This decision disposes of all difficul-

ties and questions as to the right of voters, the election laws remaining as they have been heretofore. There will consequently be nothing more done in the law, and the whole matter rests. Succases this Fall will enable us to dispose of many more obnoxious and unconsti tutional acts, and bring the Government once again more nearly to the maxims of the Fathers.

State respectives on any pretext whatever, to deprive any State of this right or interfere with any State of this right or interfere with its exercise is a flagrant usurpction of power which can find no warrant in the constitution and if sanctioned by the people will subvert our form of government and can only end in a single, centralized and consolidated government, in which the separate existence of the States will be entirely absorbed and an unqualified despotism be established, in place of a federal union of co-equal States, and that we regard the reconstruction acts, so called, of Congress as such a reusurpations and unconstitutional, revolutionary and void. That the President of the United States, Andrew Johnson, in exercising the powers of his high office in resisting the aggressions of Congress upon the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and in behalf of the Democratic party we tender him our thanks for his patriotic efforts in that regard.

Upon this platform the Democratic party appeals to every patriot, including all the conservative element and all who desire to support the constitution and restore the Union, forgetting all past differences of opinion, to unite with us in the present great struggle for the liberties of the people, and that to all such, to whatever party they may have heretofore belonged, we extend the right hand of fellowship and halladl such co-operating with us as friends and brethren.
