

Bedford, Pa., Friday, March 12, 1899.

The undersigned committee, appointed to obtain subscriptions, have done, up to this time, what they deemed best to accomplish their work.

THE RAILROAD. The grading and bridging will not cost over \$70,000,000, as ascertained by actual survey and calculation; one-half of this sum can be easily raised by the people of Bedford; if this is done, the other half can be raised outside of Bedford, and the road put under contract this coming Spring.

The standing advice to a green fire company runs something like the following: "The moment you hear an alarm of fire, scream like a pair of parrots. Run any way, except the right way—for the furthest way round is the nearest way to the fire."

THE RAILROAD—How to Raise the Money. Mr. J. Lutz, Esq., March 8, 1899. JOHN LUTZ, Esq., Dear Sir:—I am glad to see that you are so much interested in the Bedford Railroad project, and have come to the conclusion that if we have to depend on subscriptions alone we will never have a railroad to Bedford.
