Attention! Democrats!!

In order that cheap reading matter may be furnished the people until after the election, we make the following of-

That we will send THE COLUMBIAN from now until after the Presidential It was done in the regular manner, by election to clubs of twenty FOR FIVE boll ars. This is only Twenty five paid the same as when a road is opened cents a number—and just covers the in Briarcreek, or any other Township cost of the paper on which it is printed. in the County, except that in the case The paper contains each, week sixteen large columns of entertaining literary and political news.

No Democrat is so poor but what he can give twenty five cents to aid in the coming contest, and he should see that his Radical neighbor has a copy.

Clubs should be formed at every Post

The Irish Vote.

As usual before an election the Radicals are making strong efforts to obtain the Irish vote. As proof of their sympathy with the Catholic Irish they nominate for Auditor General of this State Gen. John F. Hartrauft, who acted as Mrs. Surratt's hangman,-who aided in murdering a Catholic woman whom even Ben. Butler in a public speech declared innocent.

They have also nominated for Vice President Schuyler Colfax, a leading Know Nothing in the West, during the existence of that party, and he has never denied it to this day. We assert on the authority of his own townsmen, who were members with him that he was a member. Let him say over his nated for Commissioner wishout oppoown signature whether or not he took the following oaths at South Bend, Indiana, in 1854:

FIRST DEGREE. and these witnesses you do solemnly and these witnesses you do solemnly promise and swear that you will not vote, nor give your influ-ence for any man for any office in the gift of the people, unless he be an Amer-ican born citizen, in favor of Americans ruling America, nor if he be a Roman Catholie.

SECOND DEGREE,

In the presence of Almighty God and these witnesses you do solemnly and sincerely swear If it may be legally done, you will, when elected or appointed to any official station conferring on you the power to do so, remove all foreigners, aliens, or Roman Catholies from office or place, and that you will in consequently the that you will in no case appoint such to any office or place in your gift. A nice ticket, truly! Grant, the per-

-contors of the Jews for President; Colfax, the sworn enemy of foreigners for Vice-President; and Hartrauft, Mrs. Surratt's hangman for Auditor General.

Grand Army of the Republic. "G." WANTS to know "why we call

the Grand Army of the Republic a political organization?"

First, because its commander is John A. Logan, one of the Impeachment Committee, and as bitter a Radical as breathes. During the excitement in reference to Stanton's removal. he offered the services of the Grand Army of the Icepublic to Congress, and at the same time telegrams were sent from all the principal "posts" urging the forcible removal of President Johnson.

Second, the Commanders of the States, Districts, and Posts, are all Radicals. No Democratic soldier of prominence is a member, nor have they ever been solicited to join.

Third, the Radical Executive Committee are urging the formation of "Posts" all over the country, "to aid and feeling. in the election of Grant and Colfax." The pretence that it is not political is mere ruse to induce Democratic soldiers to join, and to get them sworn to obey their leaders, who are all Radicals. If we are in error in this, if we have mistaken its objects, nothing will give us greater pleasure than to correct these

NEVER have the opposition to the Democratic party been so evidently dissatisfied, and doubtful, whether after all they have not been led off the track by wicked, lavatical, and corrupt leaders. The fact that the very best men of the party, those that gave it character, the brains, unquestionably, have left in disgust, must startle the honest portion, and lead them to think.

It is a misfortune to the County, that as a rule members of the opposition rarely take up and read a Democratic paper, but confine their reading to their own stupid party papers, and hence it is, that, though intelligent and clever enough as neighbors, and citizens, they have a very contracted and even bigo ted men of political questions. See that your Republican neighbor has the readng of some sound Democratic paper, like the COLUMBIAN, and his eyes may be opened.

A Question for Tax-payers.

THERE scenes to be no doubt that portion of the citizen of Bloomsbur THERE scens to be no doubt that a portion of the citizen of Bloomsburg have been successively tampering with the Grand Juries of this county, in order to defeat the proposed incorporation of that town into a Borough, ustil their streets have been append and widened at the expense of the county. The whole movement seems to have indicated as muen, but we were not prepared to believe it until we saw the scheme exposed in the columns of the Bloomsburg Democrat. This expose should open the eyes of the people of the whole county. We predict that after their streets have been opened at the expense of the county, there will be very little if any opposition to a Borough charter on the part of the citizens. Who are, or who are not, engaged in this pretty scheme of fleecing the tax-payers of the county we are not prepared to say. Let the people of the county look to their interests, and especially would we urge upon the Grand Jury, that whenever a Borough charter is again asked for by the citizens of that ancient town, that it be granted at once, —Gazette.

GAR LAGE - A. Laubsch, favid Lewis, Geo. have always advocated it. We indigmantly deny that the "Grand Juries have been tampered with." It is an insult alike to our people, and to the Grand Juries, who have in all instances been the most exemplary men in the County.

Lincoln on Seymour.

Does the Tribune believe with Senator Pomeroy that the "cant about 'Honest Old Abe' which was at first ridiculous has now become criminal?" If not, let it have the honesty itself to publish what Lincoln said in 1863 of the candidate whom the Democracy propose in 1868 to put into Lincoln's place. Just before the battle of Gettysburg.

in July 1863, the officer of Governor Seymour's staff, who had been charged by him with superintending the movements of the New York troops whom Governor Seymour threw forward with such unexampled rapidity and energy to resist the invasion of Pennsylvania by Lee, called to say farewell to President Lincoln. Taking the officer (the Tribune knows perfectly well who than officer was) by both hands, President Lincoln said to him; I wish you to understand that you cannot possibly use words too warm to convey to Governor Seymour my thankfulness for his prompt and efficient help given to the Government in this crisis." This language the President thrice re peated, accompanying it wish a fervent pressure of the hands, and uttering it each time with increased carnestness

If a Radical pretends ignorance upon the subject, ask him about the eighteen millions of dollars that were spent last year to meet the expenses of Radical reconstruction in the South.

THE Radical leaders are calling on the at Black Republican meetings. They want the poor mutilated veterans who have been playing hand-organs at our street-corners to lay aside the organs and cultivate their singing talents, to sing Simpson or Ulysses Into the Presilency. And after that is accomplished they can go to organ-grinding again. We don't believe the soldiers will "see it." Anyhow, singing won't pay the

WE are on the eve of the most imporant political campaign ever known, and doubtless excitement will run high through the Country. We caution our friends against the folly of disputing with their Radical neighbors on political questions, nothing is gained by it, and generally the only effect is to make them more hardened in their fanatical, and bigoted opinions.

Tite season is approaching when many of our Democrats friends usually take a trip West, and after, we are sorry to say, this has been done heretofore, without thinking of the Election. This law also makes it a felony of high character to use postage stamps second time knowingly, and authorizs the Postmaster General to prescribe uniform for letter carriers, and makes it a misdemeanor for any one else to

(From the Cleveland Leader June 2d.) rampage. All day yesterday there was a scene in front f Worthington's Block, on water Street, that yould have done honor to New York or Chicago

were ranged along the sidewelk, on either side, and an army of clerks and laborers were loading and hauling them away on several two-horse drays, while from the cellars beneath the building the boxes came tumbling up so fast that the piles remained undiminished. A little closer enquiry revealed our enterprising fellow effizer, N. O. Fansler, in command of the gang—and a glance at the labels on the boxes showed that each contained six dozen of the 'All Right Fruit Jar,' which leads us back a little.

About two years ago, some genius in a happy

Jar." which leads us back a little.

About two years ago, some genius in a happy noment, bit upon the most felicitous plan yet devised for a perfect Fruit Jar. Not less apland fitting was the name with which he ciristened it, the "All Right." Trial proved it more perfect. and cheaper by \$3 per gross than any other first and compet by so per gross than any other first-class for of its species, it can be used with perfect certainty by any house-keeper or servant of even the most ordinary intelligence.

With such an invention as this at command, it is not surprising that an immense establish-ment was reared for its manufacture—nor that Mr. Fansier should have detected its merits and interested by most in the Common. During had

nterested himself in the Company. During last all and winter the works were kept in constant and and whiter the works were kept in constant operation and the stock accumulated is im-mense. The rush of yesterday announces the opening of the shipping season, and far exceeds anything of a similar nature which we have ever noticed in Cievoland. No less than fourtees have red large cases were shipped yesterday, some by rail, others by boat, and destined variously to hearly every part of Ohio, Michigan, Wisconsin, Minnesota, Illinois, Indiana and Penna.

Mr. Fansier Keeps constantly in store 2,000 gross of these unrivalled fruit jars, and gives has personal attention to all orders received by majorsonal attention to all orders received by majorsons or telegraph. Besides the All Right, his dock of scaling wax, jelly fundings and cans, stock of scaling wax, joby familiars and came, cement, and overy article pertaining to the fruit preserving idea, is immense. The unparalled success of the All Right is due to three causes. It is a perfect article in tiself; it is cheaper than any other ready first-class jur; and lastly, it has in Mr. Funster a live man for a general. Three causes which, similarly combined, have worked wonders in tract timeout or mind.

ply, it looks now as though the capacities of the AB Right' manufactory would be taxed to the utmost. Immense orders are yet to be filled, and as the fruit trees are steadily emerging from the danger of frost, and our peaches, plums, pears and berries become a sure crop, the jar trade receives an additional impetus. Canning is the great modern improvement ov-

Notwithstanding Mr. Fansier's immense sur

craning is the great moneral importance over preserving in sugar, and the people only wait to find out the best fruit jars to buy them by the carload. We congratulate Mr. Fansier on his successful venture, and housekeepers everywhere on their ability to possess so admirable a fruit jar as the justly-named "All Right." Aug. 21, 68. SHERIFF'S SALE.
