NEW FIRM.—We learn that A. J. Jones of this town, a friend of Peter Linley's, interest in the large lumber business near the L. & B. R. R. G. V. Linley, formerly Mr. Billmeyer's partner, will be associated with him. The firm will be Evans & Henrie.

BANK DIRECTORS.—The following were chosen at a meeting of the stockholders of the First National Bank.

President—Chas. R. Paxton.

Directors—Wm. R. Kelly, Wm. Neal,

John K. Grotz, George Hughes.

COLUMBIA COUNTY, is reported by the Surveyor General to contain a population, in 1860, of 25,005, to include 431 square miles, being 275,840 acres of land and its county seat to be in Latitude 41 degrees, 45 minutes, and Longitude, 30 minutes, from the Washington meridian. Population, 33,638, square miles, 48, acres, 94,729. Sullivan County, population, 5,637, square miles, 430, acres, 2,000.

UNPATENTED LANDS.—The Surveyor-General's official Report shows, that estate at which the Lien Docket of unpatented lands for Columbia County was sent out, was May 6th, 1869. After the same was sent out, it was directed, by Act of Assembly of April 5th, 1869, to institute suits for the collection of all moneys due the Commonwealth on lands unpatented. We trust our readers will take notice and save costs themselves.

BERWICK BANK.—The following officers were elected at a meeting of stockholders of the National Bank of Berwick, held in their hall last week.

President—M. W. Jackson,

Treasurer—S. C. Jayne,

Directors—M. W. Jackson, M. E. Jackson, Francis Evans, W. H. Wood,

S. B. Bowman, Jess Bowman and H. Fowler.

PAGE.—We learn that the organization known as the "Patriot Sons of America," of Berwick, proposing a meeting on the 2d of Feb., next, being the birthday of Washington. There will be a varied entertainment given in the evening, and a good general is promised. The order of that name in this town, understand have not made any arrangements as yet, to go.

REPRESENTATIVE REFORM.—Mr. Buckalew has introduced a bill in the Senate allowing a voter, whether more than one person is to be elected to represent him, to cast his ballot, and if he votes as he may think fit among candidates, or to concentrate upon one candidate; highest in view to be elected. This bill was referred to a special committee of seven members of which the Speaker was one.

THE Auditor's Office for the same time \$2829.89. The Auditor estimates that in addition to this amount at least \$500.00 of fees accrued during the next month, and was immediately communicated by Mr. Kriekbaum to Mr. Buckalew, Coze, Mr. Lowenberger, Mr. Clark, Capt. Brockway and others.

In the following January Mr. Yohé, who was elected after the robbery, took up his office, and the payment of Mr. Stiles' account was made by the Auditors. This \$555 which had been stolen more than three months before was not paid to Mr. Yohé, but a paper was put into his hands stating the facts, and a sort of verbal promise that he should receive the paper instead of getting the money.

Thus the matter stood till Mr. Yohé's first annual settlement. Then the Auditors charged him with the amount stolen, and never paid to Yohé. Whereupon Yohé appealed from the settlement. The probabulously established that the trial took place in the court of common pleas, and the cause of action was against the Commonwealth. Under the charge of the Court however and the verdict of the Jury, he was held accountable for it to the county, and it was paid. In no way was Mr. Yohé implicated. It was stolen before he came into office—he never received it, he was told, and paid it back to him.

This statement is due to a faithful, honest and vigilant public officer, who has now retired to private life.

GOOD BYE SUBSCRIBERS.—The Albany Express has some subscribers who do not pay for their papers. The Express bids them good-bye in the following tender terms: "This week we struck from our list, one hundred fifty names, who will not pay their dues to the printer. In doing so we take them by the hand, and with tears in our eyes, bid them an affectionate farewell, Good-bye, old sub! Take care of yourselves. You sometimes think of us, we know. Stop up other holes now for a while. A change of diet will doubtless, be good for you. Poor old fellows! we are a little sorry to turn you out upon the dark night without a lamp, but it must be so. Strike for the nearest neighbor's light. We may be your last feed for a while, but we will stand by the strength of your honorable promises to pay at the end of that time. For ourselves we have enough of those curious pledges to supply our cabinet for the present. We have labelled them carefully, and they are open to general self-sacrificing indulgence to us, and for your honest appreciation of the obligation existing towards our office, we again, and finally say, 'farewell forever.'

DOES IT PAY TO ADVERTISE.—To

business men of every class this is a question of no little importance, as total failure or complete success is often the issue. A young man just emancipated from parental control, is about to embark in business on his own account.

He has a good stock of merchandise, on hand for sale, and is anxious to make his little patronage. What should he do? Why, advertise. If nobody knows him, let him make himself known. A newspaper advertisement, judiciously drawn up, and if necessary, neatly illustrated, and given to a prominent position, will make him look almost as well as certain. A good adver-

tisement will bring him in a good deal of money, and he can be paid for the services of the paper.

SELLING AT AUCTIONS.—Judge Butcher rendered a decision in Chester County which is of interest to those who conduct and attend auction sales. The case on trial was as follows:

A suit was brought to recover \$1,645.00

to a note given as the purchase money for real estate. A good deal of unclaimed property at a public sale, and given his note for the money, and afterwards that there were

present at the time other bidders, or bidders, and he refused to take the property. The Judge decided that if a party procured me to bid up property, and the person who buys it is deceived, he cannot be held to his bid, it violates the law and makes it void.

AN UPSET HEAT FOR GOLD WEATH.—

The reason a room takes so long to be warmed after a fire has been kindled is that the air goes up in a steady column from the mouth of the register, the ceiling of the room, and from under the floor boards, and is carried away by the air current, and the heat is lost.

It is a slow process, expedite this by taking a slow fan, a

large towel, or something similar,

an violently or swing the shawl

grovously, thus compelling the upper

and lower strata of air to unite, the hot

air will mix with the cold, and the

lower, where it would stand at

first, will be compelled to mix, and

we would be surprised to witness how

soon the apartment becomes comfortable.

GIANTS DON'T DO IT.—There is a

quite prevalent among young ladies of the present day, which we are

fashioned enough to consider very

improper. We allude to their giving

photographs of themselves to young

men who are merely acquaintances. We consider it indecent in the highest degree.

We were astonished at any young

man should have thought of this.

With an accepted love it is of course right. Even in that case the likeship

should be returned, if the engagement

would, by any misunderstanding cease.

One little paragraph should meet the eye of many, who is about to give his photograph to a young man as an acquaintance. Let her know that the remarks made by many young men, when

in her part, a piece of ignorance or in-

sence, would, if she heard them, cause her cheeks to crimson with shame and anger.

HUNDREDS of men, not Democrats, will support Senator Buckalew's resolution to veto the "all ring men and measures." It is to be hoped that Senator will not find himself in a hopeless minority in the Pennsylvania Senate.—*The Day.*

DEMOLISHED.—A portion of the timber, and part of the east end of Mr. Miller's house, the new brick residence, at this place, were demolished by the heavy winds of Sunday last.—*Laporte Press.*

SENSIBLE man in Maine last week willed \$1,000 to each of his county peers. If there is any gentleman in this neighborhood arranging matters for a happy exile from this world, we call him attention to this Maine man's action. That's all.—*Eskimo.*

CHANGE OF TIME.—The L. & B. R. Co. have again changed their time table and, as usual, did so without notifying the public. If any gentleman in this neighborhood arranging matters for a happy exile from this world, we call him attention to this Maine man's action. That's all.—*Eskimo.*

THUNDER STORM.—The very unusual matter of a rain storm in January accompanied by thunder and lightning was witnessed by the community on Saturday evening. The rain was so hopelessly mixed on the subject of atmospheric changes that no meteorological variation has power to astonish us. Should we awaken on any day during this winter to find the trees in bud and blue birds singing in the branches, we might except that the weather is extraordinary system of affairs, which hitherto prevailed in the Weather Department. "Take no heed for the morrow." In other words don't be high on the next day's thermometer.

SCARLET FEVER.—The following extract in regard to the treatment of this disease, we clip from the *Medical Record*, and it is well and carefully written and contains in a compact form much that is of moment and not easily obtained elsewhere. It exceedingly low price, 20 cents, pleads in itself with all the merit of the paper.

PHYSICIANS say that placing the patient in a warm room in January, with the windows closed, and the fire burning, will be of great service. The physician prescribes a strong emetic, a cathartic, and a purgative, and directs the patient to remain in bed.

SEVENTY-FOUR ACRES, more or less, about sixty acres whereof is cleared and under good cultivation. The improvements are two story.
