THE senior member of the firm, Mr. L. N. Moyer, has had years of experience in the retail business, and our citizens can rely upon having their prescriptions accurately compounded under his immediate supervision. The immense trade which has been built up by this firm has been but of a year's growth. Such ability and energy reflect the highest credit on this enterprising firm. M. WITTMAYER, Secretary.

I. O. of O. F.—On Saturday last the ceremony of laying the corner stone of the new Old Fellows' Hall at Berwick was performed by the order with the usual ceremonies. Van Camp, Mountain, New Columbus, Millin, Shickishany, and Shawnee Lodges were strongly represented. A procession was formed by Marshal Dieterich about ten o'clock with the Berwick Band at the head and proceeded through the streets. It was hot and dusty, but the men stood it well.

After dinner the procession was again formed, and marched to the site of the new hall, immediately above the Berwick Falls Hotel. It is to be a three story brick building, with an iron roof, and the first floor, will be used for offices or stores, the second for a town hall, and the third by the Old Fellows and similar organizations.

In the absence of the officers of the Grand Lodge, the ceremonies were performed by brethren H. R. Bowers, Hoffman, Sanders, Hoffenstein, Frey, and Spear. Addresses pertinent to the occasion were made by brethren Dixon, Bower, Frey and Brockway.

During the impressive ceremony, the streets turned out en masse, and the processions were thronged with "fair women and brave men." The utmost order was observed. Many of the visiting brethren liberally patronized the M. E. Church festival then in progress.

The Berwick Lodge deserves much credit for their enterprise in this matter. They need funds, and propose to issue stock at \$25.00 per share bearing six per cent interest. For the amount which they put in no stock will be issued. The investment is therefore amply secured, and offers a good opportunity for the order everywhere to aid in a noble work.

THE INVASION.—We conclude this week the publication of twelve numbers of our series of articles on the Columbia county Invasions. They have extended over a period of three months of publication and bring us to the date in October 1864 when the Military Trials at Harrisburg began. In future numbers we shall follow the progress of those trials and give the full substance of the evidence produced by both the prosecution and defense, to the end that our readers shall possess a full record of the whole subject we have taken in hand. So far our articles have been introductory to the discussion of the main question—the truth of the charges against our citizens. Hereafter they will deal with testimony openly taken on that main question and will furnish the grounds for a complete and final judgment upon it.

In our article of this week we give the details of an application for the release of prisoners, which belong to the inner history of the Invasion and which we believe will be regarded as instructive. In preparing this account of the Couch interviews etc., we have availed ourselves of memoranda which were taken at the time and have made careful inquiries of those who could be expected to verify our statement. Our readers may rely upon the fidelity with which our whole narrative of the Invasion is composed, and upon the industry and care with which our materials are collected.

CONYNGHAM TOWNSHIP.—We have received several letters from persons residing in Conyngham township asking if an additional election district has been erected there. There was an action of the Legislature passed last session, fixing an additional place of holding elections in Conyngham township, Columbia county, and creating two election districts in said township—providing that elections resting north and east of the line beginning at a point on the State road leading from "Dark Corner" to Ashland, where the line between the counties of Columbia and Schuylkill crosses the railroad, and running thence north 73 degrees 30 minutes, west 46 20-100 chains; thence north, 51 degrees, west 21 78-100 chains; thence north 53 degrees, west 24 9-100 chains to the public road leading from Contralia to Mount Carmel, in Northumberland county; thence westerly along north line of said road to a line between Columbia and Northumberland, shall hold their general and township election at the public school house near the colliery of John Anderson & Co., S. P. Ryan is appointed Judge, and Edward Thomas and Patrick Brennan Inspectors for next election.

This will not, however, entitle the township to two sets of delegates at the county Convention. The place for their election will undoubtedly be designated by the Standing Committee.

NATURE IS THE GREAT PHYSICIAN.

This is now admitted by the medical profession as a fundamental principle of healing science. It was first provided by the human economy that wherever anything is wrong in the physical system the natural forces of the body are brought to bear to expel the disease. The great aim, therefore, is to strengthen the natural powers. This has been kept in view by the skillful compounders of HOFFER'S STOMACH BITTERS, which operates to give fresh vitality to all the organs of the body. The effect of this medicine upon the stomach, the liver and the kidneys, is so much provided by the human economy that it is not only safe but it is the best of all.
