A Fact Which Should be Remembered.

That Asa Packer, Democratic candidate for Governor, was a delegate to the Democratic National Convention held at Charleston, in 1880, from which he bolted, and united with the southern secessionists in nominating John C. Breckinridge as the secession candidate to defeat Stephen A. Douglas, the regular Democratic nomines. — Republican.

So few real Democrats take the Republican, fiedly false. Asa Packer did not bolt from the Democratic Convention of 1860, and did not vote for Breckinridge, but for that eminent patriot and Statesman, James Guthrie of Kentucky. Ben. Butler, however, a bright and shining light in Radical circles, was a delegate at the same Convention, and voted fif y-seven times for Jeff. Davis!

The Columbian says the Orangeville Or phan's school is to be re-established. Of course the news is not reliable and hence the remarks are without foundation.—Rebuild vn. Doctor, what is your definition of reliability? On the 20th of July A. D. 1869, Gov-Geary informed Prof. Henry Carver and R. W. Bowman, two gentleman of veracity and reputation, that the Soldiers' Orphaus' School should be returned to Orangeville. But, hold! Bradley is right; we have on'y not Gearn's word for it!

THE sidewalks in this town are certainly disgrace to it. No two are of the same height and scarcely two of the same kind-stone, brick, wood, ashes and dirt are used to form the walks but none of them can be called highly successful, and the result is "confusion worse confounded."

THE editor of the Republican labors under the idea, common to people of weak intellect, that the proper manner to refute a statement is to say "'tain't" so." This is all very we! going ahead in a business point of when any proof is adduced to support the shown by the fact, that John A. a & Co., the enterprising Fire and surance Agents, have just taken out a l Brokers Licence. Brokers pay fifty "the Governor's word,"

THE handsome countenance and manly form of Col. L. L. Tate lightened our sauctum on Monday last. The Colonel assures us that his paper is an established fact, and in a good paying condition. He represents the Democracy as being active in Lycoming. We hope they will achieve Columbia county majorities ere long. They have the material

LUZERNE POLITICS, -The difficulties about hich nearly caused his death. Whilst which we mentioned last week have been re conciled, and that body will assemble at Wilkes-Barre on Tuesday, August 10th. Wo are informed that there is an informal agre ment to hold the next Convention at Scrar ton We hope our neighbors will preserv harmony in their ranks, because we look t Luzerne for 4000 majority this fall.

On Tuesday last we were visited by Mr. J W. Brown, one of the editors of the Morn ing Patriot. We are glad to learn from his that the best of feeling prevails throughou the State in reference to our nominces, an that the chances of success are on the increase

Mr. Brown is endeavoring to increase the circulation of the Patriot. It is one of the best dailies in the State, and preferable to an other because it reaches us at 7.15 in the norning, giving the news ten hours before the New York or Philadelphia mails arrive It derives additional importance from th fact that it is published at the State capital and is an uncompromising enemy of ring frauds an d corruptions of all kinds.

Runaway. -On Wednesday morning las whilst a young mare of David Armstrong o Hemlock was standing in front of Mr. Ro bin's house on Fourth street in this town a boy passing by struck at her with a stic causing her to run off. A number of boys took up the cry of "runaway" frightening her still more and rendering it impossible to eatch her. The buggy was smashed to picees, hardly any part escaping injury. The mare was very badly cut in four or five places. This is the second runaway which has been

caused by boys, and it is high time an exam ple should be made of some of them. Fortunately no one was in the buggy at the time or loss of life might have ensued. Mr Armstrong informs us that the mare wa perfectly gentle and quiet. The blow with the stick undoubtedly caused all the trouble

TH ROUGH the kindness of M. W. Jackso we were recently shown through the machin shops of Jackson & Woodin at Berwick. Al though intimately acquainted in that town we have never visited them, and were there fore much astonished to see a large number of excellently arranged machine shops, i the place of the dingy, one-horse founds which occupied the site in our boyhood. A large new engine has been placed in po

sition, and daily additions are being made t the machinery. About 150 men and boys are constantly : work manufacturing ears, thus giving employ ment to numerous mechanics and laborin men in and around Berwick. Boys as youn as ten years find constant employment, thu enabling them to acquire a trade, keep out o

Preacher in charge

August 12th, S. P. REMER, Pastor. N.B. No huckstering allowed within the limits prescribed by law.

THERE will be (D. V) a M. E. Camp that it is scarcely necessary for us to deny its numerous falschoods. The above is unquali-one-fourth of a mile from Orangeville and 5 miles from B'oomsburg, commencing Aug. 18th. Hacks will convey passengers to the ground from all important points, Ministers and Members of adjoining charges cordially invited. J. Fearon Brown, Pastors.

THINK you the proprietor of Dr. Sage's Catarrh Remedy would offer \$500 reward for a case of Catarrh which he cannot cure if his Remedy was a humbug? Preposterous idea! Sold by druggists everywhere at fifty cents, and I prepares a full pat of the medicine ready for use.

Bloomingdale circuit, Aug. 25th and continue nine days. The ground is miles from Shick hinny, from which place hacks will connect with every train to and from the ground. The preachers and people on the District and adjoining circuits and stations are cordially invited to attend.

another lot of "Gem" Fruit Jars. They are determined if possible to keep up with the immense demand for these jars, which are decidedly the very best in the market.

THE SARSAPARILLA DIGGERS OF YUCATAN.-This singular set of people are descended from the ancient Aztees o Southern Mexico, and still retain some of the peculiarities which Stevens and Prescott gave their ancestors. Dr. J. C. Ayer & Co. employ a small army of them in digging Sarsaparilla root, Provided with narrow spades, a coil of rope, and a bag of water, they are ready for the forest where the wild banana furnishes them with food, and thick-leaved trees their only shelter. Few of those who find themselves rejuvenated by indebted to the toil of these humble la borers, who dig health for thousands o Dr. Ayer's patrons, while they sometimes lose their own.-[Boston Commer

THE GRAVEL.—The gravel casues from neglect or improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain: It becomes feverish, and acdiment forms. It is from this deposit that the stone is formed, and gravel ensues. DEARSIS—I have been a sufferer, for upward of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your expanded with my family physician in regard to using your Extract Buchn. I did this because I had used all kinds of advertised remedies, and had found them worthless, and some quite injurious; in face, I despaired of ever getting well, and determined to use no renselies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy; As you advertised that it was composed of buchy, cubebs, and juniper berries, it occurred to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try it. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was satomisted and grathled at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at that time, but thought my improvement might only be temporary, and therefore concluded to dop and see if it would effect a perfect cure, knowing then it would be of greater value to you, and more satisfactory to the Exhibitions of the United States and Europ have been awarded the Grover a Baker Sewin Machines, and the work done by them, whereve
