NEW YORK, July 15.—Another in-tensely hot day, mercury ranging from 98 to 100 in the shade. Numerous cases spectacle from the stage was magnificent. The billows of people surged and roared as any literal sea. The folks of sun stroke in the city during the hast four days—no less than 200, of which at least one-half have proved fatal. To day 4s cases are already reported, of which 1s were fatal. All the street railwere frantic, the delegates were daft for the while. The enthusiasm was without precedent. All other enthusiasms were as the babbling of brooks to asms were as the babbling of brooks to the eternal thunder of Niagaar. The delegations acclaimed with a volume vast enough almost to fill the very States they came from. The whole naas States they came from. The whole mass of men were given over to acclaims which cannot be even suggested in print The reason of this is the same reason that moved every Democrat to the
