

The Columbian. BLOOMSBURG, PA. Friday, January 12, 1872.

Democratic Policy. Many of our Democratic journals and statesmen are at present earnestly discussing the question "what policy should the Democratic party pursue in the pending Presidential contest?"

The policy of nominating a conservative Republican has more supporters, and the arguments are based on more solid grounds. But we do not favor this. Thousands of Democrats would refuse to vote for such a ticket, and experience has taught us that the number of recruits from the opposition would be very small.

James Fish, Jr. The cold blooded murder of Col. Fish by Edward Stokes, on Saturday last, has sent a thrill of horror throughout the country, and in the terrible manner of his death, his misdeeds are forgotten.

The "Green-Short" Case. It was widely proclaimed by the Republican press previous to the meeting of the present Legislature, that their members, being in the majority would set the example of moderation and fairness.

Nothing is more common in war, (to which political strife is akin,) than the acceptance of aid from an ally, or from those whose interests lie in the defeat of the opposing power; but it seldom occurs that the main contestant yields the leadership of his forces to his transient friend.

We would not refuse the aid of those who are dissatisfied with the corruption and nepotism of Grant's Administration—with his bayonet rule, San Domingo speculations, or horse-jockey proclivities; but on the contrary would construct a broad and liberal platform, and nominate a man as pure and able as any on the opposite side.

The Custom House Investigation. The investigation into the management of the New York Custom House has brought to light an amount of fraud and imposition which would be startling in any other age than the one in which we live.

The House several nominations were made for State Treasurer, as follows: Mr. Buck nominated Mr. R. W. Mackey. Mr. Lusk nominated Mr. James H. Stewart. Mr. Poliser nominated Mr. Charles Broadhead.

From the report of the Superintendent of Soldiers' Orphans, it appears that there have been issued 70 orders for admission to the Orphans' schools, to children from Columbia County. The following statistics relative to the religious belief of the children in 3,607 children actually in school June 1, 1871, the fathers of 3,948 are reported as members of some church, leaving 559 unconnected with church or not reported.

THE MESSIAH. The messenger of the bank of New York had his pocket picked on Friday of eight drafts amounting to \$30,000, in the office of Brown Brothers & Co. No arrests.

BALTIMORE was greatly excited on Saturday over the brutal murder of Dr. Merriam Cole, a retired physician. The victim was found lying dead in his office, which is located in the most thickly settled portion of the heart of the city.

LAURA FAIR who was convicted on Saturday over the brutal murder of Dr. Merriam Cole, a retired physician. The victim was found lying dead in his office, which is located in the most thickly settled portion of the heart of the city.

The Governor's Message. We have published the Governor's Message this week, omitting only some matters too trivial for notice, for the purpose of keeping our readers fully informed on the questions of the day.

The Legislature. Both branches of the Legislature met on Tuesday last week. The Senate, owing to the death of Senator Connell, of Philadelphia, stood sixteen Democrats to sixteen Republicans. Speaker Broadhead at once issued a writ to hold an election to fill the vacancy, this holding the prospect of our opponents. It was in the power of the Democrats to have prevented an organization until next year, but to their good he said they preferred the public interests to partisan advantage.

On Thursday Senator Rutan, Republican, was elected by the vote of Senator Buckalew. In giving this vote Mr. Buckalew said: "The time has arrived when the necessity of the case demands the election of a Speaker, I am authorized by my Democratic colleagues to vote in such a manner as to produce the result. Nothing could be gained by prolonging this amicable controversy. My colleagues have thought proper to exhibit their magnanimity by bringing it to a conclusion. I may add that our proposition extends only to the single election of a Speaker." None of the other officers have been selected.

On Saturday Dec. 30th, in Rochester a negro named Howard, dragged a little girl about two years of age, endeavored to break into the jail and kill him, and the military were ordered out for the protection of the building. The soldiers being pressed by the crowd fired a volley killing two men, mortally wounding two more and severely injuring several others. Howard was subsequently sentenced to twenty years imprisonment and is now in the State Prison at Auburn jail to have escaped with his life.

There is great excitement in New Orleans over the fight between the Grant and anti-Grant parties each claiming the leadership of the Republicans. There are two thousand United States troops in the city ostensibly to quell a riot should such arise but in reality to overawe Gov. Warmoth and his friends who are opposed to Grant. The Custom House party under Grant's brother-in-law Casey are prepared to go to any extreme to carry the State for Grant. Gov. Warmoth has sent a despatch to the President denouncing the action of the Custom House party and the State officials and the President has promised a severe investigation. Two Legislatures are now sitting.

CONGRESS. In the Senate, Monday, Senator Schurz replied to an article in the New York Times, which, as might be expected, was shown to contain many inaccuracies as statements. Mr. Fenton spoke at length on the bill to regulate the service in the collection of customs at the various ports of entry in the United States, and dispositions of fines, penalties and forfeitures incurred under the laws relating to customs. He pointed out many gross acts of injustice perpetrated under the present system, quoting the Civil-Service Commissioners to show that one-fourth of our revenue, or \$90,000,000, was lost in its collection. He argued in favor of a thorough civil-service reform and permanency of office-holding.

In the House several important bills and resolutions were introduced. In a discussion of some land jobs Mr. Wood asserted that the retirement of Attorney-General Akerman was brought about in consequence of his giving an opinion adverse to the land jobs in which certain big names were interested.

Congress on Tuesday was very dull. The Senate again attempted to patch the Civil Rights bill. Very severe charges were preferred against Senator Clayton of Arkansas. In the House the charges implicating Senator Clayton & Mr. Edwards, of Arkansas, were referred in the case of the latter to the Elections committee. The new Coinage bill was reported.

In the Senate, Wednesday, Mr. Cameron reported a bill to admit six Japanese youths to West Point Military Academy which was opposed by Mr. Thurman.

In the House a sharp discussion took place on the Coinage Bill. In the Text-contested election case W. T. Clarke was declared entitled to the seat and was sworn in.

erment having no resources is powerless to relieve the widespread distress. JAMES FISK, Jr., Vice President of the Erie R. R., Col. of the N. Y. Ninth Regiment and well known throughout the country as a daring financier was shot in New York on Saturday by Edward Stokes and died the following day. Stokes was arrested and is now in custody. Great excitement prevailed and threats of lynching were freely indulged in. The funeral was largely attended in Trinity Church, the entire people being on the streets and it is estimated that fifty thousand viewed the remains. He was buried at Bennington, Vt.

A DESTRUCTIVE fire occurred at Titusville, on Sunday morning, by which twenty buildings in the heart of the city were destroyed. The principal buildings burned were the Sherman House, Petroleum Hall, and Commercial Block. The loss is \$100,000. The insurance is about \$50,000. The Assistant City Engineer fell from a ladder, fracturing both kneecaps.

The total-absentee men are to hold a national mass convention at Cleveland on the 22d of February to make nominations for the Presidency and Vice-Presidency of the United States. It need not be remarked that the movement is decidedly and avowedly anti-Grant, and, therefore, entirely distasteful to the old Republican organs.
