

The Columbian. BLOOMSBURG, PA. Friday, March 15, 1872.

The Cincinnati Convention.

From its beginning the Republican party has persistently contended that only such measures as originated with itself could prove of lasting benefit to the country...

It is not to be supposed therefore that this arrogant party can look with favor upon the Convention of Liberal Republicans to be held in Cincinnati in May next...

It would be laughable were it not pitiable to see the subservience of certain Republican newspapers to "the party" and "the party's" chief.

It is nonsense to talk of "the President's policy" in speaking of Civil Service and Revenue Reform, Retrenchment or anything else.

It is not a question of "the party" but of the nation. The President's policy is to protect the inviolable correctness of his administration...

When the Senate of Louisiana, at New Orleans, adjourned Thursday night, Lieut. Gov. Pinchbeck, being called upon for a speech, said: "I thank you for your courtesy in requesting me to address you..."

Senator Sumner Will Never Vote for Grant. Mr. Bowen, the editor and proprietor of the New York Independent has been in Washington for several days canvassing public opinion.

Senator Sumner said: "I am satisfied that Grant is a dishonest man. That is sufficient to justify me in saying most positively that I can not and shall not support him."

Senator No. 215, entitled a supplement to the act of January seventh of April one thousand eight hundred and sixty-four, relative to costs in cases of partition...

The Alabama Claims. The following is a summary of the claims against Great Britain for losses by the Confederate cruisers, which were filed by the American Commissioners of the Geneva Conference under the Washington Treaty:
