If the people are not prepared for it let its fairness and justness be shown and advocated until they understand it and are prepared to accept it. This is the position taken in the Chicago platform of 1868 and on which the Republican party rain. A her glorious victory. Let us have the amendment and submit it to the Legisla-tures of the States. The cause will only gain strength by fair, honest, open advoca-cy. Right and justice need never fear pub-lic scrutiny nor a fair trial. Their probable motives in joining us it is unnecessary to discuss. The reputation this excellent medicine enjoys, is derived from its cures, many of which are traly marvelous. Inveterate cases of Scrofulous disease, where the system scened sature'ed with corrup-tion, have been partiled and cured by it. Scrofu-lous affections and disorders, which were aggra-vated by the scrofulous contamination until they were painfully afflicting, have been radically cu-ci in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.
