Bedford, May S, 1869. I take great pleasure in giving my testimony to the value of "Middle. ton's Wonderful Pain Cure." I have been a maxty to Rheumatism. For two months previous to Feb. 25th, last, I was suffering intensely with pain so severe, that during all that time I had act one night of comfortable sleep. I could not put my hands to my face, could not comb my own hair, nor feed myself, but after having the Pain Cure applied once, I found relief enough to give me comfortable sleep, and with its steady use, I continued to get better, and now at the end of ten weeks from its first application, I have comparatively free use of my hands, sleep well and can attend to business. It has done me more good than all other medicines I have ever used put together, and I cheerfully give this certificate of its value.

MEDICINE.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have used it, know that it cured them: those who have not, know that it dured them: those who have not, know that it dues once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calonel nor any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.
