Chicaro Convention.

The States were then called, and each voted for Grant. The vote of Georgia was announced by Governor Brown, who said that the Georgia Republicans, many of whom were the original secos-sionists, recognized the maxim "Ene-mies in war; in peace, friends."

The above little paragraph has a world of meaning, and we desire to call the notice of our readers to it, and a few plain facts, about that convention.

Of what sort of material was it comenable them to make their selection. posed? It had among its members, in From the 6th Reg't Col. W. H. Gore, union, sympathy, and equality with Capt. Charles Allen, and Serg't. M. them, some negro delegates from the Dwyer were sel.cted; from the 1st Arty South. It had in it if we are not mis-Maj. E. Meconkey, Capt. C. B. Brockway, and Serg't J. K. McGinnis, taken, one of the most prominent bondsmen of Jefferson Davis, the incarnation of all wickedness, according to Radical theory. It had in it Gov. Brown of Georgia, an "original secessionist," and who represented "many original secessionist," as Radical republicans, in full

standing with the party. And this party of moral ideas follows Stevens an infidel and a miscegenationist, Butler a thief and a coward, Wade so profane and disgusting that Carl Shurtz says nobody would kill Grant because he wanted Wade, President.

When you see such men as Fillmon Winthrop, and Curtis, and Blair and Reverdy Johnson, and Judge Doolittle desert a party, it is easy to believe that it has lost caste and character : And when you find it led by darkies and secessionists, by Stevens and Forney, you know that it has fallen beneath contempt. tom.

WASHINGTON D. C. E7, G. St. June 5th 1808 MR. EDITOR :- The minority in Congress since the impeachment has received an added strength not to be measur ing had been a pleasant one, and not a ed by their nuembers, and much of it is due to the clear and able logic of the Senator from your County.

His definite conclusions from well esablished principles always command respect, and in conjunction with Senaor Hendricks modify party legislation. While the majority have been ringing the changes on old time progress, the listeners in the galleries have heard him advance ideas on the rights of miback, or be suspended from a chain, norities which to day are the study of leading minds in England.

Closely connected with this is the burden of taxation, and it would be a to, I Scotch piz.... useful process to trace the comforts, not to say pleasures which the producing class have relinquished on account of our enormous public debt.
