The Columbian.

BLOOMSBURG, FRIDAY, OCT. 9, 1868.

Robert P. Clark, Esq.,

is advertised to speak in Bloomsburg, on next Monday night. The meeting will be held in the Court House. Amongst other topics which will be discussed, the tariff question will come in for its share. Miners and others interested in a tariff are invited to be present.

ATTEND TO THE PAYMENT OF TAXES.—See that no Democratic vote is lost by reason of the non-payment of taxes.

NATURALIZATION.—See that no Democratic vote is lost on that account. This is in some of the townships in this county of the utmost importance.

TICKETS.—Tickets for Bloom, Madison, Fishingercek, Sugarloaf, Jackson, Pine, Mt. Pleasant, and Greenwood, are to be had at the office of THE COLUMBIAN.

THE Democratic meeting at Evansville on the evening of the 30th ult., was addressed by M. M. Traugh and C. W. Miller, Esq. The meeting was well attended.

REMEMBER—the day of Election—Tuesday October the 13th---Stay at home, vote the Democratic ticket, and have a share in the glory that results from our success.

THE Methodist Episcopal Society of Buckhorn intend having a table on the Fair Grounds during the three days of Fair. The proceeds to be used toward erecting a new church at that place.

WE call attention to the advertisement of the St. Louis and Iron Mountain bonds. They are pronounced to be among the very best secured and cheapest bonds offered.

PROF. H. CARVER, of the Bloomsburg Literary Institute, will deliver an Agricultural address on the Fair ground next Thursday between the hours of 1 and 2 o'clock P. M.,

WE are requested to announce that the Baptist congregation of this place will have a table at the coming Fair, and will be able to feed all comers at moderate rates.

GEN. GEO. B. M'CLELLAN arrived in New York, from Europe, on Tuesday of last week. We hope that he will at once take the stump for Seymour and Blair. His name alone will do us immense good.

EXAMINE.—A full sized Gate (Talbot's patent) will be on the Fair Ground on exhibition next week, when farmers will have a chance to examine for themselves the universally acknowledged Gate for Farm or Railroad use. Don't fail to see it.

NEWS TO POORMEN.—A Republican Congress has made a law that any man having an income less than $1,000 is exempt from taxes.—*State Guard.*

This is news to the poor men. But the trouble is to get them to believe it. The annual and semi-annual visits of tax collectors is a knock down argument against its truth.

HOW TO STOP A PAPER.—If you want to stop taking a paper, don't write "refused" on the margin and send it back, but step up to the office and settle like a man, and then tell the publisher to strike your name from the list You have a right to stop at any time, but you must first pay what you owe. That's the manly and the honest way to do it.

ADVERTISING has created many a new business; has enlarged many an old business; has revived many a dull business; has rescued many a lost business; has saved many a failing business; has preserved many a failing busiess; has preserved many a large business, and insures success in any business.

BOATMEN work hard for their money, and are not friendly to Radical policy, which exacts a large portion of their earnings for the purpose of supporting idle negroes in the South. Nor do they like the idea of paying twenty five cents on each pound of tea they use, and five cents on coffee, four cents on sugar—three cents for a box of matches, formerly costing one, and they almost unanimously, go for SEYMOUR & BLAIR. Our friends must be careful that Democratic boatmen do not thoughtlessly go away on a trip, and thus lose their votes—Don't lose a vote, see that every man is at his post on Tuesday October 13th.

THE DUTY OF ELECTION OFFICERS.—Very great interest will be felt by all parties in getting in the news of the October election. All the telegraph offices will be kept open all night to receive and forward returns free of charge. Election officers should make it their business to see the vote on Auditor General and Congressman gets to the nearest telegraph office as early as possible on election night. We have taken it on ourselves to forward situable blanks to to every poll in this district. If election officers will not take interest enough to forward returns, some active politician, of one party or the other should do it. It is a matter of public interest and benefit altogether aside from party.

We agree with the Scranton *Republican*, that if every newspaper in the State would print a notice similar to the above from this time until Election Day the returns would be got in more fully on election night this fall than ever before.—*Gazette.*

WE have been asked to extend a genral invitation to the Farmers and Mechanichs of Columbia and the surrounding counties to attend the Fair, next week, and to bring with them such articles of their own growth or manufacture as will interest the public and illustrate the improvements that are going on in the several branches of American Interest.

The premium list for this Exhibition is larger than ever before offered, either in this or adjoining counties, and the prizes mentioned therein are opened for the competition of all who choose to attend under the regulations of the Society. Come then from far and near, bring with you, your productions of taste, skill, and improvement, of every kind to swell the general display, or if you have nothing to exhibit come and see what others can produce and thus make the Exhibition more interesting and attractive. The refining and cheering influence, occasioned by the presence of the ladies is earnestly solicited.

HON. WM. STRONG, Judge of the Supreme Court, has resigned his commission, the resignation to take effect on the first proximo. The vacancy will be filled until the election in 1869 by an appointment by the Governor.

THE Radical view of impartial suffrage—"Votes for the negro in the South, but none in the North, until after the next election."

THE national debt is growing larger every day. It will continue to grow, as long as Radicalism controls the legislation of the country. White men, pay your taxes!

GREENBACKS are worth fifteen per cent less to-day than they were just after the close of the war. The Radical Congressional policy has depreciated the national credit in just that proportion.

WHILE the people are paying *five hundred millions* a year in taxes, the national debt has increased during the last twelve months more than *forty-two million dollars!*

CLOTHES BY MACHINERY.
The undersigned would respectfully call the attention of the public to his new and approved method of making clothes by a system based upon mathematical principles, which renders it impossible to be otherwise than perfectly accurate

DR. WALKER'S CALIFORNIA VINEGAR BITTERS.
Dr. Walker's California Vinegar Bitters are compounded from the Native Roots and Herbs of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. In this matter they differ from all other Bitters before the public, which are made from Whiskey, Rum, Proof Spirits, Brandy, and other intoxicating drugs, which are destructive to the health of the patient. As a Blood Purifier, they have no equal, as they remove all impure or vitiated matter from the blood, and impart to it healthy vigor. No person can take these Bitters according to the directions for any length of time, and remain unwell, unless their bones are destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair. Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms are the offsprings of Dyspepsia. One bottle will convince the most incredulous of their curative effects. For Inflammatory, Chronic Rheumatism and Gout, Bilious, Remittent, and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by a disordered state of the Stomach, Digestive Organs, Liver, Kidneys and Bladder.
Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when, and the health of the system will follow.

ST. LOUIS AND IRON MOUNTAIN RAILROAD COMPANY. Seven per cent. First Mortgage Bonds, Currency and Annual Coupons. The earnings of the completed road to Pilot Knob are now more than the interest on the whole mortgage. The proceeds of these bonds are added to the security every day. Over $2,000,000 are now on the road, paid for, and not over $3,000,000 of Bonds issued thus far. The constantly increasing traffic of carrying ores from the mines, and everything on the travel from St. Louis to the Southern States, assures an enormous income. The Directors own $500,000 of the bonds, and are interested to the extent of $1,000,000 more. The Bonds are issued in sums of $100, $500 and $1,000, Coupon or Registered, and are offered at par and accrued interest, in currency. Pamphlets, Maps, and information furnished on application. We have a few thousand dollars of these Bonds for sale. Agents of the Company in Philadelphia, Jay Cooke, McCulloch & Co., Bankers. Agents of the Company in New York, Fiske & Hatch, Bankers.
