REPRESENTATIVE REFORM.

We are indebted to a friend who has been scouring in Europe, for a copy of the London Times of Aug. 6th. This number was issued pending the consideration of the Reform Bill in Parliament...

Next, is given an article by M. Prevost Paradol (a distinguished French writer) in review and commendation of the Cairns amendment.

Besides, the leading editorial article devoted to the Reform Bill and to a vigorous support of an amendment, which, having been adopted by the House of Lords was then pending in the House of Commons.

So much for the particular number of this great paper which we have before us. That this number does not measure the extent of support given by the Times to this question of electoral reform.

THE BASTILLE BUSINESS.

It has been suggested that a convention of those illegally imprisoned during the Lincoln riots be held on the 23d of February next, for the purpose of converting some measures of redress, and drawing up a catalogue of "loyal" outrages to be published in form of solemn manifesto to the world.

IMPORTANT DECISION IN THE SUPREME COURT.

The case of Mary Miles against the West Chester Railway Company, in the Supreme Court, came up yesterday.

It is admitted no one can be excluded from a carriage by a public carrier on account of color, religious belief, political or religious prejudices.

It is a fact that the plaintiff was seated in a car on the said road, and ejected from the train on account of her color.

Next, is given an article by M. Prevost Paradol (a distinguished French writer) in review and commendation of the Cairns amendment.
