THE forests of many of our States are rapidly diminishing, and this is par-ticularly stated of the pine forests of Pennsylvania. For ten years past the consumption of timber to supply the numerons saw-mills of Williamsport consumption of limber to supply the numerous saw-mills of Williamsport alone has been immense. The amount of logs rafted out of the boom for the present season will cut over 215,000,000 feet of boards. It is safe to assume that 300,000,000, feet are annually manufac-tured at Williamsport. If we go back ten
