We again present to our readers, as the are shelled off. fact which each one, upon trial, must judge fact which each one, upon trial, must judge for himself. Frequently a pear, an apple, or a grape may do well for a few years and then pocket.

And it is for him to say whether he will continuously in the co riorate; or may do excellently well in pocket. one location, and not in another, though separated by a very narrow space. In such it had better be disposed of by grafting it with more reliable varieties. We have changed our opinion respecting a number of fruits within the last half dozen years, and yet in some of the instances we are convinced the fault was in the location and soil.

According to our present preference, we should select the following for our planting,

STANDARD PEARS. Early Catharine, S. Seckel,
Juliana, 9. Sheidea,
Mannings Elizabeth, 10. Buffam,
Tyson, 11. Howell,
Bartlett, 12. Lodge,
Belle Lucrative, 13. Anjou,

15 Feaster. Ot the above, from No. 1 to 4 are summer varities; from 5 to 12 autumn; 13, 14, and 15, winter, thus affording a sufficient number for each of the periods, of the best known

sorts for this region DWARF PEARS. 1. St. Michl. d'Archange 6. Tyson,
2. Bartlett,
3. Comice, 8. Lawrence,
4. Rostiezer, 9. Dearborn's Scedl'g,
5. Diel, 10. Feaster. APPLES. Maiden's Blush, Baldwin, Russett.

PEACHES. 1. Crawford's Early, 2. Hale's Early, 3. Morris white, 4. Oldmixon (free,) 5. Crawford's Late, 6. Late Heath. 2. Hale's Early, 3. Morris white, GRAPE. . Telegraph, 5. Elton,
. Concord, 6. Creveling,
. Hartford Prolifie, 7. Delaware,
. Rogers No. 4, 8. Rodgers No. 32.

| 5. Belle Magnifique, | 6. Downton, | 7. Elton, | 8. Kentish of Pie. RASPBERRIES. 1. Brinckle's Orange, 4. Philadelphia, 2. Hornet, 5. Clarke, 3. Catawissa, 6. Bristol.

STRAWBERRIES. Russell's Prolific,
 Triomphe de Gand,
 Albany Seedling. CURRANTS.

1. Black Naples, | 2. Red Dutch. GOOSEBERRIES. 1. Houghton, | 2. Downs.
BLACKBERRIES. 1. New Rochelle, | 2. Dorchester, 3. Wilson's Early.

It is better that those who intend to cultivate fruit and have to make purchases, should take this list with them to the nursery, and a prisoner thus:-"The constable and pris- of any kind. date every taste and demand .- Germantown

The Rural American makes the following clever hit: Plow as ahallow as possible, plant and sow the poorest seed you have, a week or two after the right time, when the ground is wet; and do not be particular as to the quantities of weed that grow up, as it will not "pay" to keep them dow

or have pasture for in summer; and when you buy stock, select the cheapest you can find, What is your occupation, sir?" "Blind begregardless of breed and other qualities."

in about an hour or two.

No fence should be repaired till after epairing. A fence three and a half or four feet high, is high enough for stock that is not high fed; and no farmer can afford to make them higher.

Sow your wheat and rve where the water the pith of a lady's letter i

Never change the males of any stock, as inand in breeding will, if long continued, ensure you against having stock to sell, which is

Farming implements should not be cleaned, when used in wet weather, or when the soil adheres to them; and, especially, do not require your hired help to bring ploughs, harrows, etc., from the fields. Let them lie by the fence till you want them elsewhere, if it be a month or more. Nor should you trouble yourself about providing a tool house or sheds for wagons, as any place will do for your tools, where they will get washed by rains, and dried by the sun.

far as that which is dry.

on, and to rob farmers of their hard earnings. thy eyes would get well again.'

You can generally find enough "tinkering" annexed:

to do about the house, while your men do the hard work on the field. By so doing you ter, did you?

will have less need of new barns, cribs, etc., which are expensive. to help his poor, broken-down wife, because know what cut it? she is already ruined in health and spirits; all the girls in the land could not restore her to sharp instrument did? perfect health again. Besides, these girls are

men and keep them from their work. No wise farmer will talk of the pleasures of sir, what brought you to London? agriculture before his sons, as it would lead

agriculture before his sons, as it would lead them to expect in after years, perhaps, a degree of enjoyment, if they followed farming as an occupation, that might never be realized. False hopes are ruinous to a rising generation.

Pat—The locomotive, sir.

Court (waxing warm) — Equivocating again, you scoundrel; (raising up the horse shoe before Pat,) do you see this horse shoe, some particular and manufactory at the German Medicine Store, No. 631 ARCH STREET, Philadelphia, Pa. In hiring hands for the season, do not put

to it. This allows them to avail themselves of an offer in harvest time of double what you pay them, from some other party; and if you pay them in advance somewhat, they can

leave you in better spirits.

Every progressive farmer will be posted in the price of hides, as he is liable at any time, but particularly in the spring to have cattle die a satural death. To teed in a way to prevent this is doubtful economy.

It is advance somewhat, they can leave you in better spirits.

time approaches for transplanting, a revised Stables should be dark and free from venlist of Fruit Trees, Vines, &c., which we can recommend for general cultivation. Twelve or fifteen varieties of pears, and eight to ten of apples, are all-sufficient, provided they are the best adapted to the soil and locality—a is shown by the sleek skin of animals that for my wild in the forests and on the plains. roam wild in the forests and on the plains, HOOFLAND'S GERMAN BIFTERS,

> In regard to the reading for a farmer's family, a Sunday school paper and an almanac ought to suffice. Some men go to the on ac ought to suffice. Some men go to the expense of taking a weekly news paper; and others subscribe to agricultural or other papers; but the world was made without such things, and no proof has ever been adduced to show that Adam and Eve were less happy than the people of the present day. For a farmer to expend \$5 or \$6 a year in various publications, on the plea of furnishing tits. publications, on the plea of furnishing "information and amusement to the family," when that sum would buy tobacco enough to last him several months, is an example of startling misapplication of money; and farmers do well to pause before they allow them selves to be induced to part with what has cost them the sweat of their brows, for publications which are innovations on the customs of the world, as it existed in olden times.
>
> Has been provided—a preparation in which the solid extracts of the finest restoratives of the vegetable kingdom are held in solution by a pirituous agent, purged of all deleterious emistations as selection; in choosing between these two great antidotes, should be guided by his own condition. If a very low state, from debility, the Tonic should be his selection; but in cases where the should be his selection; but in cases where the should be his not so pressing, the Bittors is the specific required. Theusands find infinite benefit from taking each in turn. There is no phase of indigestion, Biliousness, Nervous Direase, or Physical Prostration, to which they are not adapted to the form taking each in turn.
