The Columbian

Bloomsburg, Friday, Nov. 18, 1870.

S. M. PITTENGILL & CO., 7 Park Row, New York, and Howell & Co., 10 North 11th Street, Philadelphia, are our authorized Advertising Agents in New York.

J. WEBSTER, No. 50 North 11th Street, Columbia County, and J. H. FORTNER, No. 10 Franklin Hall, 6th Chestnut Street, are our authorized Agents in Philadelphia.

Franklin Hall, 6th Chestnut Street, are our authorized Agents in Philadelphia.

The population of Luzerne is 120,971; an increase of over 40,000 in ten years.

We learn as we go to press that Albert Hunter died in Philadelphia yesterday, it is presumed from the loss of blood and the shock to his system, consequent to the recent operation performed on him for the removal of a tumor.

LOCAL INFORMATION.—Persons in the various towns and other localities of Columbia will very much oblige us by transmitting statements of local events whenever occurring in their vicinity. No attention need be paid to the form, words in which conveyed, as it is only the points of information that are needed.

FIVE prisoners recently escaped from the new jail at Wilkes-Barre.

The bidding for pews at the Episcopal Church, on last Saturday, was quite spirited, and over \$1500 was realized.

THE COMMUNICATION OF OUR CORRESPONDENT, "A," FURTHER EXPOSITION OF "RINGS," WAS RECEIVED TOO LATE FOR INCLUSION IN THIS NUMBER OF THE PAPER.

E. B. YORDY, formerly connected with the *Republican* of this place, and for several years foreman of the *Record of the Times*, has opened a job office in Wilkes-Barre.

AMONG the Delegates to the next Episcopal General Convention, are Hon. JOHN T. HOFFMAN, Governor of New York, and Hon. HAMILTON FISH, Secretary of State of the United States.

ROSE STOLEN.—On last Saturday, Michael Grover of Main township, lost a valuable dapple gray horse. The thief was tracked to Ringtown. Suspicion rests strongly on a man who disappeared from the neighborhood at the same time.

ACCIDENT.—A young man named Whary, on Monday last, while taking a load of lumber to Ashland, near the Red Tavern fell from the wagon, the wheels of which passed over him. He is seriously injured.

A MEMBER of the State Company operating near this place, informs us that the Paint machinery will be removed to Rupert. It is a much better location in many respects, and will save transportation. A large engine with three boilers has already been secured.

WE observe that St. Paul's Church, Doylestown, which has been undergoing repairs, was re-opened for service, on the 30th of October. The services were conducted by the Rev. HURLY BALDY, Rector, the Rev. LEIGHTON COLEMAN, and the Rev. JOHN MORGAN, late of Long Island.

MILITARY.—On last Wednesday evening the Artillery Company of this place was finally organized by the election of C. B. Brockway Captain, Thomas Wimmer First Lieutenant, and W. H. Gilmore Second Lieutenant. Cols. W. L. Wilson, Barber and C. H. Wilson of the Division Staff conducted the election.

THE Morning Post thinks the ordering of troops to New York to influence the election, is "impolitic and unnecessary." This is drawing it mildly to the test. Why not call the thing by its right name, and brand it an act of despotism, and a blow at constitutional liberty.

MUTUAL BENEFIT.—The Good Templars of Pennsylvania have organized a mutual benefit association on the insurance principle. The rules require every member to sign the pledge, pay \$100 the first year, \$25 per year afterwards, and from \$10 to \$20 assessment in death of a member. The violation of the pledge works forfeiture of membership and all the money paid.

THE LUZERNE Powder Company's mill and dry houses at Wilkes-Barre, were destroyed by an explosion Thursday morning. It is thought the explosion in the dry house was caused by sparks from the clothes of a man who ran there for refuge. Some freight cars standing on the railroad track were scattered. Thomas Burns, engineer, was so badly injured that he died soon after, and Oscar Shoemaker was severely burned. The company loses about \$6,000.

A DISPATCH to the *Morning Republican* says:—

DANVILLE, Nov. 14.—A young lady named Anna Kersler was killed this morning at Beaver's tunnel-head switch, meeting with the L. & B. R. R. Seven empty coal cars were being let down the switch, which has a grade of three feet to the hundred, when the horse attached to the carriage in which she and another young lady were riding, became frightened and backed off the head, falling down the bank eight or nine feet and upon the track just in front of the descending cars, which passed over and crushed the lady, and the horse, killing them instantly. The lady's companion escaped by jumping from the carriage before it went down the bank.

LOOK OUT FOR COLD.—Now is just time to take cold, while the weather changes from the extreme warmth of summer to the cooler condition of fall. Men often leave their homes in the morning when the sun is shining warm and pleasant, and therefore, do not take more than a sufficient amount of clothing for present need. Perhaps, one night, a cold drizzling rain sets in, and the system is chilled, inducing asthmatics, catarrhs, fevers, etc., etc., etc., all for the want of a little more protection in the amount of clothing to protect the body. It is far preferable to suffer a little inconvenience from a cool skin during the warm part of the day than to suffer from chills towards evening.

THE LIQUOR REPORT.—Under the instructions of the Internal Revenue Bureau, all persons are required to report to the Assessors and their Assistants, the amount of distilled liquors they have on hand. This requirement is not confined to distillers and dealers alone, but extends to that in the possession of private individuals. Therefore, if every person takes an accurate inventory of their wine caskets, barrels and "little brown jugs," so that when Mr. Rosler comes around they will be prepared to give him a correct account of stock.—*Scranton Republican*.
