feel in witnessing the improvements in this country in most respects, it is a source of mortification that in almost every portion of our fair land the soil is yearly growing less productive. We are talking of "worn out lands" in regions where men are now living who witnessed their first settlement, and where the perishable structures of the pioneers still remain. We are sending wheat to towns that were, in our colonial days, the granaries both of our own and foreign nations; and unless the aristocratic Virginian is content to smoke tobacco inferior to that in which his ancestors indulged, it is certain that he must receive his supply of the cherished narcotic from beyond the bordof a sudden, he saw, standing on a high ers of the Old Dominion. bank by the wayside, the very same The cause of the diminution of the little imp, looking as grim and sulky as before. "Hark ye, bumpkin !" cried material wealth of the country, lies in the fact that we are annually sending the skrattel; "canst thou hear, fellow? away from the land, with each succes-Is thy great cat alive, and at home still?" "My cat?" said the woodman. sive harvest, those things on which the soil is dependent for its fertility. We

"Thy great white cat, man !" thunderall know that wheat is an exhaustive out the little imp. "Oh, my cat!" said crop; that it robs the soll of its rich the woodman, at last recollecting himphosphates and several other saits that self. "Oh, yes, to be sure! alive and are essential to the growth of the plant, well, I thank you: very happy, I'm which, more than any other, supplies sure, to see you and all friends, when the food for man. Let us see what beever you will do us the favour to call comes of these essential elements of And hark ye, friend ! as you seem to be wheat growth : They are very largely so fond of my great cat, you may like found in the covering of the berry. to know that she had five kittens last This, we all know, in the great majority night." "Five kittens ?" muttered the of cases, is separated from the whiter elf. "Yes," replied the woodman, "five portions of the flour at mills situated at of the most beautiful white kits you a distance from where the grain is proever saw, -so like the old cat, it would duced. This bran and shorts are fed to do your heart good to see the whole cattle in large towns, and though some will find its way into village gardens, family-such soft, gentle paws-such delicate whiskers-such pretty little by far the larger portions are buried in nouths!" "Five kittens ?" muttered pits, used in the place of soil for filling or rather shricked out the imp again. "Yes, to be sure !" said the woodman; up places that are required to be raised, or taken out into bodies of water by "five kittens! Do look in to night, means of boats or through sewers.

Of the bran and shorts of wheat, and the entire portions of other grains that are fed to stock on the farm, some, of course, is returned to the land and shows its good effects in the crops that you have been all this time ?" are produced from it. But the animals

that are raised from them, as well as the skrattel. "What do I want with the dairy products derived from the milk so produced, are sent to distant the tittle wretches ! bid not I see the mother once? Keep your kittens to markets. Even the bones of the and yourself: I must be off -- this is no place mais that die from disease or accident, for me. Five kittens! So there are six or are slaughtered for heaf, are new of them now! Good-by to you, you'il eagerly collected and find their way, see me no more; so bad luck to your ugfor the most part to foreign shores. Toly cat and your beggarly house !" "And day many an Euglish wheat field and bad luck to you, Mr. Crookback!" cried French vineyard is rejoicing in fertility the woodman, as he threw him the red derived from the bones of animals raiscap he had left behind in his battle with ed in the valley of the Mississippi.

Bruin. "Keep clear of my cat, and let Every year thousands of acres of land us hear no more of your pranks, and be hanged to you !" are put in flax, a crop that diminishes the productiveness of the soil for sever-

So, now that he knew his troubleal succesive seasons. The oil is expresssome guest had taken his leave, the ed from the seed, to be used in painting woodman soon moved back all his goods houses, but nearly all the oil cake is and his wife and children, into their sent across the sea. The proprietor of snug old house. And there they lived the largest linseed oil works in the west happily, for the elf never came to see informed us recently that never over them any more; and the woodman two per cent, of their oil cake found a every day after dinner drank, "Long market in this country.
