The undersigned would inform their friends...

JOHN LUTZ.

Poetry.

MY FRIEND.

Wouldst thou be friend and bold? Thou must be quick and bold. When the truth is to be done...

Remembering him who spoke The word that cannot lie: "There in the midst am I..."

NO FIBING BUT LEAVES. Nothing but leaves: The spirit grieves Over a wasted life...

Nothing but leaves: no gathering sheaves Of words that ripened grain: Weeds that grow, for earnest deeds...

Nothing but leaves: memory weaves No veil to screen the past; As we retrace our weary way...

And shall we meet our Father so, Bearing wither'd leaves? The Saviour looks for perfect fruit...

MISCELLANEOUS. "All work and no play, makes Jack a dull boy" is a true saying...

DO LABORING MEN HAVE TIME TO STUDY? "All work and no play, makes Jack a dull boy" is a true saying...

THE TERRIBLE CONDITION OF AFFAIRS IN THE SOUTH, WHICH WE READ IN THE TELEGRAPH DISPATCHES. Mr. Nasby Invents.

POST OFFICE, CONFEDERATE X ROADS (Which is in the State of Kentucky), Dec. 31, 1868.

THE CONDITION OF AFFAIRS IN THE STATES WHICH WAS ENGAGED IN THE LATE UNPLEASANT WAR...

WE HAVE A WORD TO SAY UPON THIS SUBJECT, and we shall begin by agreeing with our essayist, that workmen, especially young workmen...

LET US SEE. It is asserted that they eat too heartily, that they must eat too heartily to be best minded.

Now let it be distinctly understood that we do not object to harmless amusements per se.

Let us now look for a moment at the question of time. Suppose a laborer to work ten hours, and to devote two hours per day to meals and going to and from work...

Let us now look for a moment at the question of time. Suppose a laborer to work ten hours, and to devote two hours per day to meals and going to and from work...

German tongue, a fair knowledge of mathematics pure and applied, an outline of the physical sciences, and skill as a draftsman.

Wuz jest ez generous with. He bent spent the left v his money at Saratogy and to git his girls their outfit for No Orleans...

At this point the unpleasantry began. The infuriated niggers woznt listen to what he said...

When the two hitch up together, they are a bulky team. Wisdom, being natively the stoutest, takes learning up in its arms...

Wisdom is a giant, whose strength makes him respected, while learning is a pigmy, whose knowledge makes him feared.

POVERTY is a gloomy presence in any home, even American poverty, and a boy who saw the household gods distrained by the sheriff's prison...

HINTS FOR LADIES. When your husband returns at night let him find the fire on, his tea and toast cold, and you reading a novel.

FEAR OF LIFE INSURANCE. The following dialogue between an insurance agent and a well-to-do Irishman is related:

DR. SPICER says: There is no fact more clearly established in the physiology of man than that the brain expands its energies and itself during the hours of wakefulness...

EVERY young man should remember that the world will always honor industry. The vulgar and useless idler, whose energies of body and mind are rusting for want of occupation...

EVERY young man should remember that the world will always honor industry. The vulgar and useless idler, whose energies of body and mind are rusting for want of occupation...
