6th, inst., the vicinity of Rainsburg, in this county, was visited by a storm of rain and hail accompanied with a high wind which did considerable damage. The centre of the storm passed southeast of the town of Rainsburg in a northeasterly direction, the margin of the storm passing over the town. A new house in process of erection by a Mr. Swartzwelder, was blown to the ground, the roof of a building belonging to a Mr. Sheely was also badly damaged besides slight damages to other buildings and prop-erty. The timber in the course of the storm was nearly all prostrated and much damage done. A considerable quantity of hail fell luring the storm, but without causing serious

lamage to crops as far as we have yet heard. ACCIDENTS. -On Tue sday morning of ast week, a son of Mr. George Fetter, of Saxton, aged about ten years, attempted to climb on a passing coal train about a mile above Saxton, but missed his hold on the car and fell, and the train passing over him, killed

This is all very well. It is agood text when impar-tially adhered to. But how often is it the case that much evil and injustice is done un-der the cover of its provisions. We will illustrate: The wealthy man of the communi-ty enters the place where groceries are vend-ed at retail. Having a large family he de-sires to, and does purchase, a considerable quantity, and orders the goods and the bill quantity, and orders the goods and the bill for their amount sent to his house.
