THE breaking up of several insurance companies will have, or ought to have, the effect of making people more careful in selecting their companies in future.

HORSE thieves are doing considerable business in Muncy and neighborhood. Two sorrels, with harness for each, were stolen last week, one of which returned with a broken halter.

THE Lycoming Insurance company has imposed an extra assessment of 12½ per cent. upon its members to meet its losses by the Chicago fire. As there is both a mutual and a stock branch of this company, it would be interesting to the members to know how much each had lost.

ON Friday evening, October 27, Prof. Lighton of the Normal School, will give a musical entertainment in the Hall for the pleasure of his class and the students. An invitation is also extended to the patrons of the school and those of the community who appreciate hearing choice classical music.

To the Columbian: If the *Republican* cannot exist without being a nuisance to its neighbors, conservatism may be justified in abating it; at least that is the opinion of one who is bespattered by its blackguard editor for prohibiting it coming upon his premises.

PREMIUMS AND DIPLOMAS.—Among the premiums and diplomas awarded by the late "Columbia county Agricultural Society," were the premium and diploma awarded to the Gaehle & Co. Piano and Temple Organ. These premiums and diplomas were omitted through some cause or other in the regular list of premiums as published by the Bloomsburg *Republican*.

You can't eat enough in one week to last a whole year, and you can't advertise on that plan either.

A large advertisement once, and then discontinued, creates the impression that the man has fizzled.

Injudicious advertising is like fishing where there's no fish. You need to let the lines fall in the right place.

A constant dropping will wear a rock. Keep dropping your advertisement on the public, and they will soon melt under it like rock salt.

THE Northumberland Baptist Association held its annual session at Milton in the latter part of September. The body is composed of Churches situated in Columbia, Montour, Northumberland, Lycoming, Clinton, Sullivan, Union, Snyder and Cameron counties. The Association has within its bounds 29 churches and 3098 members. Baptisms during the year 202. The benevolent contributions reported amounted to over $25,000. $612 was subscribed in aid of the church at Milton. The Association meets at Watsontown next year.

WHITE VESTS.—It is said there is a mania pervading fashionable swells for white vests with gilt buttons. This is somewhat singular, for swells never do anything within reason, especially in matters of dress. A black coat and pants, with white vest, is the neatest dress a gentleman can wear. We have nothing to say about the gilt buttons, though in modern times they ought not to be objectionable since *brass* forms the stable production of nine-tenths of the fashionable world. If the swells are raging for such a dress as we have described, it is the first time we ever heard of them having common sense.—*Exchange.*

Sunday School Convention.

THE Annual Convention of the Columbia county Sabbath School Association will be held in Espy (Lutheran Church) on Tuesday, Wednesday and Thursday, November 14th, 15th and 16th. This association is composed of *all* denominations of Christians and it is hoped that every superintendent, officer and teacher of Sabbath Schools will feel especially interested in its success. Every school in the county should be represented. Schools can send as many delegates as they choose. All officers and teachers of Sabath Schools and all ministers are entitled to membership and are cordially invited to take part in the work. "In the multitude of Counsellors there is safety." Let us have a full turn out of the friends of the cause. Delegates will be entertained by the citizens of Espy. Eminent Sabbath School workers will assist us. Superintendents will please send to N. RICHART, Espy, Pa., for blank reports to be filled up for the Convention.

By order of the Executive Committee.

J. B. ROBISON,
N. RICHART, Sec. President.

IT is now estimated that the city of Chicago has suffered a loss of not less than twenty nor more than twenty-five per cent. on her total assets, real and personal. Her most shrewd business men express it as their conviction that five years hence, at most, the exhibit of population, wealth, commerce, and manufactures will be even greater than a month ago; an opinion in which we fully concur.

CHICAGO NOTES.—It is indeed an ill wind that blows nobody good. It is said that there is not a single indictment left against any accused person in Cook county, Illinois, which is certainly a piece of good fortune for some rogues. But, on the other hand, the lawyers have suffered severely. Hardly a law library or law office is left; not a paper to show that there is a suit pending in any of the six courts of the county; not a judgment, not a petition in bankruptcy in the federal courts. And worse yet, so far as is known, all the records of deeds and mortgages are destroyed.

CHICAGO.

THE ACTUAL STATE OF AFFAIRS.

Interesting and Reliable Statistics.

The Chicago *Tribune*, of October 19th, has the following:

WHAT IS SPARED US.

"Our columns have been so extensively occupied during the past week with reports of the enormous losses of life and property in the late fire that there is some danger that the damage sustained will be over-estimated. True, we have seen 2,500 acres in the most central portion of the city swept bare, 20,000 buildings destroyed, and 100,000 persons rendered homeless, the total pecuniary loss being not less than

THREE HUNDRED MILLION DOLLARS:

but we have still a great deal left. We may roughly estimate the situation as follows:

"Above 50,000 persons have left the city; population remaining, 250,000.

"Five grain elevators were burned, with 1,600,000 bushels of grain; leaving us with eleven grain warehouses intact, containing 5,000,000 bushels.

"One-half of our stocks of pork products were burned up, with the same proportion of flour.

"Of lumber, 50,000,000 feet were burned; the stock remaining is 240,000,000 feet.

"Of coal, 80,000 tons were burned up; we have 79,000 tons on hand.

"Our stock of leather was decreased one-quarter, the value of that burned up being $95,000.

"The greater portions of the stocks of groceries, dry goods, and boots and shoes were burned up, with more than one half the ready made clothing; but the quantities destroyed were scarcely equal to more than a three weeks' supply, and are now being rapidly replaced.

NOT MORE THAN TEN PER CENT

of the currency was destroyed by the fire; we have 50,000 houses left standing, and our real estate could not burn up.

"A careful average of these larger items, with smaller ones that need not be enumerated, shows that the city of Chicago has suffered a loss of not less than 20, nor more than 25, per cent. on her total assets—real and personal. The loss is a great one; but, so far from irretrievable, that we may confidently hope to see a return to former prosperity ere long. The ratio of increase during the past thirty-four years has averaged 10¼ per cent. per annum. This rate would restore the status of a month ago within three years. Making every due allowance for the terrible set back experienced, there can be no doubt that

FIVE YEARS HENCE,

at most, the exhibit of population, wealth, commerce and manufactures will be greater than a month ago. Already the city is rising from its ashes at a rapid rate, thanks to the large-hearted liberality of our countrymen everywhere, and the resistless energy of our own citizens. Let the faint-hearted ones take courage; the real workers have not wasted a moment in regret; after have repaired their losses there will be no occasion for it.

ATROCIOUS FABRICATIONS.

"The papers of the Eastern cities are publishing personal experiences of persons professing to have been sufferers by the fire in this city. These stories are for the most part fabrications. The descriptions given of murders and rapes by bullies, thieves, and ruffians, during the progress of the fire, are

WRETCHED INVENTIONS.

"A respectable New York paper gives room to a long recital of the narrow escape of 200 abandoned women from their lodgings in Reynolds' Block. The pictures of obscenity and profanity are drawn by an expert, but are wholly destitute of truth. No woman of that or any other class, occupied rooms in that block. The fire was horrible enough in all its details; there was a full share of the selfishness and heartlessness peculiar to human nature; there were frequent cases of drunkenness and indifference to the impending calamity, but there was no general brutality, fiendishness, nor crime. The thousand stories of incendiarism and crime during the progress of the fire

ARE GROSS EXAGGERATIONS,

perversions or pure fabrications. There was little time for stealing; the fire was too close upon the heels of honest men and thieves, and but little even of what was stolen could be carried off.

"The news of the fire brought hither

THOUSANDS OF THIEVES

from other cities; but these did not reach here until Wednesday and Thursday, and by that time public vigilance had been aroused, and their stay was short and unprofitable. The suffering of our people was terrible enough; it needs no exaggeration to make it the most extensive scene of human misery; but for the credit of common humanity we desire to stamp these stories of murder and other no less atrocious crimes as false in every particular.

THE DISTRIBUTION OF SUPPLIES.

"The system of relief inaugurated on Tuesday appears now to be working with the most gratifying smoothness, for which the Relief and Aid Society is deserving of the warmest admiration. Though colossal in its proportions, and labyrinthine in its intricacy, it is almost self-directing. The impulse once given, every piece of machinery is set in perfect motion. By Saturday, it is believed that every applicant will be recognized and registered; every bushel of flour, every pound of meat, every cent of money, will be also registered, and its distribution strictly accounted for.

"Meantime, the amount of provisions in store at the great depots is gradually diminishing. At the warehouse of

TOBEY AND BOOTH,

corner of Grove and Eighteenth streets, a very large quantity of provisions is in store. The warehouse is a model of neatness and order, and is carefully guarded. The work of receiving here was entrusted to General Hardee, United States army. He has endeavored, as much as possible, to concentrate the depots. There are, at present,

THREE GENERAL RECEIVING CENTRES,

the warehouse referred to, Shaw's packing house, at the foot of Twenty-first street, and the West Side Rink. These contain all the provisions in the city, and supply the direct centres on orders.

THE SUPPLIES AT PRESENT.

"There are at present in store the following supplies: Flour and breadstuffs, 2,000 barrels; meat, 30,000 pounds; stores, 300; blankets, 20,000; clothing, 550 cases; potatoes, 6,500 bushels; mattresses, 600, and a large amount of soap and miscellaneous articles. From this it will be seen that, while there is a large and promising supply of breadstuffs, the meat and small groceries are not as plentiful as could be desired. However, a rigid economy will be brought to bear, and none but the needy will be assisted. There are at present rations for 150,000 persons for one day, or for about 75,000 persons for four days, which is supposed to be an approximate estimate of the number needing succor.

SHELTER.

"A view of the headquarters of the various committees yesterday was particularly promising. All are hard at work, and everything is going on with the regularity of clockwork. The shelter committee has on hand about 1,000 applications for building materials, while over 150 orders have already been issued. A very large number will be given to-day, the applications having been subjected to an examination, and a large number found deserving.

NEVERMORE! NEVERMORE!—Is the sad exclamation of the invalid, who has abandoned, for some worthless compound, a sterling medicinal preparation. If any sufferer from Dyspepsia, Constipation, Biliousness or Debility, has been lured, in a Weak moment from either of those two sovereign Vegetable Specifics, *Hoofland's German Bitters*, or *Hoofland's Tonic*, and induced to "run after strange gods," "Nevermore! Nevermore!" is his cry, as he returns disgusted to the standard remedy. Sold by all druggists.

TRUST WHAT TIME HAS SANCTIONED.—The maxim that the voice of the people is the voice of the divinity, may in some cases, be open to doubt, but the testimony of honest and enlightened witnesses extending through a series of years, and all to the same purport, is worthy of credence, admits of no question. Upon such testimony the reputation of Hostetter's Stomach Bitters as an antidote and cure for many ailments is based. During the twenty years that it has been before the world, innumerable preparations intended to compete with it, have gone up like rockets, and come down the extinguished sticks. Meanwhile the progress of that incomparable tonic has been swift and steady—always upward and onward like the eagle's flight. Its introduction produced a revolution in therapeutics, and it proved to be one of those salutary revolutions that cannot go backwards. To-day Hostetter's Bitters is one of the most popular remedies in christendom, and commands a larger sale than any other medicinal preparation, domestic or imported, on this side of the Atlantic. As a cure for dyspepsia, bilious disorders, nervous affections, general debility, and as a preventive of epidemic fevers, it takes precedence of every other remedy. This fact should teach the ambitious country dealers who endeavor to foist their local abortions on the public in its stead, how futile their small attempts to cajole the community must necessarily be. Where the game fish have failed there is no chance for the "suckers."
