

# THE COLUMBIAN AND DEMOCRAT, BLOOMSBURG, COLUMBIA COUNTY, PA.

## The Columbian.

SUNDAY, JULY 30, 1860.

FOR SALE CHEAP.—A tank nearly new, and holds several bushels. Inquire at

s' office.

At the request of many of our readers we publish the rules regulating Democratic primary elections, and County Conventions.

We have received a communication neither signed nor dated, requesting that the "Columbian" may be sent to the "Sax and Agency." We do not know who the writer is nor where the Agency is, consequently cannot comply with the request. Much perplexity is needed.

THE French telegraphic cable has been successfully laid from Brest in France, and the end on the island of St. Pierre off the coast of Newfoundland. But little difficulty is experienced. The cable however was cut owing to the difficulty of finding the sea end.

ACCIDENT.—On Wednesday night last as Sheriff Millard was returning to town from Centralia he met a train of cars at the narrow place in the road between Rupert and Catawissa known as the point of rocks. His horse took fright and overturned the sulky, breaking it and injuring the Sheriff, though fortunately not seriously. The horse then ran off and at last accounts had not been found.

TREASURERS ORPHANS from this county

so have been at school at Mount Joy and elsewhere for a vacation. We are

formal that the school will be re-established

at Orangeville. Garry thinking by this

ove to rotate the Republican votes in that

station. All of which is wise in Garry!

THE Court House Clock came to grief

on Tuesday morning at eleven o'clock,

a tail of a kite having become entangled

in the bands of one face, thereby pro-

moting their moving. Several estimable gen-

lemen we are informed, lost their dinners

at awaiting the striking of twelve o'clock.

We see by the *Republican* of this week

that our friend M. P. Lutz, the Dry Goods

merchant has gone into the Southern hard-

ware business as that paper states he has got

home for sale. This is news to us and Mr.

Lutz with Dr. John. He does get

mixed some times—that is, every week.

W. H. SURMAN of Orangeville whilst

sojourned there placed on Saturday last,

upon a nest of copperhead snakes and

into them killed nine. Two were sub-

sequently killed in the same place. Some of

them were three feet in length. Within the

five years over a hundred of these

have been destroyed in the same lo-

cation.

BUTCHER'S CLAYTON was arrested on

Monday July 22nd on a warrant charging

him with the larceny of \$63 from the person

of George Cooper. Cooper it is alleged was

executed at the time. A second warrant

was also produced against Clayton charging

with a similar larceny from Peter Haver-

ton of about \$20.

CLAYTON was given \$500 for the first case and

0 for the second, for his appearance at

crossing's Court. The bail was given by

you're a mother.

KEEPING FLOWERS FRESH.—If our lady

loves to keep a bouquet fresh, let

drop a tablespoonful of powdered char-

coal into the water intended for the flower

bouquet, and they will keep their freshness and

and look and smell the same as

as just gathered. The charcoal settles

to the bottom of the vase, the water remaining

clear and the flowers fresh for several days.

TO DESTROY THE ODOR OF ONIONS.—If your persons are fond of onions, but on ac-

count of the strong aroma proceeding from

them they hesitate to eat them. The odor,

however, is very easily neutralized. If a per-

son who indulges in them will but chew

up about a small vial full of sulphurated

robes, from which he will occasionally

walk the cork, the smell of the onions will be

entirely unnoticed.

ICE CREAM FESTIVAL.—The Good

Templars of Millville propose holding

an Ice Cream Festival in the Grove near

the residence of Ellis Eves, on next

Saturday afternoon the 31st inst. A

pleasant time for mutual pleasure, pro-

fit, and amusement is anticipated.

MUSICAL.—On Thursday July 15th, Jack-

T. Green died of paralysis at Ravenna

in the forty-ninth year of his age. Mr.

Green was born in Bloomsburg and was a

son of E. J. Thornton. He was a man

versely respected in the community in

which he lived. He was a public spirited,

rous social citizen and is deeply regret-

ted by a large circle of friends. He was a

member of the Odd Fellows and Mason's

and was buried with the ceremonies

of the former.

BLOOMSBURG NORMAL SCHOOL.—Pro-

posed to have already taken up its quarters in

New Building. On the first of the week

the heating and cooking apparatus

are freely tested and we understand form-

ally that the Third and Fourth stories have

been ready for several weeks. The second is

at or quite finished, and everything will

be readied for the opening session.

The appointments of the establishment of

the very first quality—perfect in every

respect. Much labor and care and money

will be expended on these beautiful Build-

ings; and under Prof. Parker will be made a grand success.

CHURCH DISCUSSIONS as follows:

NOT TRUE.—When the Columbia county

and the Danville *Intelligencer*, that left

that left the Republicans in this place, ad-

mitted a change in the Assistant Assessors,

which that is as malicious as it is

we do the Magor or any of his

logists, to name a single, solitary leading

publican of Danville, who made such re-

quest. Until they too the mark, and produce

names, they rest under the bald falces

as well as sneaking cowards. A few

were obtained fraudulently, by repre-

senting that there had been a resignation,

both the Republicans and the *Intelli-*

*gencer*, talk of a "Revenue Inspector," who

had the change. In reply to this it is only

necessary to say, that there is no such officer,

ye gump heads!

NEW HALL of the I. O. of G. T. at

Hill, Luzerne county, was dedicated by

G. W. C. T. of this State, Mr. Chase of

the Bend, on Saturday, July 24th, with

appropriate ceremonies. An exhibition by

the new and the lowest

the highest and the best.

THE new hall was erected by the

newest and the best.
