Miscellaneous.

AYER'S SARSAPARILLA,

FOR PURIFYING THE BLOOD. FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvelous. Inveterate cares of Serofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Serofulous affections and disorders, which were aggravated by the serofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Serofulous poison is one of she most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exhibiting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its

presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or feul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarseparrilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this SAESAPARLILA; St. Anthony's Fire, Rose or Erysipelas, Tetter, St. Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsis, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various Ulcerous affections of the muscular and nervous systems.

Those painful diseases, Rheumatism and Gout, when caused by accumulatiens of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Congestion or Inflamation of the Liver, and Jaundice, when arising, as they often do, from the ranking poisons in the blood. This Sarsaparilla is a great restorer for the strength and vigor of after system. Those who are languid and Listless, Despondant, Sleepless, and Troubled with Nervous apprehensions or Fears, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial. Prepared by DR. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists.

FOR THE RENOVATION OF THE HAIR.

THE GREAT DESIDERATUM of the AGE! A dressing which is at once agreeable, healthy, and effectual for preserving the Hair. Faded or gray hair is soon restored to its original color and the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothdestroyed, or the glands atrophied and decayed.

But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently

HAIR DRESSING. nothing else can be found so desirable. Containees, and in a good state of cultivation, adjoin- ing neither oil nor dye, it does not soil white cambric, and yet lasts longer on the hair, giving it a rich glossy lustre and a grateful perfume.
