FOR CEPUMP,
Patented August 28th, 1866, and awarded the PREMIUM at the Pennsylvania, Onio, and Now York State Fairs, in 1866.

The advantages claimed for this pump over all other patent pumps are as follows, vin: The valves, are composed entirely of cast iron, rendering it be most durable of any pump yet patented. This pump is so constructed that it never freezes the water dropping back to the level with the water in the well. It easily worked, and can be used, by attaching bose, in washing wagons, horses, watering gardens, and in ease of fire is of valuable service, as water may be thrown to the distance of from sixty to seventy feet in the air from it by the use of a small section of hose.

This valuable pump is now offered to the public at the following prices:
