A FEW citizens have placed a lamp-post on the Square near Moyer's Drug Store. This action is commendable, and much annoyance would be saved, if the example was generally followed.

THE County Commissioners of Columbia county made the following appointments for 1872:

Attorney, Col. J. G. Freeze; Clerk, Wm. Krickbaum; Mercantile Appraiser, Casper Rahn, of Catawissa.

ON Monday Senator Buckalew and Capt. Brockway, left for Harrisburg to attend to their duties as Representatives. The Legislature met on Tuesday. They will generally be at home on Saturdays.

WE are now beginning a new volume, and all of our friends who have not subscribed to the *Columbian* should do so at once. Our circulation *should be* 3,000, and with a little effort can be made to reach that figure. Let each one *try*.

IT is remarkable how much the grading of the sidewalks has improved that part of the town between the "Forks Hotel," and the rail-road. Property has increased in value, while the comfort to pedestrians cannot be estimated. Other property owners should move in the matter.

A MARKET.—A Petition for a "curb stone" market in this place has been largely signed and presented to the Town Council for action. The object is to have certain market days for the producers and consumers, and to prohibit open sales on other days. It is argued that it will prove a benefit to the farmers and to our citizens.

SMALL POX.—There is not a single case of small pox in Bloomsburg, nor has there been for years. All stories to the contrary are sensational. We have heard of but one case in the county, and that was John White of Light Street, whom Dr. Evans reports nearly well, and beyond fear of carrying contagion.

OUR thanks are due to those of our friends who have come forward so promptly and have paid their subscriptions in advance. The list of new subscribers is encouraging. We have dropped about one hundred names for the reason that they have not paid a dollar for several years. If they are too poor, we have donated enough; if they are unwilling, we have wasted long enough.

THE Trustees of the Normal School have secured the services of George Elwell as one of the Faculty. His position as teacher in the Academy has been filled by the appointment of M. E. Walker. The promotion of Mr. Elwell, is a deserved one and will much strengthen the corps of teachers at the Normal School. Mr. Walker's selection was also judicious.

THE Stockholders of the Bloomsburg Banking Company met at their office on Tuesday last, and elected Daniel Snyder, President, and J. J. Brower, Secretary, and upon proceeding to an election of Directors for 1872, the following named gentlemen were duly elected: John A. Funston, Joseph Sharpless, Wilson M. Evts, Charles Conner and John G. Freeze. The Board then met and organized by electing John A. Funston, President, and Harvey H. Grotz, Cashier. A dividend of four per cent. was declared.

THE ATTENTION OF CARPENTERS AND CONTRACTORS SOLICITED.—As the rebuilding of Heidler's Church, located in Centre township, has been determined upon by proper authorities, there will be a meeting held at that place on the 13th of January 1872, at 2 o'clock P. M., for the hearing of proposals from contractors. The lowest responsible bidder shall receive the contract. We hope all interested in this enterprise will be present at the specified hour. By order of Committee.

THE Grand Lodge of Pennsylvania A. Y. M., met in Philadelphia on Wednesday of last week. Samuel Perkins was installed R. W. G. M., and C. F. Knapp was appointed D. D. G. M., for the counties of Columbia, Montour and Wyoming.

The Grand Chapter met at the same place; the evening of the same day, C. E. Meyer was installed as M. E. G. H. P., and C. F. Knapp was appointed D. D. G. H. P., for the counties of Columbia, Montour, Northumberland, Union, Snyder, Lycoming, Clinton and Centre.

THE D. H. & W. R. R.—We are glad to announce the completion of this important enterprise. While no county was more interested in it than Columbia, she has done less than any other to aid it. It gives our farmers and business men a direct opening to Hazleton and vicinity, heretofore almost inaccessible by rail-road. We trust the Superintendent will keep the public fully informed as to the time table, &c. The work was accomplished under great difficulties, and the fact of its completion should encourage the friends of the North and West Branch R. R., and the Hunlock's Creek & Muncy R. R.

THE CATAWISSA BANK.—For over a year our enterprising neighbors across the river have been hatching a "Deposit and Saving's Bank." A Charter for this purpose was obtained last winter, and a meeting to complete arrangements was held at Catawissa, on Wednesday evening last week. It was decided to put up a suitable building at once on the lot owned by George Scott, and to commence operations as soon as possible. The capital stock—$50,000—was taken at once, and no shares are in the market. We believe the enterprise to be a judicious one, and that it will not only yield a handsome profit to the stockholders, but be a great convenience to the people south of the river.

SEND us promptly all items of local interest.

MASONIC.—On last Wednesday evening—St. John's day—the following officers were installed at Catawissa, viz:

Catawissa Lodge, No. 349—W. H. Ellis, W. M.; William Williams, S.W.; S. D. Rinard, J.W.; G. S. Gilbert, Treasurer; C. Ellis, Secretary.

Catawissa Chapter No. 178—A. V. Cool, M. E. H. P.; C. B. Brockway, King; J. M. Glick, Scribe; G. S. Gilbert, Treasurer; C. Ellis, Secretary.

The previous week C. F. Knapp installed the following officers of Mt. Moriah Council, No. 10, of Bloomsburg, Pa., viz:

C. B. Brockway, T. I. G. M.; J. B. Robison, I. C. R. T.; J. C. Rutter, I. C. P. C. W.; J. J. Brower, Treasurer; C. F. Knapp, Secretary.

IF you want to get the easiest running and best made farm wagon with oiled fellows go to Low & Robbins at Orangeville. 1t.

AN instance showing the importance of recording deeds within six months from the time of their execution, has just occurred in Delaware county, which it will be well to heed here. Property was purchased by one brother from another, and the money paid in monthly instalments. In the meantime the seller failed, and the deed of the purchase not being on record, the same property has been seized by the sheriff, and the probabilities now are that the rightful owner will lose it.

IF you want a Shawl cheap for cash go to I. W. Hartman's.

THE liquor license laws promise to be fruitful subjects of legislation at the coming session of the legislature.

THE second week of January is to be observed as a week of prayer by all evangelical denomination.

I. W. Hartman is getting in a large lot of White Stone Ware, to be sold for $3.75, $4.00 and $4.25 a set.

NOTICE.

The Books of H. L. Dieffenback, late publisher of the *Columbian*, have been left with the undersigned for immediate collection. All amounts for Job work and advertising that are not paid at or before February Court are directed to be then collected by law. All subscriptions that are not paid before the 1st day of April, 1872, are also directed to be collected by law after that date.

THE CROUP SEASON.—This is the croup season, and as croup season, and as croup is a disease that requires more prompt relief than can be afforded by the physician, who has to be sent for, it will be well to bear the following simple remedy in mind: Take the white of an egg, stir it thoroughly into a small quantity of well-sweetened water, and give it in repeated doses until a cure is effected. If one egg is not sufficient, a second or even a third one should be used.

THERE is, probably, no way in which we can benefit our readers more than by recommending to them for general use *Johnson's Anodyne Liniment*. It is adapted to almost all the purposes of a Family Medicine; and as a specific for coughs, colds, whooping cough, soreness of the chest, lame stomach, rheumatism, spitting of blood, and all lung difficulties, it has no equal that ever was or heard of.

THE propriety of giving condition medicine to horses, cattle and sheep, was discussed and admitted by many of the Agricultural Societies throughout the State last Fall, and we believe that in every case but one they decided in favor of *Sheridan's Cavalry Condition Powders*. Good judgment.

THE GREAT PITTSBURGH ANNUAL.—Hostetter's United States Almanac for 1872, for distribution, gratis, throughout the United States, and all civilized countries of the Western Hemisphere, will be published about the first of January, in the English, German, French, Norwegian, Welsh, Swedish, Holland, Bohemian and Spanish languages, and all who wish to understand the true philosophy of health should read and ponder the valuable suggestions it contains. In addition to an admirable medical treatise on the cause, prevention and cure of every variety of diseases, it embraces a large amount of information interesting to the merchant, the mechanic, the miner, the farmer, the planter, and professional man; and the calculations have been made for each meridians and latitudes as are most suitable for a correct and comprehensive National Calendar.

The nature, use, and extraordinary sanitary, effects of Hostetter's Stomach Bitters, the staple home and alterative of more than half the Caribbean world, are fully set forth in its pages, which are also interspersed with pictorial illustrations, valuable recipes for the household and farm, humorous anecdotes, and other instructive and amusing reading matter, original and selected. Among the Almanacs to appear with the opening of 1872 year, that of the Bitters will be welcome, and may be *had for the asking*. The Proprietors, Messrs. Hostetter & Smith, Pittsburgh, Pa., on receipt of name and post office, will forward a copy by mail to any person who cannot procure one in his neighborhood. The Bitters are sold in every city, town and village, and are extensively used throughout the civilized world.

THE CAUSE AND CURE OF CONSUMPTION.
The primary cause of Consumption is derangement of the digestive organs. This derangement produces defficient nutrition and assimilation. By assimilation I mean that process by which the nutriment of the food is converted into blood, and thence into the solids of the body. Persons with digestion thus impaired, having the slightest predisposition to pulmonary disease, or if they take cold, will be very liable to have Consumption of the Lungs in some of its forms; and I hold that it will be impossible to cure any case of Consumption without first restoring good digestion and healthy assimilation. The very first thing to be done is to cleanse the stomach and bowels from all diseased mucus and slime, which is clogging these organs so that they cannot perform their functions, and then rouse up and restore the liver to a healthy action. For this purpose the surest and best remedy is Schenck's Mandrake Pills. These Pills clean the stomach and bowels of all the dead and morbid slime that is causing disease and decay in the whole system. They will clear out the liver of all diseased bile that has accumulated there, and rouse it up to a new and healthy action, by which natural and healthy bile is secreted.

The stomach, bowels, and liver are thus cleansed by the use of Schenck's Mandrake Pills; but there remains in the stomach an excess of acid, the organ is torpid and the appetite poor. In the bowels the lacteals are weak, and requiring strength and support. It is in a condition like this that Schenck's Seaweed Tonic proves to be the most valuable remedy ever discovered. It is alkaline, and its use will neutralize all excess of acid, making the stomach sweet and fresh; it will give permanent tone to this important organ, and create a good, hearty appetite, and prepare the system for the first process of a good digestion, and ultimately make good, healthy, living blood. After this preparatory treatment, what remains to cure most cases of Consumption is the free and persevering use of Schenck's Pulmonic Syrup. The Pulmonic Syrup nourishes the system, purifies the blood, and is readily absorbed into the circulation, and thence distributed to the diseased lungs. There it ripens all morbid matters, whether in the form of abscesses or tubercles, and then assists Nature to expel all the diseased matter, in the form of free expectoration, when once it ripens. It is then, by the great healing and purifying properties of Schenck's Pulmonic Syrup, that all ulcers and cavities are healed up sound, and my patient is cured.

The essential thing to be done in curing Consumption is to get up a good appetite and a good digestion, so that the body will grow in flesh and get strong. If a person has diseased lungs, or a cavity or abscess there,—the cavity cannot heal, the matter cannot ripen, so long as the system is below par. What is necessary to cure is a new order of things,—a good appetite, a good nutrition, the body to grow in flesh and get fat; then Nature is helped, the cavities will heal, the matter will ripen and be thrown off in large quantities, and the person regain strength. This is the true and only plan to cure Consumption, and if a person is very bad, if the lungs are not entirely destroyed, or even if one lung is entirely gone, if there is enough vitality left in the other to heal up, there is hope.

I have seen many persons cured with only one sound lung, live and enjoy life to a good old age. This is what Schenck's Medicines will do for you. Consumption. They will clean out the stomach, sweeten and strengthen it, get up a good digestion, and give Nature the assistance she needs to clear the system of all the disease that is in the lungs, whatever the term may be.

It is important that while using Schenck's Medicines, care should be exercised not to take cold; keep in-doors in cold and damp weather; avoid night air, and take out-door exercise only in a genial and warm sunshine.

I wish it distinctly understood that when I recommend a patient to be careful in regard to taking cold, while using my Medicines, I do so for a special reason. A man who has his partially recovered from the effects of a bad cold is far more liable to a relapse than one who has been entirely cured; and it is precisely the same in regard to Consumption. So long as the lungs are not perfectly healed, just so long is there imminent danger of a full return of the disease. Hence it is that I so strenuously caution pulmonary patients against exposing themselves to an atmosphere that is not genial and pleasant. Confirmed Consumptives' lungs are a mass of corruption, which the least change of atmosphere will inflame. The grand secret of my success with my Medicines consists in my ability to subdue inflammation instead of provoking it, as many of the family do. An inflamed lung cannot, with safety to the patient, be exposed to the biting abrasive Winter of the chilling winds of Spring or Autumn. It should be carefully shielded from all irritating influences. The utmost caution must be observed in this particular, as well as that it is cure under almost any circumstances is an impossibility.

The patient should be kept on a wholesome and nutritious diet, and all the Medicines or nutriment the body has restored to it the natural quantity of flesh and strength.

I was myself cured by this treatment of the worst kind of Consumption, and have lived to get fat and hearty three many years, with one lung nearly gone. I have cured thousands since, and very many have been cured by this treatment whom I have never seen.

About the first of October I expect to take possession of my new building, at the Northeast Corner of Sixth and Arch Streets, where I shall be pleased to give advice to all who may require it.

Full directions accompany all my Remedies, so that a person in any part of the world can be readily cured by a strict observance of the same.
