improved with Rowell's Patent Double Con-whicels, and the Patent Stop, are now unques-tionably far superior to any apparatus for wash-ing childs ever invented, and will save their cost twice a year, by saving labor and clothes. Those who have used them give testimony as follows:

"We like our machine much; could not be per-sualed to do without it, and with the aid of boty we feel that we are masters of the position."— Rev. L. Scott, Bishop M. E. Church.
"It is worth one doller a weak. "It is worth one dollar a week in any family."

"Every week has given it a stronger hold upon the affections of the inmates of the laundry."-N. I. Observer. "Friend Doty-Your last improvement of your Washing Machine is a complete success. I assure you for Machine, after a years use, is thought more of to day then ever, and would not be parted with under any circumstances," "Solon Robiosco".

tason,

"Your Washing Machine has been in daily use in our issundry, and the housekeeper expresses hereef as highly pleased with it, it certainly accomplishes a greater amount of work, with less labor, and does not wear, the clothes near so much as the old fashioned wash-board. By using it, one laundress is dispensed with, "I ha, M.F. Round, Superintendent of Infant Department of M. Cutharine's Nuccept, N. Y. My.

"After a constant use of the Universal Clothes Wringer for more than four years in our family, I am authorized by the 'powers that be,' to give it the most unqualified praise, and to years we the most unqualified praise, and to pronounce it the most unqualified praise, and to pronounce it an indispensable part of the machinery of housekeeping. Our servants have always been willing to use it, and always have liked it."— Henry Word Reccher.
