

THE COLUMBIAN AN DEMOCRAT, BLOOMSBURG, COLUMBIA COUNTY,

The Columbian.
Bloomburg, Friday, March 31, 1871.

Railroad Time Table.
LACKAWANNA & BLOOMSBURG R. R.
Gaiting South. 6:00 P. M.
Gaiting North. 6:00 A. M.

THE COURT ADVERTISEMENTS FOR MAY term appear in this week's COLUMBIAN.

THE NEXT STATE FAIR is to be held in Scranton, September 19th, 20th, 21st and 22d, 1871.

A FARM containing 250 acres belongs to the new Insane Asylum now building at Danville.

REV. JOHN SUTTON of Fishing Creek township, has been appointed Mercantile Appraiser for this county, for 1871.

LLOYD BRITTON was hanged at Williamsport, on Wednesday the 22d inst., for the murder of Jacob Bay, in November last. He died asserting that he was innocent.

TROUT FISHING will commence on the 1st of next month. Legislative enactment prohibits the catching of the speckled beauties, except in the months of April, May, June, and July.

REV. J. R. DIMM, has resigned the charge of the Barron Hill Lutheran Church, in Montgomery county, to accept the appointment of Corresponding Secretary of the Lutheran Board of Publication, in Philadelphia.

Our patrons in the county will always save money by consulting our advertising columns before coming to town to purchase goods of any kind. Those who solicit your custom by liberal advertising will invariably give you bargains in selling your goods.

From every section of country we have the most favorable reports in relation to the appearance of the wheat crop, and it is said the indications of an abundant yield were never more promising. The wheat now looks as green and healthy as it generally does in the middle of April.

MUNICIPAL CREEK R. R.—In the Senate on Tuesday last, Mr. BURKE called up the Governor's veto of the Municy Creek Railroad bill, which after a long debate, was not sustained, and the bill accordingly passed the Senate over the veto of the Governor by a vote of 15 yeas to 9 nays.

We learn from reliable authority, that the Secretary of the company that the first of June to make up their minds what they will do. If they, by that time, still hold out and refuse to resume labor, the mines will then be worked by others who will be ready to enter the shafts, and who will enter under full protection.

SHORT HIMSELF.—A young man about eighteen years of age, named STRICK, son of Nonter township, this county, accidentally shot himself through the abdomen on Sunday last, from the effects of which he expired almost instantly. It appears he was crossing a fence at the time, and in pulling his gun through the lock caught, discharging the gun, and lodging its contents into his body.

HENRY J. CLARK has erected in the large show window of his store room what is known as a "revolving pyramid." It is handsomely constructed, and can be seen constantly in motion, heavily indented with fancy and other goods. We will not pretend to give the principle upon which it is operated, but leave that to be explained by his ingenious constructor, LOUIS BRONKHORST.

THE Williamsport Standard of last week says, in Nipponese, Lyncing county, the scarlet fever has brought twenty-four persons, mostly innocents, to the tomb since the 14th of January. On last Thursday John Yoneda, a good citizen, was killed, leaving in this world a wife and twelve children, and on Friday Mr. Warren Clark was hurt. This valley has had the reputation of being a very healthy locality, but of late disease and death have been reaping their harvest, large and small, with fearful rapidity.

TERRIBLE R. R. ACCIDENT.—On last Tuesday morning the body of SANFORD MILLER, brakeman on the Express Freight, was found lying on the tracks at Watsontown. The right leg was cut off near the body, the left from the leg, and the foot crushed and mangled. The left foot was crushed and mangled, and the left hand the same. The top and back part of the head were knocked off, and lying at some distance from the body. The neck was broken and the breast-bone crushed. The unfortunate man was from Tyrone, to which place his body was sent on Wednesday morning. —*Saturday Gazette.*

YORK COUNTY STEEL OR.—The *True Democrat* says the Bessemer process of making steel is said to have added \$1,000,000 to the wealth of Great Britain. The York process, with the use of Cold-water steel ore, now supercedes the Bessemer process. Recent experiments at Troy, New York, and other places, have proven that Bessemer steel can be made \$20 a ton cheaper by the additional use of Cold-water ore. Old rejected and worthless Bessemer scrap can be reworked and made into very superior steel. The sale of Cold-water ore is becoming extensive. 10,000 tons have been sold in one week.

PROTECTION TO LIVELY SEABIRD KEEPER.—A bill has passed the Legislature for the protection of lively seabird keepers throughout the State. This class of people has long been subjected to losses by parties who have acted as if they had undoubted right to abuse hired teams just as they please. The bill passed declares that persons hiring horses or vehicles from lively stable keepers, who shall negligently injure or destroy property committed to their care, shall be deemed by a fine or imprisonment of twenty-five days in the county prison, or both, at the discretion of the court, and parties to be responsible and answerable for the value of the property injured or destroyed in a suit for debt.

A FIRE at Petroleum Centro, on Thursday, swept the buildings from five acres of ground. The number of dwellings destroyed was eighty-five, and the loss is estimated at \$150,000.

A BIG OXE.—The *Huffman's Journal* says that a pine tree was felled in Clearfield, on the lands of John Dullos, Esq., of Williamsport, from which were cut seventeen logs, sixteen feet long, and containing 7,200 feet of good lumber!

The Lehigh Canal, between Easton and Mauch Chunk, which has been thoroughly cleaned and repaired during the past winter, was opened for navigation on Monday last. The Delaware Division which has also been thoroughly overhauled, will not be ready for boating before next Monday.

SUSPENSION.—A Plymouth correspondent to the *Times* says remission of work is gradually taking place here. Lanes' colliery has been working for more than a month. The Union and Nottingham and the Washington have commenced working recently. The slope, we are informed, commenced Tuesday morning.

MOVING DAY.—Tomorrow will be a big day among the pots and pans. What a time there will be, moving out and moving in! What a rattling and pushing and swearing! What a host of good dinners will be prepared and eaten! How many sad hearts there will be where old family circles have been broken and old homesteads are being left forever—and how many new homes will be crowded full of joyous anticipations for the future! Such is life.

SAD BEHAVIOUR.—A most distressing case of family affliction by death occurred recently in the family of Daniel and Caroline Hoffman, of South Manheim township. Between the 13th and 22d of March five children, ranging in age from five weeks to twelve years, died of scarlet fever, and on the latter date the sixth child was in a dying condition. On the 16th three of the children were buried in one grave. It is useless to express sympathy in a case of such appalling misfortune. —*Luzerne Standard.*

ACCIDENT.—We are informed that Andrew Creasy, son of Jacob Creasy, formerly of Luzerne county, but now of Berneville township, Columbia county, was killed by the explosion of a steam boiler. It appears that young Creasy went out with his father's team to saw mill on the farm to bring home a load of lumber, and while in the net of fueling his wagon the boiler of the mill exploded, taking off one-half of his skull, carrying away a portion of the brain and throwing him very much. The body was found some twenty-five feet from where he was at work, killing him instantly. Deceased was aged 17 years, 1 month and 6 days.

LOOK TO YOUR CELLS.—How few housekeepers there are who appreciate the blessings of pure sun light, most of them keep their windows closed, or partially so, during the entire year, fearing lest the rays should fade the blinds or carpets, or in summer time invite a fly or a beetle to take possession of the house. This is a most grievous mistake, and one that has a pernicious effect upon health. Another great error is the neglect to keep cellars clean and thoroughly ventilated. "The emanations from damp and foul cellars," says a medical journal, "frequently contract the benign influence of pure air and sunlight in our houses. Inattention to the purification of this portion of our dwellings has proved a source of danger, and in many instances causing death." Look to your cells, and admit to them all the air and sunshine possible. See that every nook and corner is cleared of garbage, and the walls thickly whitewashed.

ARREST OF THE SUPPOSED MURDERER OF BENJAMIN YOHE.—It will be remembered that on Friday the 20th of last May, a young man, son of John H. Yohe, of Millville, Columbia county, was murdered near Lees Creek bridge, while on his way from Shenandoah, in this county, where he had been to sell a load of hay and collect some money. When out of Shenandoah about a mile two men jumped into the wagon. When near the bridge and about to get out a declivity the young man descended to look the wagon, and while doing so was shot in the neck by one of the men, inflicting a mortal wound. The young man died before a Justice, and the case was committed before a Justice to be partially described the villains, it is said.

On the 27th of June, a man named Keane, and another known to be Michael Hartzel, of Nesqueh, in Luzerne county, who had been prowling around that portion of Schuylkill and Columbia counties with another fellow named Charles Fredericks, were arrested at Bloomsburg and brought to the Pottsville jail. They were taken to Ringtown, and on the 28th of July, a preliminary examination was held before a Justice, and the evidence against them was found to be sufficient to warrant their detention in the jail.

MARRIAGES.
CHRISTMAN-INGOLD. On the 19th inst., by Rev. P. Allen, Mr. Clark Christianman, of this county, to Miss Mattie M. Ingold, of Millport.

DEATHS.
HARRINGTON. A singular case on the 19th inst., at Ringtown, Pa., of a young man named HARRINGTON, aged 17 years, who died of cholera, after a very short illness.

PROTECTION TO LIVELY SEABIRD KEEPER.—A bill has passed the Legislature for the protection of lively seabird keepers throughout the State. This class of people has long been subjected to losses by parties who have acted as if they had undoubted right to abuse hired teams just as they please. The bill passed declares that persons hiring horses or vehicles from lively stable keepers, who shall negligently injure or destroy property committed to their care, shall be deemed by a fine or imprisonment of twenty-five days in the county prison, or both, at the discretion of the court, and parties to be responsible and answerable for the value of the property injured or destroyed in a suit for debt.

RESOLUTIONS OF CONDOLENCE.
WHEREAS, Our worthy Father has called home Brother T. W. Hutchins, His Rev. and the breaking of this afflictive cord we are made sad, and our hearts rendered affectionate and sorrowful.
Resolved, That we highly appreciate his character as a professional man, a beloved member of our Order, and a Christian gentleman.
Resolved, That we deeply sympathize with his bereaved family, and extend to them the hand of Friendship, Love and Truth.
Wm. R. Browns, N. G. A. C. MILLER, Secretary.

A BIG PLEA FOR LAWYERS.—Some fifty years ago somebody owned 3,000 or 4,000 acres of land hereabouts, which land was then considered of little or no value. The party dying left four heirs; part of these heirs were defrauded of their inheritance, and before the real value of the land became known, the defrauded party had finally died. The descendants now come forward and claim their interest in the estate, which, when taken from their ancestors was a worthless tract of mountain fastness and is now developed into one of the richest tracts of land on the globe, and their interest is supposed to be worth at least \$2,000,000. We have understood that on this disputed tract is located our Borough. —*Hudson News.*

MR. AARON WOLF, who visited this town a few weeks ago and bought nearly fifty fine horses, is here again, buying a second lot, even better than the first. He says that he has sold this lot of horses for a very high price. He is a good judge of horses, and he is a good judge of the value of the land he is buying. He is a good judge of the value of the land he is buying. He is a good judge of the value of the land he is buying.

LOCAL NOTICES.
GREENWOOD SEMINARY.—The Summer term of this Boarding and Select School, located at Millville, in this county, will open on next Monday, April 17th. For terms and particulars, apply to Wm. Burgess, Principal.

FARMERS GO TO SHARPLESS & HARMAN'S and examine their Corn Planters, Cultivators, large and small Iron Beam Plows, and all kinds of Farm Machinery, and see the quality of their goods. They are the cheapest place in the county to buy Cooking Stoves, &c. —*Mar 27-28.*

NEW FIRM.—J. B. KNITTEL and J. S. SHUMAN have leased the Store Rooms in Masonic Hall, Catonsville, and have opened a new branch of their business at this place. They are the cheapest place in the county to buy Cooking Stoves, &c. —*Mar 27-28.*

NOTICE TO CREDITORS.
