THE GOOD TEMPLARS of this place gave an entertainment in the Court House on Tues-day and Wednesday evenings of last week, consisting of dramas, recitations and tableauxvivans. It was very liberally patronized. After paying all expenses, which were pretty heavy, the committee realized a net profit of \$50. The programme of exercises displayed considerable judgment and taste. The Bloody Run String Band was on hand both eve-

nings and enlivened the occasion with their best music. We do not attempt to depreci ate the favor nor merits of the above gentle men, nor is it selfishness, when we say w of the Officers of Bedford County and the Borough of Bedford, of the Ministers of Bedgo abroad at an expense for music, when it has that element at home. It is right and proper to show liberality on all occasions. but it don't look altogether right to see our own musicians who have always furnished music gratuitously lo every public meeting of own interest in the past, thus entirely over looked on such occasions.

We are pleased to learn that the term now losing is more prosperous than the corresponding one of last year, and that the prospects for the Spring term, which will com-mence Tuesday, March 22nd, are unusually flattering. Applications for the admission of poarders and day pupils are received almost daily. Though a month will elapse before the opening of the Spring term, but very few acancies are left. The continued prosperity of the College, while so many schools are declining, is the best comment on its excellent management. It richly deserves its large and widely extended patronage. -Ex.
