Patent Medicines

THE KIDNEYS.

The Kidneys are two in number, situated a the upper part of the loin, surrounded by fat, and consisting of three parts, viz., the Anterior he Interior, and the Exterior,

The anterior absorbs. Interior consists of tis nes or veins, which serve as a deposit for the rine and convey it to the exterior. The exter or is a conductor also, terminating in a single tube, and called the Ureter. The preters are onnected with the bladder. The bladder is composed of various coverings

tissues, divided into parts, viz.: the Upper the Lower, the Nervous, and the Mucous. The upper expels, the lower retains. Many have s desire to urinate without the ability; others prinate without the ability to retain. This frequently occurs in children.

To cure these affections, we must bring into action the muscles, which are engaged in their various functions. If they are neglected, Grave or Dropsy may ensue. The reader must also be made aware, tha

owever slight may be the attack, it is sure to affect the bodily health and mental powers, as our flesh and blood are supported from these GOUT, OR RHEUMATISM .- Pain occurring in th

oins is indicative of the above diseases. They secur in persons disposed to acid stomach and chalky concretions. ect or improper treatment of the kidneys

pelled from the bladder, but allowed to remain t becomes feverish, and sediment forms. It i rom this deposit that the stone is formed, and

passing water, Scanty Secretion, or small and frequent discharges of water; Strangury, or stopping of water: Hematuria, or bloody urine Gout and Rheumatism of the kidneys, without any change in quantity, but increase in color, or dark water. It was always highly recommend ed by the late Dr. Physick, in these affections. This medicine increases the power of diges ion, and excites the absorbents into healthy exercise by which the watery or calcareous depsitions, and all unnatural enlargements, a well as pain and inflammation are reduced, and

PHILADELPHIA, PA., Feb. 25, 1867. H. T. HELMBOLD, Druggist:

it is taken by men, women, and children. Di-

ections for use and diet accompany.

DEAR STR-I have been a sufferer, for upware of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent Physicians experiencing but little relief.

Having seen your preparations extensively advertised. I consulted with my family physician in regard to using your Extract Buchu,

I did this because I had used all kinds of aded of ever getting well, and determined to use no remedies hereafter unless I knew of the ineficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at that time, but porary, and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you and thore sat

I am now able to report that a cure is effecte after using the remedy for five months,

and teet as well in all respects as I ever did.

taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it when

Notices of the Trees.

Notices of the Trees.

Notices of the Trees.

Harpen's Haran contains, beside picture patients, etc., a variety of matter of especial us and interest to the family; articles on health dress, and housekeeping in all its branches; it editorial matter is specially adapted to the etreit it is intended to interest and instruct; and it has, besides, good stories and literary matter of merit. It is not surprising that the journal, with each features, has achieved in a short time an immunes success; for something of its kind was lesired in thousands of ramilles, and its publishers have filled the demand. The young lady who buys a single number of Harpen's Haran smade a subscriber for life.—New York Evening Ma.

The Haran is excellent.

The Bazan is excellent, Like all the periodicals which the Harpers publish, it is almost deally well edited, and the class of readers to whom it is intended—the mothers and daugnter n average families—can not but profit by its pool sense and good taste, which, we have nioubt, are to-day making very many home appier than they may have been before the women began taking lessons in personal an obusehold and social management from this pool-natured mentor.—The Nation. N. Y.
