The Mominations.

We place In our political column, to of the convention. remain there until the election, the names of the gentlemen selected by the | William Barber of Madison, who was Democratic County Convention on elected. Monday last, for the several county offices to be filled the present year, and were chosen Secretaries. for the position of Representative in the Legislature.

The nomination of Hon. Geo. Scott, of Catawissa, as Representative, will no doubt be concurred in by Montour County; for according to usage this county is entitled to the nomination, and he has been regularly selected as her choice. His former service in the Legislature and in the Board of Canal Commissioners has given him experience in public business and knowledge of public men. He has also a popular address and sound judgment, and there can be no question that he will represent the District in a most satisfartory manner.

We feel sincere pleasure in support ing William G. Quick, Esq. of Montour township for County Commissioner. He has integrity and intelligence and will discharge the duties of his office with complete fidelity. His public spirt was manifested in contributing to the establishment of the COLUMBIAN under its present conductors as an instrument for influencing public opinion and strengthening the Democratic party in this County. In political life and in all the relations of private life Mr. Quick is an established gentleman, and the Convention did itself honor in selecting him as a candidate.

Our neighbor and professional brothvr, Elijah R. Ikeler, esq. is presented for the office of Eistrict Attorney and shall have our cheerful and sincere support. His residence at the county seat gave him some advantages over his competitor for the nomination, but he has fair personal recommendations of his own-good character, good habits, industry, and a proper professional am bition. We shal' wish for him much of success and credit in conducting the business of his office in our courts.

For County Surveyor and County Auditor very proper selections hav been made, and the Standing Committee appointed by the Convention is composed of excellent and reliable men.

The resolution of instruction to our Senator and Representative in the Legislature unanimously passed to support the reelection of Mr. Buckalew to the U. S. Senate was not necessary to bind the action of those gentleman upon the Senatorial question, but was a very proper expression of the sentiments of our people and will receive due consideration in other selections of the State.
