Local Legislation.

The following acts, local to this county, were passed at the session of the Legislature just closed:

An act to fix the number of Supervisors of Conyngham township at two. An act to incorporate a Deposite Bank at Catawissa.

An act to authorize the Governor to appoint a Notary Public at Catawissa. An act to regulate the compensation of witnesses in the several courts of Columbia county. (The pay fixed is one opposite the Post Office, where a comdollar per day and mileage.) An act to regulate the fees of Notaries Public in Columbia county.

A supplement to the Bloomsburg act of 4th March, 1870.

An act to incorporate the North and

West Branch Railroad Company. In the general Appropriation bill, as passed and signed, is an appropriation of \$5,000 to Prof. H. D. Walker, in further and final compensation for damages for the removal of the Soldier's Orphan's School from Orangeville.

Hunlock's Creek and Muncy Railroad, A meeting favorable to this project was held at Lairdsville, on the 27th ult. and was addressed by Gen. Buindle and C.A. Bowers, Esq., who pointed out the superior advantages of the proposed Rail Road route, and the necessity of prompt and energetic action on the part of all interested in procuring the construction of the proposed Rail Road.

In order to procure the Patent and a complete organization of the Company, 16,000 shares of stock at twenty-five dollars per share, with one dollar per share paid in at the time of subscribing, is necessary. Parties desiring to contribute towards the expense of a Survey and report can do so, with the privilege of having their subscriptions converted into stock, at any time they may desire to do so.

The Commissioners were present and opened the Stock Books, when a liberal appropriate. They marched through subscription was made to the Stock, and also a very encouraging subscription to be applied to the expense of the survey and report of the same.

The meeting was large and enthusiastic, and manifested a commendable determination to do all in their power to insure a completion of the survey and report of the same, and also to secure will preach at the Baptist Church, in the patent in order to a complete organthe patent in order to a complete organization of the Company.

Another New Railroad. As effort is being made to construct a railroad from Danville to Towarda. The Danville Intelligencer urges efficient aid and adds:

and adds:

"The proposed route passes up Mahoning creek striking the Washington hills, which would have to be tunneled a short distance, thence by Washington-ville and Jerseytown, and follow up the waters of Fishing creek, thence pass through a gorge in the North mountain to reach the head waters of Muney cre k up to Laporte. From Laporte down the head waters of Loyalsock a short distance to avoid heavy cuttings and pass over to Dushore. Here the new road would strike the Erie and Sullivan railroad, partly built and some portion of it in operation, and thus make a direct connection with Towanda."

DECORATION DAY,-Decoration was duly observed by our citizens on Monday, under the auspices of the Patriotic Order of America. During the forenoon, bouquets, wreaths, and flowers were brought to the vacant store room mittee was in waiting to receive and distribute them in bunches for the several graves.

At two o'clock a procession was formed at Market Square with a number of little girls dressed in white. The procession, headed by a martial band, then proceeded to the Presbyterian graveyard on Third street. Thence the lin of march was taken to the cemetery and upon a given signal a young man, ac companied by a young girl in white, proceeded to the respective graves, and upon another signal the fair young hand scattered over the resting places of the sleeping braves the floral offering.

After the ceremony of decoration had been performed, addresses were delivered, by Rev. S. BARNES and Col. S.

KNORR. This affair passed off pleasantly and successfully, notwithstanding the ex-

treme heat of the day. We believe it was also to the satisfaction of everybody, and if any graves of soldiers were overlooked the immediate friends of the soldiers alone are re-

sponsible for the oversight. The Patriotic Order Sons of America deserve great credit for again, as last year, taking this matter in hand and so admirably arranging the programme.

Toward evening the Firemen turned out in force and made a handsome ap pearance. The Engine and Hose Carriage were neatly painted and burnish ed, and the uniforms looked cleanly and several of the principal streets, headed by the Brass Band, and presented a most respectable appearance. The best of order was preserved throughout the day, and we believe no instance of imprope conduct occurred .- Reporter,

remarks of the Troy Daily Times:

Advertising in the right way, and in newspapers that are recognized as the most valuable mediums, 5-ever fails to pay. Always advertise in the best read journals, and those of the largest circulation. When the publisher of a newspaper offers to insert advertisements for little or nothing, shrewd business men need not be told that it is intended as a dead-beat-enterprise—a bait to catch gudgeons. Advertising in such a paper is valueless. Business, is business, and while it is unguestionably for the interest of all dealers to advertise, they may be certain of this fact: that advertising in the popular journal, the best medium for advertising, and paying a fair price for the service, is mostly to be preferred as a money-making enterprise to advertising, and paying an fair price for the service, is mostly to be preferred as a money-making enterprise to advertising in journals that pretend to do the work for little or nothing just to make a show, and to place that party in a nosition where othing just to make a show, and to place that party in a position where other favors may be demanded of them. THE New Family Singer Sewing Machines in daily use, year after year, at the homes of the people, where real merit is the test, has proved to be the best costructed, most durable, simple, and reliable, Sewing Machines that have ever been made, their sales are one thousand sa week more than any one thousand a week more than any other company, without misrepresenta-tions or secret promises being made by their agents.

How to select a Sewing Machine.

First see that it is made on the best plan, by a large and responsible company, who have adopted the late improvements. Second, buy it of a practical machine agent. J. A. Donan and two of his assistants are fully competent to adjust machines and give carefull instructions to all who buy of them.

POLITICS AND PHYSIC .- "Buncombe" Politics and Physic.—"Buncombe" is more periicious in medicine than in politics. The voter who swallows a party falsehood may be cured of his prejudice, but the invalid, drugged with a wretched nostrum, is not so easily relieved. It is more essential that the Dyspeptic, or Bilious sufferer should have the right medicine, than that he should vote the right ticket. Hence the importance of resorting to Hoofland's German' Bitters, or German Tonic, the two established Specifics for Dyspepsia and Biliousness. Sold by all Druggists.

Johnson's Anodyne Liniment will give more relief in cases of Chronic Rheumatism, no matter bow severe, than any other article known to medical men.

M. Seesholtz, M. Seesholtz, M. Seesholtz, S. M. Steeker, M. S It is often remarked by strangers visiting our State, that we show a larger proportion of good horses than any other State in the Union. This we tell them, is owing to two principal reasons; in the first place, we breed from the very best stock; and in the second place, our people use Sheridan's Cwafry Condition Powders, which in our judgment are of incalculable advantage.
