FOR several days past the sensation papers of the cities reported the appointment of BEN. BUTLER as Secretary of State. The report, like Ben., is totally void of truth.

OUR friends up the river and other localities, would like to hear more about the bill to Charter the North and West Branch Railroad, but we have no further information for them. The process of legislation is slow when there is no money on hand to pay "borers," and "roosters," and "pinchers," &c. The bill in question, however, we have not the least doubt will be passed in due season. In the mean time people can get their pocket-books ready and be prepared to subscribe the necessary funds to build the road when the charter is obtained.

THE Court proceedings will be found on the first page of the *Columbian*.

THE new M. E. Church at Berwick, will be dedicated on Sunday the 19th instant.

MCKELVY'S Paper Mill at Catawissa is again in operation. The paper on which the *Columbian* is printed is made there.

THE Panorama to be exhibited this evening is said to be interesting and well worthy of patronage. Especially let all the children attend.

MR. HENRY DIEFFENBACH, a clerk in the store of WELLS & ACKLEY, at Dushore, suddenly fell dead in the store on Monday last. He has been troubled with heart disease.—*Sullivan Democrat.*

THANKS.—Those subscribers to the *Columbian* who have been so prompt in paying up their subscriptions during the Court weeks, have the hearty thanks of the Publisher. May many others follow their good example.

WILLIAM DALLMAN, a son of B. F. DALLMAN, of Catawissa, an employee in the WM. MCKELVY Paper Mill near Catawissa, was caught in the machine and had his arm badly hurt, on Thursday, Febuary 9, 1871. There is a probability that amputation will become necessary.

PRODUCTION OF WHEAT.—There is good authority for the statement that the natural produce of wheat in our country, under careless cultivation, is about sixteen grains to one; the unusual produce, under the highest order of garden culture, has gone as high as seven thousand four hundred and forty-five grains to one.

PITY is not what the poor want or need. They need food, raiment, fuel, or the cash with which to purchase these necessaries of life. When you sit in your comfortable dwelling during the cold evenings and listen to the shrill whistle of the winter wind around the corner, don't say "pity the poor," but ask yourself how much you pity them, and give unto them accordingly.

THE first car load of coal carried over the Danville and Hazleton Railroad, arrived at Danville, on Saturday the 4th inst. The *Intelligencer* says it was shipped at a mine on Black Creek, Columbia county. This is the pioneer load of the millions that are to follow, for, satisfied we are, no richer coal deposits lay imbeded in the Lehigh or Schuylkill basins than can be found on the route of this Danville & Hazleton road.

VENDUES.—The following Vendue Sales are announced, to wit:

Estate of John Richards, deceased, Catawissa township, March 2d, 1871—350 acres of land with buildings, &c.

Jacob Gitling, Main township, March 6th, 1871—live stock, farming implements, &c.

Urius Sped, Mifflin township, February 25th 1871—horses, cattle, farming implements, &c.

John Hill, Centre township, March 7th, 1871—horses, cattle and farming implements.

DR. THOMAS H. BURROWS.—This gentleman having been greatly prostrated by the labors connected with the winding up of the year of the Agricultural College of Pennsylvania which closed in December, 1870, and of which he is President, has since been in a somewhat critical condition of health. We are pleased, however, to learn that he is gradually becoming restored, and that the College for the year 1871 will reopen as heretofore announced, under his direction on Friday, February 10th.

THE Panorama this (Friday) evening, promises to be a fine affair. All bible readin g Christians should attend it, the old as well as young, and we hope to see the church well filled to overflowing. The young should see Ten Nights in a Bar Room, it will do them good. *

NOTICE is hereby given that the Pews in the Evangelical Lutheran Church, of this place, will be sold on Saturday afternoon, Feb. 18th, at 2 o'clock. All of the congregation who feel an interest in the letting of Pews, are requested to attend. By order of the Committee.

GRAND EXHIBITION.—We understand that the M. E. Church of this place, is to have a Panorama of the life of Christ, Pilgrims Progress and Ten Nights in a Bar Room. We hope the people of this place will avail themselves of the opportunity of attending this (Friday) evening. *

THE Columbia County Mutual Saving Fund and Loan Association, will meet on next Thursday afternoon and evening (23d inst.) to pay in and sell the money. It will be the last opportunity to buy stock at the par value.

PILGRIM'S PROGRESS.—This (Friday) evening, we are to have in Bloomsburg a Combination Panorama.—Life of Christ, Pilgrims Progress, and we are expecting a large turn out. Every body is going that has the time, and we want to see the M. E. Church of this place, well filled for once. People can buy tickets of the Sunday School children. Buy one and all. HENRY H. HALL.

LOCAL NOTICES.

LOAN ASSOCIATION Bonds (blank) for sale at this Office.

WE advise our friends to buy the Singer Sewing Machine, they are reliable, and for sale on easy terms at the agency in this place. *

THOSE wishing reliable instruments should call on Prof. NILES. All instruments warranted. Organs from one hundred to seven hundred dollars.

MORE than five hundred thousand Singer Sewing Machines are now in use, and all without a single exception, so far as we know, have proved satisfactory. The sales of the Singers last year was fifty thousand more than any other company in the world.

NOTICE is hereby given that the undersigned, WM. KREAMER, respectfully invites all persons knowing themselves indebted on Book account or Note to call and settle the same before or against the 1st of April next, and save cost. Lumber and grain taken on book account until April next. Settled at Eyer's Grove by

IF you have a bad taste in your mouth, sallowness or yellow color of skin, feel despondent, stupid and drowsy, appetite unsteady, frequent headache or dizziness, you are "Billious," and nothing will arouse your liver to action and strengthen up your system equal to Dr. Pierce's Alt. Ext. or Golden Medical Discovery. Used moderately during exposure to malarial poisons it enables the liver to work off the poison and will thus prevent Ague and Bilious Fevers. It is just the thing for jaundice. As a blood purifier for the cure of Pimples, Blotches, Eruptions, Salt Rheum, Erysipelas and other skin diseases, it has never yet been equalled. Sold by druggists.

ONWARD to perfection has been the aim of the Singer Manufacturing Company during the last eighteen years, by using the best metal, employing the most experienced and skillful machinists, and combining all the valuable patents with the late improvement in their New Family Sewing Machine, giving it the greatest strength with the least possible friction, consistent with the proper execution of a great variety of work; making it at once, the most perfect, durable, and efficient Sewing Machine in the market. Their sales are more than two thousand a week and increasing. Every family should have one. A. J. DORAN is agent for Columbia county.

MARRIAGES.

Unanswerable Arguments.

Established facts are silent arguments which neither pen nor tongue can shake, and it is upon established facts that the reputation of Hostetter's Stomach Bitters, as a health-preserving elixir, and a wholesome and powerful remedy, is based. When witnesses come forward in crowds year after year, and reiterate the same statements in relation to the beneficial effects of a medicine *upon themselves*, disbelief in its efficacy is *literarily impossible*. The credentials of this unequalled tonic and alterative, extending over a period of nearly twenty years, including individuals of every class, and residents of every clime, and refer to the most prevalent among the complaints which afflict and harass the human family. Either a multitude of people, strangers to each other, having annually been seized with an insane and motiveless desire to deceive the public, or Hostetter's Bitters, for no less than a fifth of a century, have been affording such relief to sufferers from indigestion, fever and ague, billiousness, general debility, and nervous disorders, as no other preparation has ever imparted. To-day, *while the eyes of the reader are upon these lines*, tens of thousands of persons of both sexes are relying upon the Bitters as a sure defence against the ailments which the present season engenders, and their confidence is not misplaced. The local potions which interested dealers sometimes endeavor to foist upon the sick in its stead, are everywhere meeting the fate that is due to fraud and imposture, while the demand for the great vegetable specific is constantly increasing.

The above Tabular Statement shows the amount of each kind or class of taxable property in each of the several districts of Columbia county as returned by the Triennial Assessors of 1870, but two districts have returned and valued stocks of any kind, and that is here added to the column of "Money at Interest." It will be seen that some columns are left blank, that is occasioned by the assessors being unable to find anything to put in there.

Notice is hereby given that the County Commissioners, sitting as a Board of Revision, will attend, at their office, in Bloomsburg, for the purpose of finally determining, whether any of the valuations of the assessors have been made below a just rate, according to the intent and meaning of the Act of 27th July, 1841, and to raise, reduce and equalize the same according to law:

February, Monday 13, for the townships of Briarcreek, Berwick and Pine. Tuesday, 14th, for Greenwood, Fishingcreek, Benton, Sugarloaf, Jackson and Mount Pleasant. Wednesday, 15th, for Orange, Madison, Hemlock, Montour and Centre. Thursday, 16th, for Scott, Mifflin, Maine, Beaver, Centralia and Conyngham. Friday, 17th, for Bloom, Catawissa, Roaringcreek, Franklin and Locust, at which time and place, all persons for themselves and districts desiring to be heard are requested to attend.

The returns will be open for inspection, until said revision is complete.

DR. SCHENCK ADVISES CONSUMPTIVES TO GO TO FLORIDA IN WINTER.

Having for the last thirty-five years devoted my whole time and attention to the study of lung diseases and consumption, I feel that I understand fully the course that ought to pursued to restore a tolerably bad case of diseased lungs to healthy soundness. The first and most important step is for the patient to avoid taking cold, and the best of all places on this continent for this purpose in winter, is Florida, well down in the state, where the temperature is regular, and not subject to such variations as in more Northern latitudes. Palatka is a point I can recommend. A good hotel is kept there by Peterman. Last winter I saw several persons there whose lungs had been badly diseased, but who, under the healing influence of the climate and my medicines, were getting well.

One hundred miles further down the river is a point which I would prefer to Palatka, as the temperature is more even and the air dry and bracing. Mellonville and Enterprise are located there. I should give a decided preference to Mellonville. It is two miles from river or lake, and it seems almost impossible to take cold there. The tables in Florida might be better, and patients complain at times but that is a good sign, as it indicates a return of appetite, and when this is the case they generally increase in flesh, and then the lungs must heal.

Jacksonville, Hibernia, Green Cove, and many other places in various parts of Florida, can be safely recommended to consumptives in winter. My reasons for saying so are that patients are less liable to take cold there than where there is a less even temperature, and it is not necessary to say that where a consumptive person exposes himself to frequent colds he is certain to die shortly. Therefore my advice is, go well down into the State out of the reach of pervading east winds and fogs. Jacksonville, or almost any other of the localities I have named, will benefit those who are troubled with a torpid liver, a disordered stomach, deranged bowels, sore throat or cough, but for those whose lungs are diseased a more southern point is earnestly recommended.

For fifteen years prior to 1869, I was professionally in New York, Boston, Baltimore and Philadelphia every week, where I saw and examined on an average five hundred patients a week. A practice so extensive, embracing every possible phase of lung disease, has enabled me to understand the disease fully, and hence, my caution in regard to taking cold. A person may take vast quantities of "Schenck's Pulmonic Syrup, Seaweed Tonic and Mandrake Pills," and yet die if he does not avoid taking cold.

In Florida, nearly everybody is using Schenck's Mandrake Pills, for the climate is more likely to produce bilious habits than more northern latitudes. It is a well established fact that natives of Florida rarely die of consumption, especially those of the southern part. On the other hand, in New England, one-third, at least, of the population die of this terrible disease. The Middle States it does not prevail so largely. If there are many thousands of cases there, we, as a vast percentage of life would be saved if consumptives were as easily alarmed in regard to taking fresh cold as they are about scarlet fever, small pox, &c. But they are not. They take what they term a little cold, which they are credulous enough to believe will wear off in a few days. They pay no attention to it, and hence it lays the foundation for another and another still, until the lungs are diseased beyond all hope for cure.

My advice to persons whose lungs are affected even slightly is, to lay in a stock of Schenck's Pulmonic Syrup, Schenck's Seaweed Tonic and Schenck's Mandrake Pills and go to Florida. I recommend these particular medicines because I am thoroughly acquainted with their action, know that when they are used in strict accordance with my directions they will do the work that is required. This accomplished, nature will do the rest. The physician who prescribes for cold, cough or night-sweats, and then advises the patient to walk or ride out every day, will be sure to have a corpse on his hands before long.

My plan is to give my three medicines, in accordance with the printed directions, except in some cases where a freer use of the Mandrake Pills is required. My object is to give tone to the stomach—to get up a good appetite. It is always a good sign when a patient begins to grow hungry. I have hopes of such. With a relish for food comes digestion of that food, which becomes good blood, and with it more flesh, which is closely followed by a healing of the lungs. Then the cough lessens and abates, the creeping chills and clammy night-sweats no longer prostrate and annoy, and the patient gets well, provided he avoids taking cold.

Now there are many consumptives who have not the means to go to Florida. The question may be asked, is there no hope for such? Certainly there is. My advice to such is, after a cold has been had, to stay in a warm room during the winter, with a temperature of about seventy degrees, which should be kept regularly at that point, by means of a thermometer. Let such a patient take his exercise within the limits of the room by walking up and down as much as his strength will permit, in order to keep up a healthy circulation of the blood. I have given thousands by this system, and can do so again. Consumption is as easily cured as any other disease if it is taken in time, and the proper kind of treatment is pursued. The fact stands undisputed on record that Schenck's Pulmonic Syrup, Mandrake Pills, and Seaweed Tonic have cured very many of what seemed to be hopeless cases of consumption. Go where you will, you will be almost certain to find some poor consumptive who has been rescued from the very jaws of death by their use.

So far as the Mandrake Pills are concerned, everybody should keep a supply of them on hand. They act on the liver better than calomel, and have none of its hurtful effects behind. In fact they are excellent in all cases where a purgative medicine is required. If you have partaken too freely of lard and short
