These ports have a foreign commerce of \$900,the Empire, radiating from these points, through its canals and navigable rivers.

The cable being laid, this Company proposes erecting land lines, and establishing a speedy and trustworthy means of communication, which must nications of the Government, of business, and of social life, especially in China. She has no postal system, and her only means now of communicating information is by couriers on land, and by

The Western World knows that China as ery large country, in the main densely peopled; but a few yet realize that she contains more than a third of the human race. The latest returns made to her central authorities for taxing purposes by the local magistrates make her population Four Hundred and Fourteen Millions, and this is more likely to be under than over the actual agand LOSS OF APPETITE: gregate. Nearly all of these, who are over ten years old, not only can but do read and write. Her civilization is peculiar, but her literature is as extensive as that of Europe. China is a land of teachers and traders; and the latter are exceedingly quick to avail themselves of every proffered facility for procuring early information. It is observed in California that the Chinese make great use of the telegraph, though it there transmits messages in English alone. To day great numbers of fleet steamers are owned by Chinese merchants, and used by them exclusively for the transmission of early intelligence. If the telegraph we propose, connecting all their great seaports, were now in existence, it is believed that ts business would pay the cost within the first two years of its successful operation, and would

people. It is of a vast national importance com

The stock of this Company has been unqualimen, as a desirable investment by editorial arti-D LASTER.—The subscriber would respectfully inform the public that he has just received from the city 60 tons of the best Nova Scotta ROCK PLASTER, and will continue to receive as his stock diminishes until the first of April, which he will grind and keep for sale at Hartley's Mill, and will sell as cheap as can be bought for cash, or wheat, rye or corn, at the highest cash prices, taken in exchange. Remember only until the first of April. Thankful for past favors I solicit a continuance of the same.
